Managing Electronic Media Joan M. Van Tassel, Lisa Poe-Howfield, 2010 The book explains the new vocabulary of media moguls, such as bandwidth, digital rights management, customer relations management, distributed work groups, centralized broadcast operations, automated playlists, server-based layout, repurposing, mobisodes, TV-to-DVD, and content management.

Newspapers Mike Farrell, Mary Carmen Cupito, 2010 In a time of uncertainty and change in the newspaper industry, this book provides a concise and thorough overview of the field, looking back at newspapers' history, and forward to their future - and insisting there will be one. The authors, former journalists who now teach the subject, review the practices of the profession - from defining news to examining who owns newspapers, from newspaper readership to the new media environment. Written in an accessible style, this comprehensive text is well suited for a range of courses on newspapers.

Confession of an American Media Man Tom Plate, 2011-01-30 For better or for worse, the news media in the United States has huge worldwide influence. And yet little is actually known about its real inner workings, inherent logic and deeply embedded customs.

Summary of Derek Thompson's Hit Makers Everest Media, 2022-04-23T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Japanese Footbridge by Claude Monet is a famous painting, but Gustave Caillebotte's paintings are exquisite and less known. The reason Caillebotte is less known is because he is in the impressionist exhibit with Monet, who is more famous. #2 Gustave Caillebotte was a French painter who was born into a wealthy family. He was friends with many of the most controversial young artists of his time, including Monet and Degas. He died at the age of 45 in 1894. His will stipulated that all paintings hang at the Musée du Luxembourg in Paris. #3 The artworks were finally hung in 1897, at a new wing in the

Musée du Luxembourg. The public flooded the museum to see art they'd previously savaged or simply ignored. The seven core impressionist painters were the only ones who shared this characteristic. #4 The fact that Caillebotte's bequest shaped the impressionist canon spoke to something deep and universal about media, entertainment, and popularity. People prefer paintings that they've seen before.

What the Dog Saw: And Other Adventures is a collection of essays by Malcolm Gladwell that explores the intricacies of various phenomena through the lens of psychology, economics, and social science. The book delves into the lives of pitchmen like Ron Popeil and his family, who revolutionized the infomercial industry with their kitchen gadgets. It examines the psychology behind consumer behavior, as seen in the success of Grey Poupon mustard and the failure of World's Best Ketchup. Gladwell also investigates the complexities of the financial world, as demonstrated by the Enron scandal and Nassim Taleb's approach to risk in the stock market. The book touches on the history of ketchup and the birth-control pill, highlighting how cultural and scientific perceptions shape product development and usage...

Summary of Kevin Cook's Titanic Thompson Everest Media,2022-05-10T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 Alvin's family lore says that his father, Lee Thomas, was a poker player who left when Alvin was born. His mother, Sarah, married a hog farmer who had a plot near Rogers, Arkansas. They shared a three-room cabin with Alvin and his brothers. #2 Alvin grew up in Eureka Springs, Arkansas. He was a very precocious child,

able to throw a coin so that it landed flat against a wall. He could make the coin lean on the wall if he wanted. He was also very good at card tricks. #3 When no one was looking, Alvin would pitch pennies at a tin cup. After hundreds of tosses, he grooved a soft underhand motion. He could now offer a crazy-sounding bet: I can make nine out of ten from five paces. #4 Alvin's first stop after leaving Rogers was Monett, Missouri, the town of his birth. He thought he might pick up his father's trail there, but instead he met a man who sold colorful accordion maps of the United States.

Unscripted by James B. Stewart chronicles the tumultuous life of billionaire Sumner Redstone, his family dynamics, and the power struggles within his media empire. The narrative delves into the ambitions of Sydney Holland and Manuela Herzer, who aimed to control Redstone's fortune, potentially dispossessing his grandchildren. Despite their intimate relationships with Redstone and the wealth they accumulated from his generosity, they faced opposition from Shari Redstone, Sumner's daughter, who was deeply involved in the family business and suspicious of their motives...

