2 INDIAN MASS MEDIA AND THE POLITICS OF CHANGE Somnath Batabyal,Angad Chowdhry,Meenu Gaur,Matti Pohjonen,2013-04-11 India has been the focus of international attention in the past few years. Rhetoric concerning its rapid economic growth and the burgeoning middle classes suggests that something new and significant is taking place. Something has changed, we are told: India is shining, the elephant is rising, and the 21st century will be Indian. What unites these powerful re-imaginings of the Indian nation is the notion of change and its many ramifications. Election campaigns, media commentators, scholars, activists and drawing room debates all cut their teeth around this complex notion. Who is it that benefits from this change? Do such re-imaginings of nationhood really reflect the complex social reality of large parts of the Indian population? The book starts with the premise that it is within the mass media where we can best understand how this change is imagined. From a kaleidoscope of perspectives the book interrogates this articulation and the myriad forms it takes – across India’s newsrooms, television sets, cinema halls, mobile phones and computer screens.

2 THE INDIAN FILM Panna Shah,1950 Panna Shah has set out to make a social study of the growth of the film industry in India through statistical and psychological research. The book gives an historical, sociological and economic survey of India’s film industry.

2 BEYOND THE MYTH Jayati Bhattacharya,2011 This book is a macro-study of Indian business communities in Singapore through different phases of their growth since colonial times. It goes beyond the conventional labour-history approach to study Indian immigrants to Southeast Asia, both in terms of themselves and their connections with the peoples’ movements. It looks at how Indian business communities negotiated with others in the environments in which they found themselves and adapted to them in novel ways. It especially brings into focus the patterns and integration of the Indian networks in the large-scale transnational flows of capital, one of the least-studied aspects of the diaspora history in this part of the world.

2 CHINESE AND INDIAN BUSINESS Medha Malik Kudaisya,Chin-keong Ng,2009-03-16 This is the first comparative study of business as an important agent of change in the economies of India and China.
