The Genesis of the Civil War in Somalia Muuse Yuusuf,2021-05-20 This study explores the genesis of the civil war in Somalia by analysing the defeat of Somalia in the 1977 Ogaden war, asserting that this defeat, which was prompted by the intervention of the USSR, was a turning point which unleashed long term socio-political forces that led to the collapse of the central government of the country. Muuse Yuusuf analyses the history of the Somali civil war, from 1977 to the present, and the role played by various actors in the conflict such as local clans, warlords and foreign powers, and examines the present day by-products of the war, such as religious extremism. Crucially, Yuusuf looks beyond the mainstream explanation for the conflict – that of rival clans fighting over resources. By recognising the impact of foreign military interventions in Somalia, from superpower rivalry during the cold war to the war-on-terror, on the initiation and perpetuation of the Somali conflict, the book attempts to identify foreign military intervention as a new paradigm in the discourse around it.

Television at Large in South Asia Aswin Punathambekar,Shanti Kumar,2015-09-25 This book explores the empirical and theoretical significance of understanding television as a dynamic technology, a creative industry, and a vibrant cultural form that is at large in South Asia. Bringing together prominent scholars who have shaped television studies in South Asia, as well as emerging scholars who address new topics, this book decisively positions television as a key site in the study of South Asian History and Culture. In doing so, it also positions the study of television in South Asia and the South Asian diaspora as crucial in the rethinking of global television history and opens up new directions for the future of television studies. This volume will be essential reading for scholars and teachers of media and communication studies, media history, anthropology, and sociology, besides being of great interest to policymakers and media professionals. This book was originally published as a special issue of South Asian History and Culture.

The Frontlines of Peace Severine Autesserre,2021-02-01 At turns surprising, funny, and gut-wrenching, this is the hopeful story of the ordinary yet extraordinary people who have figured out how to build lasting peace in their communities The word peacebuilding evokes a story we've all heard over and over: violence breaks out, foreign nations are scandalized, peacekeepers and million-dollar donors come rushing in, warring parties sign a peace agreement and, sadly, within months the situation is back to where it started--sometimes worse. But what strategies have worked to build lasting peace in conflict zones, particularly for ordinary citizens on the ground? And why should other ordinary citizens, thousands of miles away, care? In *The Frontlines of Peace*, Severine Autesserre, award-winning researcher and peacebuilder, examines the well-intentioned but inherently flawed peace industry. With examples drawn from across the globe, she reveals that peace can grow in the most unlikely circumstances. Contrary to what most politicians preach, building peace doesn't require billions in aid or massive international interventions. Real, lasting peace requires giving power to local citizens. *The Frontlines of Peace* tells the stories of the ordinary yet extraordinary individuals and organizations that are confronting violence in their communities effectively. One thing is clear: successful examples of peacebuilding around the world, in countries at war or at peace, have involved innovative grassroots initiatives led by local people, at times supported by foreigners, often employing methods shunned by the international elite. By narrating success stories of this kind, Autesserre shows the radical changes we must take in our approach if we hope to build lasting peace around us--whether we live in Congo, the United States, or elsewhere.

Channel of Peace Kevin Tuerff,2018-02-06 One of the inspirations for the smash hit Broadway musical *Come From Away*, *Channel of Peace* is an unforgettable memoir of the extraordinary kindness afforded to passengers whose flights were re-routed to Gander, Newfoundland, on September 11, 2001. When Kevin Tuerff and his partner boarded their flight from France to New York City on September 11, 2001, they had no idea that a few hours later the world — and their lives — would change forever. After U.S. airspace closed following the terrorist attacks, Kevin, who had been experiencing doubts about organized religion, found himself in the small town of Gander, Newfoundland, with thousands of other refugees or “come from aways.” *Channel of Peace* is a beautiful account of

how the people of Gander rallied with boundless acts of generosity and compassion for the “plane people,” renewing Kevin’s spirituality and inspiring him to organize an annual and growing “giving back” day. His unforgettable and uplifting story, along with others, has reached thousands of people when it was incorporated into the Broadway musical Come From Away.

Violence and Terror in the Mass Media George Gerbner,Nancy Signorielli,1988-01-13 Originally a Unesco project, this annotate bibliography results from more than 4,600 requests to media scholars and researchers for research reports, publications, and other information relating to violence and terrorism. Although there is an international cast to the materials, most are from the U.S. Even though violence and terrorism permeate our myths and legends, there is increasing concern with their effect on viewers. This bibliography is particularly timely, with entries through spring 1987. The sections of the work (mass media content, mass media effects, pornography and the media, terrorism and the media) give a better idea of the work's scope than does the title. Choice [T]he annotations are clearly written, succinctly descriptive of the original work's research with test groups, and evaluative of research results. Reference Books Bulletin This bibliography focuses on research and scholarly works relating to violence and terror. Consisting primarily of articles published in scholarly journals and books, this comprehensive work examines major topics such as violence and mass media content, violence and mass media effects, terrorism and the mass media, and pornography. Also included are articles from popular journals, reports published by the United States and other governments, conference papers, and dissertations. Each entry consists of the bibliographic citation and a short abstract; many of the sources include studies from other countries where relevant research has been conducted. The compilers' introduction provides a clear definition of violence and terrorism as they are dealt with in this volume and offers an interesting overview of various aspects of the subject.

Watch Peacstv Live (eng) Introduction

In the digital age, access to information has become easier than ever before. The ability to download Watch Peacstv Live (eng) has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Watch Peacstv Live (eng) has opened up a world of possibilities. Downloading Watch Peacstv Live (eng) provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Watch Peacstv Live (eng) has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Watch Peacstv Live (eng). These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Watch Peacstv Live (eng). Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Watch Peacstv Live (eng), users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Watch Peacstv Live (eng) has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
