Doo-Dad Martha Hostnick, 2017-06-05 Doo-Dad, a feral cat who took a chance on love Doo-Dad was an abandoned cat living on the streets and alleys and under vacant homes with crawl spaces. I found him hiding between the fence of our property and that of the church property next door. He was covered in dirt and was very thin. His ears were folded down, which led me to believe he was a Scottish Fold cat. I walked toward him with a bowl of food, but he ran across the alley and under a vacant home. He wouldn't come out to eat until I left the yard and was back onto my back porch. I continued to feed this feral cat each day, morning and evening, talking to him while he ate so he would get used to my voice. As he looked deeply into my eyes each day, I fell in love with him, and something spoke to my heart. I knew I had to rescue this little cat no matter how long it took to save him. Doo-Dad fought to stay alive every day as was evident by the multiple injuries he had on his face and ears. He had an injury on the top of his head where he had been scalped from ear to ear. The fur on top his head was dangling, and you could see an open wound. It was urgent now that we try again to find a way to catch him and get him to a vet. This story is about Doo-Dad's two-year journey from a feral cat to a loving member of our family and chronicles the daily process that we went through to get him medical care and gain his trust. This was not an easy process as he constantly bit and scratched me even though I knew it was not out of meanness but fear. His courage through this entire process and his willingness to

overcome fear and learn to trust and accept love has touched the hearts of all who knew him.

The Riddle of OZ Robert A. St. Thomas, 2020-09-02 Book Delisted

The Encyclopedia of Old Fishing Lures Robert A. Slade, 2011-12 Robert A. Slade, after collecting old fishing tackle since 1958 and contributing articles on old fishing lures for a collector

magazine for several years started researching and writing books in the 1990's. He published the HISTORY & COLLECTIBLE FISHING TACKLE OF WISCONSIN in 1999 which sold 4,500 copies. Bob realized that even though there have been many books published on the subject of old fishing lures that few books covered any detailed history on the old lure makers. His latest book writing project was nine years in the making and covers over 100 years of lure making history starting in 1875 and covers over 2,500 lures makers throughout all of North America. THE ENCYCLOPEDIA OF OLD FISHING LURES MADE IN NORTH AMERICA is the first publication with extensive history and patent information on old lure makers and the first to include extensive coverage on Canadian lure makers. The author traveled to 11 states and 3 Candian Providences visting collectors homes, newspaper archives, museums and other sources and has taken over 10,000 pictures in preparing the historical stories for these books. The set of books arranges for the individual and company lures makers to appear in alphabetical order. People purchasing these books can buy any one single book, a whole set, or even a book a month if they desire as the books will be printed and shipped on demand. Each book has over 400 pages of text, pictures and collector values with each book containing a table of contents and index as well as a master index for the complete set of books.

Chipper Unleashed! My Life As a Therapy Dog Dropout Michelle Jansick,2016-03-07 In this pawtastic second book of Chipper's autobiDOgraphy series, the wonderfully imperfect pup is on a mission to change the world and prove that our failed dreams don't make us failures. Chipper's exciting true tale begins with a move to the Colorado Rockies-- land of wildflowers, bluebirds, rabbits, squirrels, deer, bears, and mountain lions! The busy, brown-eyed mutt has trouble dividing her time between digging, hiking, squirrel surveillance, book signing events, television appearances, newspaper interviews, nursing home visits, paw-painted art auctions, a High Five Challenge event, Poop Bingo, and a suspenseful bird murder trial (of which she is the prime suspect). Chipper's nonstop schedule continues with the help of her younger sister, Cheyenne, as they teach important dog skills to a neverending stream of foster puppies: Anna Banana, Lupo, Droopy, Little Bear, Timber, and many more. Chipper's story will inspire you to just be yourself and use your talents to make the world a brighter place.

The Last Giddy-Up B.J. Vandeventer,2022-02-03 The Last Giddy-Up is a tale of a young farm girl spirited away by a professional rodeo cowboy. Never being far from home and not realizing what her life was to be, she entered into the relationship with dreams of excitement and travel, only to be awakened to the knowledge she had married a bitter and sadistic man. The author

weaves the reader through her childhood, experiencing an out-of-body episode when deathly ill, to twenty years of a turbulent life always hoping to redeem her cowboy. After awaking to the click of an empty cylinder on her husband's revolver, she finally comes to the conclusion she just couldn't make the marriage work. With the help of family, she escapes the physical and mental abuse, the danger and frustrations, to find her soulmate. Hiding at her sister's home and once again threatened, she manages to make it to divorce court. After her new marriage, the extended family comes into the picture, adding more love and support to her battered soul. With that redemption, she was able to obtain the dream she had always wished for. She had hung her head for twenty years, fearing to look anyone in the eyes. Charles would place his fingers gently under her chin, raising her face to his, saying, Look up and see the light. You are as good as anybody in this world and better than most. I want to see you smile again. The story then takes you to the next phase, a time of joy and wonderful family relations, with gentle lovemaking and desires met far above expectations. As Charles's retirement came near, he had been experiencing a decline in health. A move to Florida and then back north to be closer to family after his first stroke. Salem, Missouri, became our home. Having become an LPN, I worked at the local hospital in a Birthing Center, and juggled my hours to accommodate the care of six registered quarter horses, five dogs, and six cats. I needed to be able to supervise Charles's medication. Coming home one morning, I saw him

lying on the ground with his hands stretched out, near a farm gate. When I called out to him, he didn't respond. My heart was in my throat. I thought I had lost him. When I dived out of my vehicle and ran to his side, he looked up and laughed. What is the matter with you? You look excited. I was furious. That was the only time in nearly thirty-one years that I was truly angry at him. Upon his final stroke and after being flown to Missouri Baptist Neurological Center in St. Louis, there were several red-tailed hawk sightings with spiritual purpose. Through those difficult hours, his children and myself stayed at his bedside. According to Charles's wishes, Chuck and I took his ashes to west Texas for distribution. As we threw his ashes to the wind, they seemed to glisten in the late afternoon sunlight as they were carried upward and out across the desert floor. A golden eagle flew under them seemingly to assist in the flight. We chugged down our cognac to toast a great man, a true gentleman.

Prime Time Animation Carol Stabile, 2013-09-13 In September 1960 a television show emerged from the mists of prehistoric time to take its place as the mother of all animated sitcoms. The Flintstones spawned dozens of imitations, just as, two decades later, The Simpsons sparked a renaissance of primetime animation. This fascinating book explores the landscape of television animation, from Bedrock to Springfield, and beyond. The contributors critically examine the key issues and questions, including: How do we explain the animation explosion of the 1960s? Why did it take

nearly twenty years following the cancellation of The Flintstones for animation to find its feet again as primetime fare? In addressing these questions, as well as many others, essays examine the relation between earlier, made-for-cinema animated production (such as the Warner Looney Toons shorts) and television-based animation; the role of animation in the economies of broadcast and cable television; and the links between animation production and brand image. Contributors also examine specific programmes like The Powerpuff Girls, Daria, Ren and Stimpy and South Park from the perspective of fans, exploring fan cybercommunities, investigating how ideas of 'class' and 'taste' apply to recent TV animation, and addressing themes such as irony, alienation, and representations of the family.
