**Historic Photos of Mississippi** ,2009-05-01 Imagine a ride with the Mississippi mockingbird as it soars through the Mississippi skies. Beginning in the land of Elvis at Tupelo, one moves down to the Piney Woods of East Central Mississippi where the ground is covered with fragrant pine straw and where Choctaw moccasins once walked the trails. Then turn south where the ocean waves swell upon sandy beaches and sea gulls hover and squawk in the breeze. Continue onward to the mansions of historic Natchez and the cotton fields of the Mississippi Delta where the blues reigns supreme. Finally, swoop down toward Old Man River, the majestic Mississippi, and skim across its yellow waters. The waters have seen war and defeat, loss and love, heartbreaks and triumphs. No sentiments need speaking. Only the sweet songs of the mockingbird are required to understand a land whose beauty is second only to the strength of its people. Through nearly 200 images printed in vivid black-and-white, with brief introductions and captions, *Historic Photos of Mississippi* takes the viewer on a flightpath to key points of interest in historic Mississippi.

**PHOTO ART THERAPY** Jerry L. Fryear,Irene E. Corbit,1992-01-01 PHOTO ART THERAPY: A JUNGIAN PERSPECTIVE illuminates and guides the reader through new possibilities for art therapy practice, approached by the authors as a creative interaction with different artistic media and therapeutic methods. Although the book is based on Jungian theory and practice, the authors carefully explore cooperation with other therapeutic perspectives, all of which are in keeping with Jung's belief in transcendent universals and multifaceted therapeutic practices. The book is divided into four sections: Self-Understanding, Alleviating Distress and Symptoms, Group Therapy, and Discussion. Wherever possible and practical, photo art therapy work done by clients as illustrations of the concepts is included. The text not only demonstrates innovative ways of combining artistic media but allows clients to articulate the inner workings of the therapeutic process through an engaging series of dialogues and narrations. The book establishes a twofold landmark in elucidating art therapy's close and vital connections to both phototherapy and the discipline of Jungian psychotherapy.
