INTERNATIONAL BESTSELLER • Hailed for its coiled eroticism and the moral claims it makes upon the reader, this mesmerizing novel is a story of love and secrets, horror and compassion, unfolding against the haunted landscape of postwar Germany. A formally beautiful, disturbing and finally morally devastating novel. —Los Angeles Times When he falls ill on his way home from school, fifteen-year-old Michael Berg is rescued by Hanna, a woman twice his age. In time she becomes his lover—then she inexplicably disappears. When Michael next sees her, he is a young law student, and she is on trial for a hideous crime. As he watches her refuse to defend her innocence, Michael gradually realizes that Hanna may be guarding a secret she considers more shameful than murder.

The Leaf Reader Emily Arsenault, 2017-06-13 Emily Arsenault (*The Rose Notes*) makes her YA debut with a "page-ripping whodunit" about Marnie Wells, who

comes face-to-face with the occult when she discovers her ability to read tea leaves might help solve the mystery of a classmate's disappearance. Marnie Wells knows that she creeps people out. It's not really her fault; her brother is always in trouble, and her grandmother, who's been their guardian since Mom took off is . . . eccentric. So no one even bats an eye when Marnie finds an old book about reading tea leaves and starts telling fortunes. The ceremony and symbols are weirdly soothing, but she knows—and hopes everyone else does too—that none of it's real. Then basketball star Matt Cotrell asks for a reading. He's been getting emails from someone claiming to be his best friend, Andrea Quinley, who disappeared and is presumed dead. And while they'd always denied they were romantically involved, a cloud of suspicion now hangs over Matt. But Marnie sees a kindred spirit: someone who, like her, is damaged by association. Suddenly, the readings seem real. And, despite the fact that they're telling Marnie things about Matt that make him seem increasingly dangerous, she can't shake her initial attraction to him. In fact, it's getting stronger. And that could turn out to be deadly.

Reader, Come Home Maryanne Wolf, 2018-08-14 The author of the acclaimed *Proust and the Squid* follows up with a lively, ambitious, and deeply informative book that considers the future of the reading brain and our capacity for critical thinking, empathy, and reflection as we become increasingly dependent on digital technologies. A decade ago, Maryanne Wolf's *Proust and the Squid*

revealed what we know about how the brain learns to read and how reading changes the way we think and feel. Since then, the ways we process written language have changed dramatically with many concerned about both their own changes and that of children. New research on the reading brain chronicles these changes in the brains of children and adults as they learn to read while immersed in a digitally dominated medium. Drawing deeply on this research, this book comprises a series of letters Wolf writes to us—her beloved readers—to describe her concerns and her hopes about what is happening to the reading brain as it unavoidably changes to adapt to digital mediums. Wolf raises difficult questions, including: Will children learn to incorporate the full range of deep reading processes that are at the core of the expert reading brain? Will the mix of a seemingly infinite set of distractions for children’s attention and their quick access to immediate, voluminous information alter their ability to think for themselves? With information at their fingertips, will the next generation learn to build their own storehouse of knowledge, which could impede the ability to make analogies and draw inferences from what they know? Will all these influences change the formation in children and the use in adults of slower cognitive processes like critical thinking, personal reflection, imagination, and empathy that comprise deep reading and that influence both how we think and how we live our lives? How can we preserve deep reading processes in future iterations of the reading brain? Concerns about attention span,

critical reasoning, and over-reliance on technology are never just about children—Wolf herself has found that, though she is a reading expert, her ability to read deeply has been impacted as she has become increasingly dependent on screens. Wolf draws on neuroscience, literature, education, and philosophy and blends historical, literary, and scientific facts with down-to-earth examples and warm anecdotes to illuminate complex ideas that culminate in a proposal for a biliterate reading brain. Provocative and intriguing, *Reader, Come Home* is a roadmap that provides a cautionary but hopeful perspective on the impact of technology on our brains and our most essential intellectual capacities—and what this could mean for our future.

Dear Reader Cathy Rentzenbrink, 2020-09-17 From the Sunday Times bestselling author of *The Last Act of Love*, Cathy Rentzenbrink's *Dear Reader* is the ultimate love letter to reading and to finding the comfort and joy in stories. 'Exquisite' - Marian Keyes, author of *Grown Ups* 'A warm, unpretentious manifesto for why books matter' - Sunday Express Growing up, Cathy Rentzenbrink was rarely seen without her nose in a book and read in secret long after lights out. When tragedy struck, it was books that kept her afloat. Eventually they lit the way to a new path, first as a bookseller and then as a writer. No matter what the future holds, reading will always help. A moving, funny and joyous exploration of how books can change the course of your life, packed with recommendations from one reader to another.

Dear Reader Paul Fournel, 2015-11-03 There's a lot of good to be said about publishing, mainly about the food. The books, though - Robert Dubois feels as if he's read the books, but still they keep coming back to him, the same old books just by new authors. Maybe he's ready to settle into the end of his career, like it's a tipsy afternoon after a working lunch. But then he is confronted with a gift: a piece of technology, a gizmo, a reader... *Dear Reader* takes a wry, affectionate look at the world of publishing, books and authors, and is a very funny, moving story about the passing of the old and the excitement of the new.
