Jason Burlin

Paid Bill Maurer, Lana Swartz, 2017-04-28 Stories about objects left in the wake of transactions, from cryptocurrencies to leaf-imprinted banknotes to records kept with knotted string. Museums are full of the coins, notes, beads, shells, stones, and other objects people have exchanged for millennia. But what about the debris, the things that allow a transaction to take place and are left in its wake? How would a museum go about curating our scrawls on electronic keypads, the receipts wadded in our wallets, that vast information infrastructure that runs the card networks? This book is a catalog for a museum exhibition that never happened. It offers a series of short essays, paired with striking images, on these often ephemeral, invisible, or unnoticed transactional objects—money stuff. Although we've been told for years that we're heading toward total cashlessness, payment is increasingly dependent on things. Consider, for example, the dongle, a clever gizmo that processes card payments by turning information from a card's magnetic stripe into audio information that can be read by a smart phone's headphone jack. Or dogecoin, a meme of a smiling, bewildered dog's interior monologue that fueled a virtual currency similar to Bitcoin. Or go further back and contemplate the paper currency printed with leaves by Benjamin Franklin to foil counterfeiters, or khipu, Incan records kept in knotted string. *Paid*'s authors describe these payment-adjacent objects so engagingly that for a moment, financial leftovers seem more interesting than finance. *Paid* encourages us to take a moment to look at the nuts and bolts of our everyday transactions by looking at the stuff that surrounds them. Contributors Bernardo Bátiz-Lazo, Maria Bezaitis, Finn Brunton, Lynn H. Gamble, David Graeber, Jane I. Guyer, Keith Hart, Sarah Jeong,

You're Paid What You're Worth Jake

Rosenfeld, 2021-01-19 A myth-busting book challenges the idea that we're paid according to objective criteria and places power and social conflict at the heart of economic analysis. Your pay depends on your productivity and occupation. If you earn roughly the same as others in your job, with the precise level determined by your performance, then you're paid market value. And who can question something as objective and impersonal as the market? That, at least, is how many of us tend to think. But according to Jake Rosenfeld, we need to think again. Job performance and occupational characteristics do play a role in determining pay, but judgments of productivity and value are also highly subjective. What makes a lawyer more valuable than a teacher? How do you measure the output of a police officer, a professor, or a reporter? Why, in the past few decades, did CEOs suddenly become hundreds of times more valuable than their employees? The answers lie not in objective criteria but in battles over interests and ideals. In this contest four dynamics are paramount: power, inertia, mimicry, and demands for equity. Power struggles legitimize pay for particular jobs, and organizational inertia makes that pay seem natural. Mimicry encourages employers to do what peers are doing. And workers are on the lookout for practices that seem unfair. Rosenfeld shows us how these dynamics play out in real-world settings, drawing on cutting-edge economics, original survey data, and a journalistic eye for compelling stories and revealing details. At a time when unions and bargaining power are declining and inequality is rising,

You're Paid What You're Worth is a crucial resource for understanding that most basic of social questions: Who gets what and why?

Paid For: My Journey Through Prostitution Rachel Moran, 2015-09-08 An astonishingly brave memoir of prostitution and its lingering influence on a woman's psyche and life. "The best work by anyone on prostitution ever, Rachel Moran's *Paid For* fuses the memoirist's lived poignancy with the philosopher's conceptual sophistication. The result is riveting, compelling, incontestable. Impossible to put down. This book provides all anyone needs to know about the reality of prostitution in moving, insightful prose that engages and disposes of every argument ever raised in its favor." —Catharine A. MacKinnon, law professor, University of Michigan and Harvard University Born into a troubled family, Rachel Moran left home at the age of fourteen. Being homeless, she was driven into prostitution to survive. With intelligence and empathy, she describes the exploitation she and others endured on the streets and in the brothels. Moran also speaks to the psychological damage inherent to prostitution and the inevitable estrangement from one's body. At twenty-two, Moran escaped the sex trade. She has since become a writer and an abolitionist activist.

