

# Trip

Dayton Duncan, Ken Burns

**Trip** Tao Lin, 2018-05-01 Part memoir, part history, part journalistic exposé, *Trip* is a look at psychedelic drugs, literature, and alienation from one of the twenty-first century's most innovative novelists--The Electric Kool-Aid Acid Test for a new generation. A Vintage Original. While reeling from one of the most creative--but at times self-destructive--outpourings of his life, Tao Lin discovered the strange and exciting work of Terence McKenna. McKenna, the leading advocate of psychedelic drugs since Timothy Leary, became for Lin both an obsession and a revitalizing force. In *Trip*, Lin's first book-length work of nonfiction, he charts his recovery from pharmaceutical drugs, his surprising and positive change in worldview, and his four-year engagement with some of the hardest questions: Why do we make art? Is the world made of language? What happens when we die? And is the imagination more real than the universe? In exploring these ideas and detailing his experiences with psilocybin, DMT, salvia, and cannabis, Lin takes readers on a trip through nature, his own past, psychedelic culture, and the unknown.

*Ego Trip's Book of Rap Lists* Sacha Jenkins, Elliott Wilson, Jeff Mao, Gabe Alvarez, Brent Rollins, 2014-03-25 *Ego Trip's Book of Rap Lists* is more popular than racism! Hip hop is huge, and it's time someone wrote it all down. And got it all right. With over 25 aggregate years of interviews, and virtually every hip hop single, remix and album ever recorded at their disposal, the highly respected *Ego Trip* staff are the ones to do it. The *Book of Rap Lists* runs the gamut of hip hop information. This is an exhaustive, indispensable and completely irreverent bible of true hip hop knowledge.

*Trip* Frederick Barthelme, 1999 *Trip* is celebrated Grapevine photographer Susan Lipper's new, conceptually ambitious artist's book: an assembled narrative of a fictional road trip in America, destination and starting point unknown. Adrift. The date is the present, but only slightly so. The viewer is cast without aid amongst snatches of text and vernacular objects, staged or found, that render the landscape neither familiar nor foreign. Semiotic interplay is introduced with seemingly objective signs and symbols, readable in a traditional sense, yet what meanings do they serve here? Re-appropriating the documentary.

**American Trip** Ido Hartogsohn, 2020-07-14 How historical, social, and cultural forces shaped the psychedelic experience in midcentury America, from CIA experiments with LSD to Timothy Leary's Harvard Psilocybin Project. Are psychedelics invaluable therapeutic medicines, or dangerously unpredictable drugs that precipitate psychosis? Tools for spiritual communion or cognitive enhancers that spark innovation? Activators for one's private muse or part of a political movement? In the 1950s and 1960s, researchers studied psychedelics in all these incarnations, often arriving at contradictory results. In *American Trip*, Ido Hartogsohn examines how the psychedelic experience in midcentury America was shaped by historical, social, and cultural forces--by set (the mindset of the user) and setting (the environments in which the experience takes place).

Road Trip Bill Schneider, 2008-03 Sam Chapman decides to celebrate his fiftieth birthday with a cross country trip via Route 6 and finds himself along the way.

Trip Planner and Travel Journal Travel Planners, Trip Planner Travel Journal, 2019-03-19 This *Trip Planner Itinerary and Travel Journal* is suitable for everyone who like travel. **The Road Trip** Beth O'Leary, 2021-06-01 Two exes reach a new level of awkward when forced to take a road trip together in this endearing and humorous novel by the author of the international bestseller *The Flatshare*. What if the end of the road is just the beginning? Four years ago, Dylan and Addie fell in love under the Provence sun. Wealthy Oxford student Dylan was staying at his friend Cherry's enormous French villa; wild child Addie was spending her summer as the on-site caretaker. Two years ago, their relationship officially ended. They haven't spoken since. Today, Dylan's and Addie's lives collide again. It's the day before Cherry's wedding, and Addie and Dylan crash cars at the start of the journey there. The car Dylan was driving is wrecked, and the wedding is in rural Scotland—he'll never get there on time by public transport. So, along with Dylan's best friend, Addie's sister, and a random guy on Facebook who needed a ride, they squeeze into a space-challenged Mini and set off across Britain. Cramped into the same space, Dylan and Addie are forced to confront the choices they made that tore them apart—and ask themselves whether that final decision was the right one after all.

