The Compass Tammy Kling, John Spencer Ellis, 2010-04-13 The Compass is a life transformation novel that will guide you on a journey of self-discovery. At the core of The Compass are specific lessons about belief systems and understanding who you really are in order to live out your destiny. Jonathan, the main character, escapes his suburban life after a tragedy that alters his plans for the future. Paralyzed by grief, he decides to journey across the globe in an effort to realign his inner compass. He sets off with just a backpack, leaving behind his career, friends, family, and home. His travels begin in the dessert of Nevada, continue on to the pristine mountains of the Adirondacks, and then to a medieval village in Romania. At each destination, Jonathan encounters a pivotal person who offers a major life lesson, and he begins to realize that each individual was placed on his path for a reason. The Compass is a metaphor for the journey of our lives. In the tradition of the The Alchemist, The Compass provides readers with specific life lessons about authenticity, self-empowerment, and belief in their dreams. As humans we are all connected—by love, pain, and sometimes even by tragedies or events we cannot control. Each one of us travels a unique path, yet we are linked by experiences and emotions. In this connectedness, there is life.

Compass Mathias Enard, 2018-03-27 Winner of the 2015 Prix Goncourt, an astounding novel that bridges Europe and the Islamic world On the shortlist for the 2017 Man Booker International Prize As night falls over Vienna, Franz Ritter, an insomniac musicologist, takes to his sickbed with an unspecified illness and spends a restless night drifting between dreams and memories, revisiting the important chapters of his life: his ongoing fascination with the Middle East and his numerous travels to Istanbul, Aleppo, Damascus, and Tehran, as well as the various writers, artists, musicians, academics, orientalists, and explorers who populate this vast dreamscape. At the center of these memories is his elusive, unrequited love, Sarah, a fiercely intelligent French scholar caught in the intricate tension between Europe and the Middle East. With exhilarating prose and sweeping erudition, Mathias Enard pulls astonishing elements from disparate sources—nineteenth-century composers and esoteric orientalists, Balzac and Agatha Christie—and binds them together in a most magical way.

The Compass Maker Nate Jensen, 2023-04-24 Where did the Liahona come from? Who constructed it? How did it get in front of Lehi's tent? In *The Compass Maker*, a novel set in 600 B.C. Jerusalem, a skilled and faithful metalworker named Ezra has a vision of a mysterious brass compass that he is commanded to build. Just before the vision occurs, Ezra has constructed and delivered to the powerful Laban one of the greatest and most famous swords in history—a sword that, in a twist of fate and irony, becomes the instrument of Laban's own death. Will Ezra's wife, who has lost her faith, or the mounting political intrigues swirling around him derail Ezra's efforts to build the compass on time? *The Compass Maker* is a story of faith, intrigue, love, and sacrifice in which ancient characters—both real and fictional—take part in the unfolding drama of the beginnings of Book of Mormon history in ancient Jerusalem.

The Compass Janet Coleman, 1991-11 The Compass began in a storefront theater near the U. of Chicago campus in the summer of 1955 and lasted only a few years before its players—including Paul Sills, Elaine May, Mike Nichols, Barbara Harris, Severn Darden, and Shelley Berman—moved on. Coleman recreates the time, the place, the personalities, and the neurotic magic whereby the Campus made theater history in America. Annotation copyrighted by Book News, Inc., Portland, OR.

The Compass Rose Ursula K. Le Guin, 1988-01-01 North to Orsinia and the boundaries between reality and madness ... South to discover Antarctica with nine South American women ... West to find an enchanted harp and the

borderland between life and death ... and onward to all points on and off the compass. Twenty astonishing stories from acclaimed author Ursula K. Le Guin carry us to worlds of wonder and horror, desire and destiny, enchantment and doom.

