Colonel Grodekoff's ride from Samarcand to Herat [his own account, tr.] by C. Marvin Nikolai Ivanovich Grodekov,1880

Gray Matter Marvin Gray,2014-05-25 American security officer Clark Miller is playing a dangerous game. In order to track terrorist Anwar Khan from Indonesia to the tribal areas of Pakistan, Clark is embroiled in political volatility and religious fanaticism. Now working in Pakistan, he has learned the language, history, and culture of the conservative Muslim country. He has also made the mistake of sleeping with the wrong local women, frequenting the wrong brothels, and trusting the wrong advisors. His appreciation for the Pakistanis and their culture matches his hatred of religious extremism and exploitation. Miller inherited his relentless determination from an abusive and violent father. The more Clark tries to exorcise his paternal demons, the more he recognizes his father in his own behavior. Clark has to embrace his father's violence to track Khan down and find justice. But time is running out. Clark's investigations of Khan have drawn unwanted attention. Pakistani security forces have started investigating Clark, and Anwar Khan has targeted Miller for assassination. When a young prostitute offers to sell information on Khan's whereabouts, Clark must act quickly. It is now a race against time, money, and loyalties. If the Pakistani security forces don't get him, the terrorists will. 'Gray Matter' is Marvin Gray's the fast-paced thriller sequel to 'Gray Areas.'

The 'Ancient Supremacy' Jonathan Lee,2021-12-06 This work is a chronological account of the struggle between the Afghan Amirs of Kabul and the Manghit Dynasty of Bukhara for Balkh province (wilayat) during the eighteenth and nineteenth centuries. Drawing extensively on India Office Records, Persian and native oral sources, the book provides a unique insight into an important, but little-studied Central Asian region. Structured around the history of Maimana's Mingid dynasty, the book details the various military campaigns, whilst also examining critically Britain and Russia's role in the 'Afghanisation' of Balkh during the period of the 'Great Game'. The work is especially significant to historians since it questions conventional perceptions of Central Asia during the era of European imperialism. It examines too Balkh's social and economic situation. It includes numerous maps, charts, photographs and dynastic charts.

Find You in the Dark Nathan Ripley,2018-06-19 In this “fast-paced, morbidly addictive novel of chilling infatuation” (Iain Reid, bestselling author of I’m Thinking of Ending Things)–perfect for fans of Caroline Kepnes’s Hidden Bodies and Jeff Lindsay’s Dexter series—a family man with a habit of digging up the past catches the attention of a serial killer who is determined to keep his secrets uncovered. For years, unbeknownst to his wife and teenage daughter, Martin Reese has been illegally buying police files on serial killers and obsessively studying them, using them as guides to find the missing bodies of victims. He doesn’t take any souvenirs, just photos that he stores in an old laptop, and then he turns in the results anonymously. Martin sees his work as a public service, a righting of wrongs. Detective Sandra Whittal sees the situation differently. On a meteoric rise in police ranks due to her case-closing efficiency, Whittal is suspicious of the mysterious source she calls the Finder, especially since he keeps leading the police right to the bodies. How can he know where all these bodies are located if he’s not the one putting them there? On his latest dig, Martin searches for the first kill of Jason Shurn, the early 1990s murderer who may have been responsible for the disappearance of his wife’s sister. But when he arrives at the site, he finds more than just bones. There’s a freshly killed body—a young and missing Seattle woman—lying there. Someone else knew where Jason Shurn left the corpses of his victims...and that someone isn’t happy that Martin has been going around digging up his work. And when a crooked cop with a tenuous tie to Martin vanishes, Whittal begins to zero in on the Finder. “A wickedly smart thriller that manages to be both chilling and wry” (Amy Stuart, bestselling author of Still Mine), Find You in the Dark will haunt you long after you turn the final page.

The Army and Democracy Aqil Shah,2014-04-21 In sharp contrast to neighboring India, the Muslim nation of Pakistan has been ruled by its military for over three decades. The Army and Democracy identifies steps for reforming Pakistan's armed forces and reducing its interference in politics, and sees lessons for fragile democracies striving to bring the military under civilian control.

McAleer, Joannis Baez Gonzalez, Larry C. Driver, Daniel E. Epner, Jacqueline Tschanz, Angelique Wong, Marieberta Vidal, Marvin Omar Delgado-Guay, Ali Haider, 2023-08-30 At its core, Supportive Care and Palliative Care is designed to minimize suffering in patients due to their illness or the treatment of their illness. This suffering can manifest in the physical, psychological, and spiritual realms. Additionally, most cancer patients have pre-existing co-morbidities that can exacerbate and complicate the treatment of their sources of suffering. Children require different assessment and communication strategies and strong participation by parents and primary clinicians in their care. Much has changed since the last edition of the Supportive and Palliative Care Handbook. Like cancer, COVID's devastating effects did not just impact those individuals who became infected but also their families, entire healthcare systems, and the dedicated healthcare providers who continued to uphold their oath to provide comfort to the infirm during the greatest public health care crisis in generations. And like cancer, COVID's effects are not limited to the physical. This new edition has chapters that address some of consequences and residual effects of the COVID pandemic - the precipitous rise of non-medical opioid use, the accelerated shift to a virtual clinical environment via telemedicine, and the epidemic of burnout amongst healthcare workers. Over many editions, the Supportive and Palliative Care handbook has served as a practical bedside tool to assist clinicians in the daily care of their patients. In addition to the new chapters mentioned above, the 7th edition continues to reflect recently acquired knowledge on assessing the major physical and psychosocial symptoms and new pharmacological and non-pharmacological interventions that our department has adopted to deliver the best supportive care and palliative care. Our handbook is not intended to provide a scholarly review of each subject. Therefore, we have tried to keep all chapters short, clinically oriented, and with a limited number of references. We hope this information will help all our colleagues in the daily care of their patients, and we welcome their comments about ways to improve future editions of our handbook.

Sufism, Islam and Jungian Psychology J. Marvin Spiegelman, Pir Vilayat Inayat Khan, Tasnim Fernandez, 1991 Here is a unique study of Sufism, the ultimate mystical doctrine at the very heart of Islam, analyzed within a Jungian context. With contributions by Pir Vilayat Inayat Khan, the Head of the Sufi Order in the West, and other internationally famous therapists and scholars.

History of Central Asia, The: 4-volume set Christoph Baumer, 2018-04-18 This set includes all four volumes of the critically acclaimed History of Central Asia series. The epic plains and arid deserts of Central Asia have witnessed some of the greatest migrations, as well as many of the most transformative developments, in the history of civilization. Christoph Baumer's ambitious four-volume treatment of the region charts the 3000-year drama of Scythians and Sarmatians; Soviets and transcontinental Silk Roads; trade routes and the transmission of ideas across the steppes; and the breathless and brutal conquests of Alexander the Great and Chinghiz Khan. Masterfully interweaving the stories of individuals and peoples, the author's engaging prose is richly augmented throughout by colour photographs taken on his own travels. This set includes The Age of the Steppe Warriors (Volume 1), The Age of the Silk Roads (Volume 2), The Age of Islam and the Mongols (Volume 3) and The Age of Decline and Revival
