Meditation for Fidgety Skeptics Dan Harris, Jeffrey Warren, Carlye Adler, 2017-12-26 THE NEW YORK TIMES BESTSELLER FROM THE AUTHOR OF 10% HAPPIER Too busy to meditate? Can't

turn off your brain? Curious about mindfulness but more comfortable in the gym? This book is for you. You'll also get access to guided audio meditations on the 10% Happier app, to jumpstart your practice from day one. ABC News anchor Dan Harris used to think that meditation was for people who collect crystals, play Ultimate Frisbee, and use the word “namaste” without irony. After he had a panic attack on live television, he went on a strange and circuitous journey that ultimately led him to become one of meditation's most vocal public proponents. Harris found that meditation made him more focused and less yanked around by his emotions. According to his wife, it also made him less annoying. Science suggests that the practice can lower your blood pressure, mitigate depression and anxiety, and literally rewire key parts of the brain. So what's holding you back? In *Meditation for Fidgety Skeptics*, Harris and Jeff Warren, a masterful teacher and “Meditation MacGyver,” embark on a gonzo cross-country quest to tackle the myths, misconceptions, and self-deceptions that keep people from meditating. It is filled with game-changing and deeply practical meditation instructions—all of which are also available (for free) on the 10% Happier app. This book is a trip worth taking. Praise for *Meditation for Fidgety*

The Buddha Pill Miguel Farias, Dr. Catherine Wikholm, 2019-02-19 Millions of people meditate daily but can meditative practices really make us 'better' people? In *The Buddha Pill*, pioneering psychologists Dr Miguel Farias and Catherine Wikholm put meditation and mindfulness under the microscope. Separating fact from fiction, they reveal what scientific research – including their groundbreaking study on yoga and meditation with prisoners – tells us about the benefits and limitations of these techniques for improving our lives. As well as illuminating the potential, the authors argue that these practices may have unexpected consequences, and that peace and happiness may not always be the end result. Offering a compelling examination of research on transcendental meditation to recent brain-imaging studies on the effects of mindfulness and yoga, and with fascinating contributions from spiritual teachers and therapists, Farias and Wikholm weave together a unique story about the science and the delusions of personal change.

10% Happier Dan Harris, 2014-03-11 #1 New York Times Bestseller REVISED WITH NEW MATERIAL Winner of the 2014 Living Now Book Award for Inspirational Memoir An enormously smart,

clear-eyed, brave-hearted, and quite personal look at the benefits of meditation. —Elizabeth Gilbert

Nightline anchor Dan Harris embarks on an unexpected, hilarious, and deeply skeptical odyssey through the strange worlds of spirituality and self-help, and discovers a way to get happier that is truly achievable. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. *10% Happier* takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's

spiritual scene, and leaves them with a takeaway that could actually change their lives.

The sanity and brilliance of this combination can awaken inner strength, foster kindness and fearlessness, and invite radical change. Discover how to transform your life from the inside out with the profound benefits of a calm and stress-free mind. With warmth and humor, they show

us how to integrate the timeless qualities of awareness and compassion into everyday life. — Andy Puddicombe, founder of HEADSPACE “Mindfulness is the awareness that arises when we pay attention to the present moment. It accesses us to core aspects of our mind that our very sanity depends on, as does our capacity to live wholeheartedly in this crazy world.” — Jon Kabat-Zinn, mindfulness teacher “I can be as nuts as the next person, living in a world like we live in with the craziness and chaos. It takes work to retain our sanity in the midst of all that, and to me meditation is the most powerful tool for doing so.” — Marianne Williamson, New York Times bestselling author of A Return to Love “Ed and Deb Shapiro are two warm, caring, and capable individuals. Their work makes our planet a safer and more loving place to live.” — Bernie Siegel, M.D., bestselling author of Love, Medicine and Miracles “If there is one book you read about meditation, this should be the one. Hear about some of the cool people who do it, why you should do it, and how.” — Sharon Gannon, Jivamukti Yoga “What an accomplishment! Ed and Deb's profoundly unique book offers a one-stop shop for those engaged in mindfulness and meditation. The direct transmission contained in this book

can take us one step further. We find it especially useful to help stabilize spiritual activism in these challenging times and we'll refer it widely.” – John Steiner and Margo King, transpartisan activists “I hope that your work is reaching many. It deserves it and so do they.” – Stephen Levine, international bestselling author “Acceptance of what is, that is meditation. This book will help you make friends with your mind. Ed and Deb are spreading love in the world; be a part of it!” – Parmita Pushman, White Swan Records “The pausing has been profound. It has invited me to arrive in the here and now with my child clients, and to accept whatever happens without judging.” – Megan Cronin Larson, play therapist “The wonderful Shapiros are a conduit of joy and spiritual energy that heals hearts on their subtle level.” – Dr. Lex Hixon, author of Coming Home “Ed and Deb make a connection to their friends' spirit.
