The Other Dr. Gilmer Benjamin Gilmer, 2023-03-07 A “mesmerizing” (The New York Times Book Review) true story about a shocking crime and a mysterious illness that will forever change your notions of how we punish and how we heal—an expansion on one of the most popular This American Life episodes of all time, now with a new postscript “A remarkable medical detective story—cum—memoir, grippingly told . . . I was drawn in by every part of it.”—Atul Gawande, #1 New York Times bestselling author of *Being Mortal* Fresh out of medical residency, Dr. Benjamin Gilmer joined a rural North Carolina clinic only to find that its previous doctor shared his last name. Dr. Vince Gilmer was loved and respected by the community—right up until he strangled his ailing father and then returned to the clinic for a regular week of work. Vince’s eventual arrest for murder shocked his patients. How could their beloved doctor be capable of such violence? The deeper Benjamin looked into Vince’s case, the more he became obsessed with discovering what pushed a good man toward darkness. When Benjamin visited Vince in prison, he met a man who appeared to be fighting his own mind, constantly twitching and veering into nonsensical tangents. Sentenced to life in prison, Vince had been branded a cold-blooded killer and a “malingerer”—a person who fakes an illness. But it was obvious to Benjamin that Vince needed help. Alongside This

American Life journalist Sarah Koenig, Benjamin resolved to understand what had happened to his predecessor. Time and again, the pair came up against a prison system that cared little about the mental health of its inmates—despite more than a third of them suffering from mental illness. *The Other Dr. Gilmer* takes readers on a riveting and heart-wrenching journey through our shared human fallibility, made worse by a prison system that is failing our most vulnerable citizens. With deep compassion and an even deeper sense of justice, Dr. Benjamin Gilmer delves into the mystery of what could make a caring doctor commit a brutal murder. And in the process, his powerful story asks us to answer a profound question: In a country with the highest incarceration rates in the world, what would it look like if we prioritized healing rather than punishment?

Is Your Doctor Keeping You Sick? Dr Lenny Da Costa,2023-01-05 We have an abundance of food but are malnourished. It's time to know why and correct it. Our food is our medicine, but it is also our poison—if we understand this and use it, we can prevent chronic diseases like heart disease, diabetes,

cancer, etc., and live a healthy life. Modern medicine has perhaps failed us in these times by overly relying on research presented by the big pharma companies and the recommendations or protocols for management derived from there. It has been ignoring tons of research available in teaching institutions across the world in many allied fields and basic medical sciences that can be used to reverse many ageing problems and chronic diseases. Thus the question: Is your doctor keeping you sick? Today we can spot very early disturbances that can help us prevent chronic disease by doing the right lab investigations—investigations that are available but not done, as modern medicine does not know how to handle the results. Functional medicine is the way forward. It has helped me nurse thousands of patients back to good health over the last 15 years.

Lazarus and Me Dr. Asher Chanan-Khan, 2022-05-01 INSPIRING! LIVING VICTORIOUSLY THROUGH LIFE'S DARKEST MOMENTS Have you ever wondered what happened to Lazarus after Jesus resurrected him from death? Lazarus was given an extension of life and the time spent on earth. Do you think Lazarus lived a drastically different life after resurrection? Would you think and live differently if you were given such an opportunity? Dr. Asher Chanan-Khan, a world-renowned cancer researcher and clinical oncologist, experienced such a Lazarus moment in his life when his own terminal cancer was miraculously paused, rendering him an extension of life. Now, 15 years later, Dr. Asher ponders upon his living in these Lazarus moments. Read on to learn about God's grace in the face of imminent mortality and how the author's journey in these extended moments of life are purposefully designed to bring glory to his Creator. Lazarus and Me reflects modern-day struggles with historical hope. If we flip to the back of the

book, we either win or we learn but we never lose. My hope is that you would find the strength in your journey to fight on as we discovered in the [biblical] story of Lazarus and the words of Dr. Asher Chanan-Khan. —LOUIS UPKINS, Entrepreneur & Author of *Treat Me Like a Customer In Lazarus and Me*, Dr. Chanan-Khan guides us to consider how to best invest our remaining days in the Lord's service, just as Lazarus did. Our allotted number of days mean far less to God than how we choose to live them. *Lazarus and Me* is a vivid reminder of that reality. The personal testimony of my close friend, Dr. Chanan-Khan, about his battle with cancer will bring hope, faith, and rich encouragement to all those who read this inspiring book. —BILLIE HANKS JR., Founder, International Evangelism Association