This book is part of the TREDITION CLASSICS series. The creators of this series are united by passion for literature and driven by the intention of making all public domain books available in printed format again - worldwide. At tredition we believe that a great book never goes out of style. Several mostly non-profit literature projects provide

content to tradition. To support their good work, tradition donates a portion of the proceeds from each sold copy. As a reader of a TREDITION CLASSICS book, you support our mission to save many of the amazing works of world literature from oblivion.

Bills Paid William R. Spaid, 2017-02-21 This book is a collection of poems written on napkins and in notebooks. In a way, the poems wrote themselves. The poems were written as a way of maintaining my mental balance and as a means of exercising frustrated desires. I have indulged myself in considering loves lost. Then I would amuse myself with a poem or two written in a humorous vein. Some poems are dark, and others are lighthearted. It is hoped that the enclosed poems will provide the same mood-changing service for the reader as they have provided to your author.

Unfinished Business Ruth Milkman, Eileen Appelbaum, 2013-11-15 *Unfinished Business* documents the history and impact of California's paid family leave program, the first of its kind in the United States, which began in 2004. Drawing on original data from fieldwork and surveys of employers, workers, and the larger California adult population, Ruth Milkman and Eileen Appelbaum analyze in detail the effect of the state's landmark paid family leave on employers and workers. They also explore the implications of California's decade-long experience with paid family leave for the nation, which is engaged in ongoing debate about work-family policies. *Unfinished Business* exposes the process by which California workers and their allies built a coalition to win passage of paid family leave in the state legislature, and lays out the lessons for advocates in other states and localities, as well as the nation. Because paid leave enjoys extensive popular support across the political spectrum,

campaigns for such laws have an excellent chance of success if some basic preconditions are met. Do paid family leave and similar programs impose significant costs and burdens on employers? Business interests argue that they do and routinely oppose any and all legislative initiatives in this area. Once the program took effect in California, this book shows, large majorities of employers themselves reported that its impact on productivity, profitability, and performance was negligible or positive. Milkman and Appelbaum demonstrate that the California program is well managed and easy to access, but that awareness of its existence remains limited. Moreover, those who need the program's benefits most urgently—low-wage workers, young workers, immigrants, and disadvantaged minorities—are least likely to know about it. As a result, the long-standing pattern of inequality in access to paid leave has remained largely intact.

Win Paid Advertising Jason Burlin, 2020-08-18 There is

a reason most businesses fail in running paid ads: successful ads take EXTRAORDINARY EFFORTS. If you're using the same strategy as everyone else, how will your ads stand out? Jason Burlin, known as the Unconventional Marketer, uses his twelve years of online marketing experience to write a cutting edge book that teaches the fundamentals of paid advertising in the 21st century. While exploring every inch of paid advertising, the book teaches marketing on a conceptual level to give businesses and advertisers a lifelong toolbox to create their own revolutionary advertising campaigns on any advertising platform. Using his experience advertising for hundreds of brands, and managing millions of dollars in ad spend, Jason wrote this book with one thing in mind: helping you win paid advertising for your business. Jason opens the book by teaching the fundamentals of advertising and discussing the methods that he used for his most famous success stories. He closes the book with recommendations of where to start in advertising and key points to remember throughout the process to launch successful marketing for your business. If you're looking for romantic selling systems that sound too good to be true, marketing hacks, or proven 8 figure strategies then this book isn't for you. There is no secret hack to marketing. This book is timeless, and the information in it will be priceless for your business. Once you read it, the way you look at marketing as a whole will change. What are you waiting for? Let's win paid advertising.

Lone Mothers Between Paid Work and Care

Majella Kilkey, 2018-02-06 This title was first published in 2000. This is a study which compares and contrasts how lone mothers' relationships to paid work and care-giving are constructed across 20 countries, and with what outcomes for lone mothers' levels of economic well-being. In doing so, the book explores from an international perspective, the implications of the re-orientation of lone mothers' citizenship within the UK policy field from that of care-giver to paid worker. The volume engages with feminist comparative social policy literature concerned with specifying a construction of citizenship appropriate to capturing international variations in women's social rights. By incorporating social rights attached to paid work and care, as well as those which enable lone mothers to move between sequential periods of paid work and care-giving across the child-rearing cycle, the study makes a significant contribution to the literature.