The Compass of Pleasure David J. Linden, 2012-04-24 From the New York Times bestselling author comes a hugely entertaining (NPR.org) look at vice and virtue through cutting-edge science As he did in his award-winning book *The Accidental Mind*, David J. Linden—highly regarded neuroscientist, professor, and writer—weaves empirical science with entertaining anecdotes to explain how the gamut of behaviors that give us a buzz actually operates. *The Compass of Pleasure* makes clear why drugs like nicotine and heroin are addictive while LSD is not, how fast food restaurants ensure that diners will eat more, why some people cannot resist the appeal of a new sexual encounter, and much more. Provocative and illuminating, this is a radically new and thorough look at the desires that define us.

The Intuitive Compass Francis Cholle, 2011-10-18 A dynamic new way to understand intuition, already implemented around the world at top companies and business schools Neuroscience shows that instinct has a leading role in complex decision-making, yet imaginative play is the most direct means of activating our creativity and problem-solving abilities. Based on over 20 years of Cholle's wide-ranging professional experience and insights, *The Intuitive Compass* offers a fascinating new approach to innovative problem-solving, decision-making, and sustainable value creation. Through a concept known as Intuitive Intelligence, Cholle shows how anyone can improve creative brainpower by harnessing the balance between reason and instinct. Explores the tension between linear efficiency and random play, and the synergy between reason and instinct Helps us realize our natural tendencies to think holistically, think paradoxically, notice the unusual, or lead by influence Shows these tenets in action through case studies of the luxury house Hermes, Paris; Google and its paradoxical work culture; Virgin America, and its ability to notice the unusual about what matters for consumers and exert leadership in its industry *The Intuitive Compass* shows how to thrive within chaos and offers actionable information for reinventing our path to sustainable success.

The Compass Deborah Radwan, 2012-01-19 Thirteen-year-old Rudy and his friends routinely ride their bikes through their rundown neighborhood, shouting insults at their neighbor, Jacob, an elderly Jewish man out tending his garden. Then Rudy discovers that his mother has arranged for him to help Jacob tear down his fence that summer. When a sullen Rudy shows up at Jacob's door, it's hard to know which of them is most wary of the other. Yet when Rudy sees the beautiful gardens Jacob and his neighbors, Frederick and Yoshito, have created in their backyards, he can't help but be impressed. During the hot summer days that follow, fatherless Rudy, who wants to belong to something, toils in the sun with a shovel and an attitude, reluctant to accept even a glass of Frederick's iced tea. Gradually he learns that the older men—Jacob, from Germany; Frederick, an African American from the pre-civil rights movement South; and Yoshito, a Japanese American who spent three years in an internment camp during World War II—have become like brothers, bonded through tragedy and the drive to transform barren dirt into something beautiful. Frederick and Yoshito have made peace with their pasts and removed the fence between their yards, but Jacob is still haunted by what happened to his family at Auschwitz, memories retriggered by Rudy and his friends. As they work alongside each other, Jacob and Rudy do more than tear down a fence in this story of healing and hope that changes Rudy's life in ways he never imagined.

The Sun Is a Compass Caroline Van Hemert, 2019-03-19 For fans of Cheryl Strayed, the gripping story of a biologist's human-powered journey from the Pacific Northwest to the Arctic to rediscover her love of birds,

nature, and adventure. During graduate school, as she conducted experiments on the peculiarly misshapen beaks of chickadees, ornithologist Caroline Van Hemert began to feel stifled in the isolated, sterile environment of the lab. Worried that she was losing her passion for the scientific research she once loved, she was compelled to experience wildness again, to be guided by the sounds of birds and to follow the trails of animals. In March of 2012, she and her husband set off on a 4,000-mile wilderness journey from the Pacific rainforest to the Alaskan Arctic, traveling by rowboat, ski, foot, raft, and canoe. Together, they survived harrowing dangers while also experiencing incredible moments of joy and grace -- migrating birds silhouetted against the moon, the steamy breath of caribou, and the bond that comes from sharing such experiences. A unique blend of science, adventure, and personal narrative, *The Sun is a Compass* explores the bounds of the physical body and the tenuousness of life in the company of the creatures who make their homes in the wildest places left in North America. Inspiring and beautifully written, this love letter to nature is a lyrical testament to the resilience of the human spirit. Winner of the 2019 Banff Mountain Book Competition: Adventure Travel