**Reversing Dyslexia** Dr. Phyllis Books, 2013-07-02 Most people do not realize that dyslexia is more than just a reading problem. It is often accompanied by social, psychological, and even physical issues that can make many everyday tasks seem unmanageable. Whether you suffer from dyslexia yourself or are the parent of a dyslexic child, dealing with the overall challenges of this learning disorder can be overwhelming. Unfortunately, mainstream treatment focuses mainly on compensatory techniques and workarounds, not a cure, leaving dyslexics feeling hopeless and stuck. In her new book, Dr. Phyllis Books offers a new approach to dyslexia and a convincing reason to hope again. Drawing upon her vast experience and a wealth of scientific research, she declares that dyslexia can actually be reversed in a large number of cases. *Reversing Dyslexia* begins by redefining dyslexia, offering the most comprehensive view of this problem yet. It describes dyslexia's common symptoms, lists its associated conditions, and details the many theories that surround this issue. It goes on to explain how the brain develops, revealing how an

improperly functioning brain may be rewired and repaired through the right combination of therapies, all of which are described in detail. It then shows how important nutrition, exercise, play, and music are to learning ability, and concludes with invaluable advice on how to choose the right school for your dyslexic child. By providing a modern perspective on dyslexia, this book lays the groundwork for significant improvements not only in reading but also in general learning ability, emotional stability, and psychological well-being. Having worked with thousands of children, parents, and educators, Dr. Books has spent over twenty-five years disproving the idea that dyslexia is a permanent condition. *Reversing Dyslexia* can teach you how to disprove it as well.

*Dr. Dre* Ronin Ro, 2007-03-17 Born on February 18, 1965 to a sixteen-year-old single mom, Andre Young, AKA Dr. Dre, co-founded the notorious rap group N.W.A. The group was one of the most successful hip-hop groups of the late 1980s and, most importantly, started what the media quickly dubbed Gangsta Rap. His departure from N.W.A. was a story right out of a pulp fiction novel. His new mentor, Suge Knight, allegedly used guns, baseball bats and a kidnap threat to get Dr. Dre released from his contract. Dre and Knight went on to build Death Row Records and turned it into a multi-billion dollar company. Yet despite its unprecedented success with stars such as Snoop Doggy Dogg and Tupac Shakur, the company quickly unrivaled in a firesom of rivalries, greed, violence and scrutiny by the government and the media as Suge Knight's unconventional business practices increasingly mirrored the violent, hard-edged themes of its music. Dr. Dre bailed out, losing his company, his copyrights, his master tapes and all his money in the process. Back in the ghetto, he had to figure out how to get back on top. He decided to start his own record company called Aftermath Entertainment. As CEO of Aftermath, Dr. Dre then discovered and created new stars. He managed, produced, launched and is still in charge of luminaries such as Eminem, Fifty Cent, The

Game and Eve. All of the luminaries owe their phenomenal success to Andre Young. The rise, fall and rise of Dr. Dre is what this book is about.

situations. It is imperative that we respond and not react. Responding takes effort and application of spiritual principles such as love, forgiveness, and trust. Milton Brown, Ed.M, Retired School Principal We all questioned, either to ourselves or to others, why do I feel that something bad always happens to me. Some people go through this time quickly, almost as if it was a short trip. They are back, thinking positively, embracing their future, their spirituality, their family, friends and careers stronger than ever. Yet others take an extended vacation in their feelings of despair and negativity. The key to the return trip is resiliency. Dr. Laysears-Smith shares with us how you can develop a resilient mind and outlook on your situation. By using positive affirmations, stories that inspire and teach, and methods that develop resilient thinking, the reader can take control of a situation and begin to frame their life in a more positive manner. Knowing Robin as I do, she embodies the qualities that she describes so vividly in her book. She is

infectious in her laughter, caring for others, and has a deep mission for others to be successful. When she told me she was writing this book on the resilient mind, I knew that this was her destiny in her life's work. Thomas S. Jakubczyk, Ed.M., Retired District Administrator.