Summary of Kenneth Roman & Joel Raphaelson's Writing That Works, 3rd Edition

Everest Media,2022-06-22T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The goal of clear communication is not to be clear, but to be effective. You won't be able to take action on the information if it is unclear or irrelevant to the subject. #2 To get action from busy people, your writing must cut through to the heart of the matter. It must require a minimum of time and effort on the reader's part. The importance of this increases with the importance of your reader. #3 The biggest time waster is shuffling things from one pile to another while you drown in a sea of indecision. Effective executives try to handle paper only once, and they delete or respond to e-mail on the spot.

Headliner Phil Gaudreau,Stephen Heckbert,2020-01-13 Ask 100 different people about their opinion of the news these days and you might hear 100 different answers. The only certainty: everyone has an opinion. At a time where the news industry is changing rapidly, and the pace of communication is accelerating, you may find it challenging to capture the media's attention when you need to. *Headliner* is for those of us who want to better understand, and be understood, through effective communication....

Howard Stern Paul D. Colford,1996-06 Howard Stern -- you may love him, you may hate him, but you can't ignore this media star and best-selling author. Yet the man who is supposedly the rampant Id is, it turns out, fairly reticent about himself and his media empire. Colford has written this thoroughly researched and engaging unauthorized biography to tell all the facts that we haven't heard from the self-proclaimed King of All Media. Topics include Stern's family; the young Howard; the influences; his practice of Transcendental Meditation; members of his crew; his TV programs and

deals; and the real Howard Stern -- family life, the comforts of home, the riches, and the burden of his life. Photos.

Spin! How the News Media Misinform and Why Consumers Misunderstand Bob Conrad, Bob Conrad Ph D, 2011-01-03 Spin brings to light a controversial and critical issue--how the media can shape the news instead of report it. As a PhD ... (the author) gives a unique insight into the pressures, politics, and changes in the media that lead to quickly reporting, and sensationalizing stories, based on scanty evidence all to get lots of readers. Journalistic integrity seems to be waning. Personally I got a lot of insight from the chapter about the Toyota recall debacle in which relatively small problems leading to lots of vehicles recalled were blown up into computer-controlled, unstoppable, runaway cars that can only be characterized as science fiction. This book is short and to the point and should be read by all! --Jeffrey K. Liker, PhD, author of The Toyota Way and Toyota Under Fire Ever watched the news and felt like something was missing? Or read a news story and felt like you were being misled? This book explains why. The news industry has changed dramatically in recent years and not for the best. From Sarah Palin to Toyota, from science to environmental advocacy, the waters of truth are frequently muddied by the news media. This book reviews studies about the news media by researchers, it describes the author's personal experiences in dealing with reporters and it details a number of real-life examples that dig deep beyond headlines.

Finders, Keepers Sapan, 2014-12-24 Finders, Keepers. Losers, Weepers Two men are murdered in settings which speak volumes of involvement of some sacred cynicism. A psycho-killer on the loose? Or is this the beginning of something much more grave and dangerous? This is the tale of how Deputy Director, I.B., Shoumik Halder and celebrated author Ishan Vajpayee exercise all their tools of conventional and unconventional deduction to solve the puzzles thrown across by the enemy, yet unrevealed. Intertwined intensely with the opulent mythological tales and specimens attributing to the rich cultural heritage of this country, the story depicts the resurgence of a dormant historical sect, which attacks the very foundations of one of the most powerful and secreted organizations of all times. Spread across the length and breadth of the entire Indian subcontinent, read the mystery as it unravels with the duo travelling from one corner of the country to another searching for the signs.

Hollywood Remakes, Deleuze and the Grandfather Paradox D. Varndell, 2014-08-29 Hollywood Remakes, Deleuze and the Grandfather Paradox explores the philosophy of Gilles Deleuze using the framework of Hollywood's current obsession with remaking and rebooting classic and foreign films.
