**The Faerie Guardian** Rachel Morgan, 2012-10-18 She's fae. He's human. When he accidentally follows her back into the magic realm, a deadly plot is set in motion. **\*\*Binge-read the complete series now!\*\*** - - - Rule: Never reveal yourself to a human. I swear I didn't break this rule. I had my glamour in place. I saved the guy's life, just as I was assigned to do. And then he looked at me. Looked at me. Rule: Never bring a human into the fae realm. Technically, this wasn't my fault either. He followed me. But the Guild doesn't see it that way. Assignment status? Failed. I'm months away from graduating top of my class, and now Nate has ruined everything. If I can get him back home without killing him, maybe I can salvage my guardian future. Except ... there's way more going on here than I suspected. Someone else is after Nate. Someone intent on unearthing long-forgotten secrets and immense power. Next thing I know, we're tangled up in a plot more dangerous than anything I've had to fight my way out of before. Bonus complication? I think I'm falling for Nate ... - - - Graduation is the least of Violet's problems in this bestselling YA fantasy series packed with dazzling magic, page-turning action, family secrets, and swoon-worthy romance. Binge-read the complete series now! - - - Readers' reviews: The most addictive series I have ever read! Seriously so amazing! I adored this book, devoured it! A very talented author, who works magic with words and scenes. If you enjoyed *The Faerie Guardian*, check out the other Creepy Hollow books! Next in the series is *The Faerie Prince*.

**Lady Cottington's Pressed Fairy Book** Terry Jones, 2005-02 Written by a former member of the Monty Python troupe, this satire of the fairy picture hoax of 1895 is riotously witty, visually extraordinary and wildly original. Illustrations.

**Another Dreadful Fairy Book** Jon Etter, 2020-01-07 The sharp-tongued Shade, gregarious Ginch, and pilfering Professor return for more mad-cap misadventures! Will the three stop a bullying bugbear from closing the Grand Library of Elfame? Maybe. Will they track down members of a secret society of book guardians and retrieve a treasure trove of lost books? Possibly. Will Quentin Q. Quacksworth actually approve of this tale? I wouldn't bet on it, but the only way to find out is to read (against the advice of Quacksworth, of course) *Another Dreadful Fairy Book*! Bullying bugbears, inept inventors, bickering gangsters, hay fever-plagued monsters—a whole new batch of dreadful fairies join Shade, Ginch, and the Professor in this sequel to *A Dreadful Fairy Book*. Shade's pleasant life in the magical Grand Library of Elfame is threatened when the Grand Scrutinizer of the Ministry of Ordinariness, Averageness, and Normalcy (M.O.A.N.) decides that the library poses a danger to the moral climate of the fairy lands. Shade,

unfortunately, has little time to deal with that when she discovers that her late father belonged to a secret society of book guardians. Taking up her father's mission, Shade ventures forth to find and unite the other members and retrieve a treasure trove of rare books. Will she succeed? Will the library remain open? Will narrator Quentin Q. Quacksworth find this book to be as improper as the last one? Read *Another Dreadful Fairy Book* and find out!

**A Dozen Fairy Dresses** Tennant Redbank, 2010-05-11 With the Purple Moon Night Ball approaching, Hem, a talented seamstress, has big dreams of creating a beautiful new dress until all the other fairies ask her to make new dresses for them.

The Night Fairy Laura Amy Schlitz, 2011-03-22 What would happen to a fairy if she lost her wings and could no longer fly? Flory, a young night fairy no taller than an acorn and still becoming accustomed to her wings – wings as beautiful as those of a luna moth – is about to find out. What she discovers is that the world is very big and very dangerous. But Flory is fierce and willing to do whatever it takes to survive. If that means telling others what to do – like Skuggle, a squirrel ruled by his stomach – so be it. Not every creature, however, is as willing to bend to Flory's demands. Newbery Medal winner Laura Amy Schlitz and world-renowned illustrator and miniaturist Angela Barrett venture into the realm of the illustrated classic – a classic entirely and exquisitely of their making, and a magnificent adventure.

**The Fairy-faith in Celtic Countries** Walter Yeeling Evans-Wentz, 1911 In this study, which is first of all a folk-lore study, we pursue principally an anthropo-psychological method of interpreting the Celtic belief in fairies, though we do not hesitate now and then to call in the aid of philology; and we make good use of the evidence offered by mythologies, religions, metaphysics, and physical sciences.
