Meditation for Fidgety Skeptics Dan Harris, Jeffrey Warren, Carlye Adler, 2017-12-26 THE NEW YORK TIMES BESTSELLER FROM THE AUTHOR OF 10% HAPPIER
Too busy to meditate? Can't turn off your brain? Curious about mindfulness but more comfortable in the gym? This book is for you. You'll also get access to guided audio meditations on the 10% Happier app, to jumpstart your practice from day one. ABC News anchor Dan Harris used to think that meditation was for people who collect crystals, play Ultimate Frisbee, and use the word "namaste" without irony. After he had a panic attack on live television, he went on a strange and circuitous journey that ultimately led him to become one of meditation's most vocal public proponents. Harris found that meditation made him more focused and less yanked around by his emotions. According to his wife, it also made him less annoying. Science suggests that the practice can lower your blood pressure, mitigate depression and anxiety, and literally rewire key parts of the brain. So what's holding you back? In Meditation for Fidgety Skeptics, Harris and Jeff Warren, a masterful teacher

and “Meditation MacGyver,” embark on a gonzo cross-country quest to tackle the myths, misconceptions, and self-deceptions that keep people from meditating. It is filled with game-changing and deeply practical meditation instructions—all of which are also available (for free) on the 10% Happier app. This book is a trip worth taking. Praise for Meditation for Fidgety Skeptics “If you’re intrigued by meditation but don’t know how to begin—or you’ve benefited from meditation in the past but need help to get started again—Dan Harris has written the book for you. Well researched, practical, and crammed with expert advice, it’s also an irreverent, hilarious page-turner.”—Gretchen Rubin, author of The Happiness Project “The ABC News anchor, a ‘defender of worrying’ who once had an anxiety attack on air, offers a hilarious and stirring account of his two-steps-forward-one-step-back campaign to sort ‘useless rumination’ from ‘constructive anguish’ via mindfulness, along with invaluable suggestions for following in his footsteps.”—O: The Oprah Magazine

And sometimes it's hard when things don't go your way—it can make a piggy angry and sad. So how do young piggies find a peaceful place in a frustrating world? They meditate! They find a quiet spot, a special place with a few simple things, and just breathe. They do this every day, feeling their breath going in and out. They slow down and calm down. Now it's easier to deal with whatever comes their way, and they have time to notice all the magical things in life, too!

Today, millions of people around the world have taken up a formal mindfulness meditation practice as part of their everyday lives. But what is meditation anyway? And why might it be worth trying? Or nurturing further if you already have practice? *Meditation Is Not What You Think* answers those questions. Originally published in 2005 as part of a larger book entitled *Coming to Our Senses*, it has been updated with a new foreword by the author and is even more relevant today.
