The Qualified Sales Leader John McMahon, 2021-04-22 The learnings in The Qualified Sales Leader will help you and your sales team sell more, make more money and grow your career in enterprise sales. Luca Lazzaroni-CRO Sprinklr Almost monthly someone asks me, "When are you going to write a book". When I ask, "Why?", people tell me, "Because no one has written a sales leadership book with practical, solutions to real life issues in enterprise SaaS sales forces", Why: 62% of sales reps fail, not because they couldn't sell but because they were assigned the wrong accounts. Sales leaders don't align skillsets to account complexity. Sales rep attrition at most SaaS companies is over 20% Sales leaders can't recruit A players Sales Leaders don't coach their reps on deal advancement issues Most sales leaders are "glorified scorekeepers" Most sales leader don't motivate their sales team They're focused on deals, not rep competency Sales forecasts are inaccurate because most reps game the CRM system. Sales team leaders lack qualification of sales stage exit criteria Many salesforces only win 50% of their proof of concepts They can't frame a winning POC Criteria 8 of 10 executive buyers say the sales meetings they take are a waste of time. Sales reps lack the ability to sell business value. 42% of reps in enterprise sales say one of the top 3 biggest challenges is to establish urgency. Reps don't quantify critical business pain to create a buying influence. Reps can't find high-level business champions, only low-level coaches They can't find pain above the noise. Many reps find pain but can't attract a champion They're selfishly focused on closing a sale instead of earning trust. Most reps say they feel out of control during the sales process. Reps can't find a champion to help them control the process. 50% of reps say they can't overcome price objections while companies struggle to increase the average deal size. Most sales reps are vending, not selling. Their reps aren't immersed in the customer conversation. The reps are "thinking", not "knowing" the key elements of the customer use case Top sales leaders will find the answers to these issues and more in The Qualified Sales Leader

The not-so-secret secret is that a winning sales team is made up of high performers—but many fail to realize that high performance must be collective. A single star cannot carry the entire team, and it's the sales manager's responsibility to build a team with the right balance of skills, strengths, and weaknesses. This book shows you how to find the exact people you need, bring them together, and empower them to achieve more than they ever thought possible. You'll learn what drives high performance, and how to avoid the things that disrupt it. You'll discover the missing pieces in your existing training, and learn how to invest in your team to win. You'll come away with more than a better understanding of great sales management—you'll have a concrete plan and an actionable list of steps to take starting right now. Your people are the drivers, but you're the operator. As a sales manager, it's up to you to give your team the skills and tools they need to achieve their potential and beyond. This book shows you how, and provides expert guidance for making it happen. Delve into the psychology behind peak performance Hire the right people at the right time for the right role Train your team to consistently outperform competitors Build and maintain the momentum of success to reach even higher Without sales, business doesn't

happen. No mortgages paid, no college funds built, no retirement saved for, until the sales team brings in the revenue. If the sales team wins, the organization wins. Build your winning team with *The Sales Boss*, the real-world guide to great sales management.

Zero-Time Selling gives every sales professional, sales manager, entrepreneur and CEO the tools to be completely responsive to that customer request. And win more orders in less time. Today anyone working in sales or customer service needs to possess entirely new skills. Among the topics covered in detail: Why the old rules of sales and service no longer work in an always-on world The new sales cycle and how informative Web content drives the buying process Providing agile, real-time sales and service 24/7 without letting it rule your life The importance of defining and understanding the buyer personas How agile customer service retains existing clients and expands new business Why content-rich websites motivate interest, establish authority, and drive sales How social media is transforming the role of salesperson into valued consultant Required reading for any organization that interacts with the public — ranging from independent consultants to established large corporations and small businesses to new start-ups and non-profits — *The New Rules of Sales & Service* is the essential guidebook for anyone attempting to navigate the exciting and evolving digital landscape. Note: *The New Rules of Sales & Service* is neither an update nor a sequel to *The New Rules of Marketing & PR*; rather it complements the earlier book.
