It also puts you in the best position to quickly find and edit your most promising photos. Are you drowning in a sea of digital photos? Unable to find the shots you're looking for, or to stay on top of managing all the photos you're taking? Digital photography expert Jeff Carlson gives you a plan for tackling this problem, starting with preparing your camera ahead of time, then choosing the right app to manage your photos, judging and organizing your photos, and backing up your photos for safekeeping. In this book, Jeff offers advice to cover both macOS and Windows (along with limited coverage of mobile platforms), and to address a broad range of photo management apps, including Apple Photos, Capture One, Lightroom Classic, Lightroom desktop, Excire Foto, Exposure X7, Mylio Photos, ON1 Photo Keyword AI, and ON1 Photo RAW. With this book, you'll learn how to:

- Get started with the minimum amount of work: Take advantage of software intelligence to do some of the categorizing work for you, and find out how you can accomplish some tasks even if you have little time.
- Prep your camera: Learn four actions you can take before you head out the door that will make things easier after you return with new pictures.
- Manage your workflow: Choose the software and approach that best meets your needs for organizing your photos.
- Import the right way: Learn how to assign valuable metadata to all images that come in during the import stage, saving lots of time and effort.
- Pick winners and losers: Assign ratings to your photos, and remove or hide unwanted photos.
- Remove duplicates: Use Lightroom Classic, Photos for macOS, or Gemini Photos for iOS/iPadOS to find and delete duplicate images.
- Use AI/Machine Learning: Learn about AI/ML terminology, and use software tools like ON1 Photo Keyword AI and Excire Foto to apply keywords automatically.
- Apply keywords and metadata: If needed, manually apply keywords to individual shots, learn how to apply geotags using location data from external devices (like an iPhone), and use facial recognition to collect shots of specific friends and family members.
- Search with smart albums: Build smart albums whose contents change depending on criteria you've specified, allowing you to find photos more easily, even in images you add in the future.
- Manage multiple libraries: Use Photos for macOS, Lightroom Classic, or Peakto to manage multiple photo libraries.
- Go mobile: Find the right online service for making your photos available on mobile devices, based on your needs and which desktop photo management app you use.
- Protect your photos: Learn how to implement a backup strategy that will preserve all your data, not just your photos, and how to archive photos for the future.

**Historic Photos of Mississippi** ,2009-05-01 Imagine a ride with the Mississippi mockingbird as it soars through the Mississippi skies. Beginning in the land of Elvis at Tupelo, one moves down to the Piney Woods of East Central Mississippi where the ground is covered with fragrant pine straw and where Choctaw moccasins once walked the trails. Then turn south where the ocean waves swell upon sandy beaches and sea gulls hover and squawk in the breeze. Continue onward to the mansions of historic Natchez and the cotton fields of the Mississippi Delta where the blues reigns supreme. Finally, swoop down toward Old Man River, the majestic Mississippi, and skim across its yellow waters. The waters have seen war and defeat, loss and love, heartbreaks and triumphs. No sentiments need speaking. Only the sweet songs of the mockingbird are required to understand a land whose beauty is second only to the strength of its people. Through nearly 200 images printed in vivid black-and-white, with brief introductions and captions, *Historic Photos of Mississippi* takes the viewer on a flightpath to key points of interest in historic Mississippi.

**PHOTO ART THERAPY** Jerry L. Fryear, Irene E. Corbit, 1992-01-01 PHOTO ART THERAPY: A JUNGIAN PERSPECTIVE illuminates and guides the reader through new possibilities for art therapy practice, approached by the authors as a creative interaction with different artistic media and therapeutic methods. Although the book is based on Jungian theory and practice, the authors carefully explore cooperation with other therapeutic perspectives, all of which are in keeping with Jung's belief in transcendent universals and multifaceted therapeutic practices. The book is divided into four sections: Self-Understanding, Alleviating Distress and Symptoms, Group Therapy, and Discussion. Wherever possible and practical, photo art therapy work done by clients as illustrations of the concepts is included. The text not only demonstrates innovative ways of combining artistic media but allows clients to articulate the inner workings of the therapeutic process through an engaging series of dialogues and narrations. The book establishes a twofold landmark in elucidating art therapy's close and vital connections to both phototherapy and the discipline of Jungian psychotherapy.

*Reading Marie al-Khazen's Photographs* Yasmine Nachabe Taan, 2020-11-26 The Lebanese photographer Marie al-Khazen seized every opportunity to use her camera during the years that she was active between 1920 and 1940. She not only documented her travels around tourist sites in Lebanon but also sought creative experimentation with her camera by staging scenes, manipulating shadows, and superimposing negatives to produce different effects in her prints. Within her photographs, bedouins and European friends, peasants and landlords, men and women comfortably share the same space. Her photographs include an intriguing collection portraying her family and friends living their everyday lives in 1920s and '30s Zgharta, a village in the north of Lebanon. Yasmine Nachabe Taan explores these photographs, emphasizing the ways in which notions of gender and class are inscribed within them and revealing how they are charged with symbols of women's emancipation to today's viewers, through women's presence as individuals, separate from family restrictions of that time. Images in which women are depicted smoking cigarettes, driving cars, riding horses, and accompanying men on hunting trips counteract the common ways in which women were portrayed in contemporary Lebanon.