**Death Trip** Lee Weeks, 2009-08-20 Mann's search for the brother he never knew takes him from the carefree beaches of Thailand to the desperate drug-ridden world of Amsterdam's Red Light District.

**The Vagabonds** Jeff Guinn, 2020-11-17 A "fascinating slice of rarely considered American history" (Booklist)—the story of Henry Ford and Thomas Edison—whose annual summer sojourns introduced the road trip to our culture and made the automobile an essential part of modern life. In 1914 Henry Ford and naturalist John Burroughs visited Thomas Edison in Florida and toured the Everglades. The following year Ford, Edison, and tire maker Harvey Firestone joined together on a summer camping trip and decided to call themselves the Vagabonds. They would continue their summer road trips until 1925, when they announced that their fame made it too difficult for them to

carry on. Although the Vagabonds traveled with an entourage of chefs, butlers, and others, this elite fraternity also had a serious purpose: to examine the conditions of America's roadways and improve the practicality of automobile travel. Cars were unreliable and the roads were even worse. But newspaper coverage of these trips was extensive, and as cars and roads improved, the summer trip by automobile soon became a desired element of American life. The Vagabonds is "a portrait of America's burgeoning love affair with the automobile" (NPR) but it also sheds light on the important relationship between the older Edison and the younger Ford, who once worked for the famous inventor. The road trips made the automobile ubiquitous and magnified Ford's reputation, even as Edison's diminished. The automobile would transform the American landscape, the American economy, and the American way of life and Guinn brings this seminal moment in history to vivid life.

*Horatio's Drive* Dayton Duncan, Ken Burns, 2003 The companion volume to the PBS documentary film about the first—and perhaps most astonishing—automobile trip across the United States. In 1903 there were only 150 miles of paved roads in the entire nation and most people had never seen a "horseless buggy"—but that did not stop Horatio Nelson Jackson, a thirty-one-year-old Vermont doctor, who impulsively bet fifty dollars that he could drive his 20-horsepower automobile from San Francisco to New York City. Here—in Jackson's own words and photographs—is a glorious account of that months-long, problem-beset, thrilling-to-the-rattled-bones trip with his mechanic, Sewall Crocker, and a bulldog named Bud. Jackson's previously unpublished letters to his wife, brimming with optimism against all odds, describe in vivid detail every detour, every flat tire, every adventure good and bad. And his nearly one hundred photographs show a country still settled mainly in small towns, where life moved no faster than the horse-drawn carriage and where the arrival of Jackson's open-air (roofless and windowless) Winton would cause delirious excitement. Jackson was possessed of a deep thirst for adventure, and his remarkable story chronicles the very beginning of the restless road trips that soon became a way of life in America. *Horatio's Drive* is the first chapter in our nation's great romance with the road. With 146 illustrations and 1 map

*The Bus Trip* Jamy Bechler, 2019-11-28 It was not quite the season that the Eagles had envisioned. With another road trip looming, morale was low and motivation was non-existent. The season was essentially over as the players were just going through the motions, counting down the days until the last game was finally completed. Little did they know when they woke up that day that instead of being another step closer to the end, this particular trip would mark the beginning of something special. They would encounter situations and have conversations that would start to change the way they looked at themselves and the team. In learning how to be better teammates and more positive leaders, their seemingly finished season was now only beginning.

*One Trip Abroad* F. Scott Fitzgerald, 2018-11-17 *One Trip Abroad* by F. Scott Fitzgerald The story consists of two characters, Nelson and Nicole Kelly, two wealthy American expatriates who travel through Europe. Unlike much 1920s literature in which European residence is adventurous and cosmopolitan, the two experience both moral and physical decline in their marriage and in their bodies, symbolized by the Doppelg
