**Weed Land** Peter Hecht,2014-05-02 Early in the morning of September 5, 2002, camouflaged and heavily armed Drug Enforcement Administration agents descended on a terraced marijuana garden. The DEA raid on the Wo/Men's Alliance for Medical Marijuana, a sanctuary for severely ill patients who were using marijuana as medicine, is the riveting opening scene in *Weed Land*, an up-close journalistic narrative that chronicles a transformative epoch for marijuana in America. From the 1996 passage of California's Proposition 215, the nation's first medical marijuana law, through law enforcement raids, clinical studies that revealed medical benefits for cannabis, and the emergence of a lucrative cannabis industry, *Weed Land* reveals the changing political, legal, economic, and social dynamics around pot. Peter Hecht, an award-winning journalist from The Sacramento Bee, offers an independent, meticulously reported account of the clashes and contradictions of a burgeoning California cannabis culture that stoked pot liberalization across the country.

**Scratch & Sniff Book of Weed** Seth Matlins,Eve Epstein,2017-04-18 Legal in all 50 states, this entertaining, informative, and whimsically illustrated guide covers 4,000 years of weed and its significance—psychoactive, cultural, medical, sexual, and more—in just 22 pages and with 20 scratch-&-sniff scents. From the science behind the munchies to the botanical link between weed and beer; from weed's sexual upsides to its (literal) sexual downsides; from Tupac to Shakespeare to why weed makes music sound better: This book may just be the greatest-ever gift for anyone from the cannabis connoisseur to the cannabis curious.

**Craft Weed** Ryan Stoa,2018-11-27 How the future of post-legalization marijuana farming can be sustainable, local, and artisanal. What will the marijuana industry look like as legalization spreads? Will corporations sweep in and create Big Marijuana, flooding the market with mass-produced weed? Or will marijuana agriculture stay true to its roots in family farming, and reflect a sustainable, local, and artisanal ethic? In *Craft Weed*, Ryan Stoa argues that the future of the marijuana industry should be powered by small farms—that its model should be more craft beer than Anheuser-Busch. To make his case for craft weed, Stoa interviews veteran and novice marijuana growers, politicians, activists, and investors. He provides a history of marijuana farming and its post-hippie resurgence in the United States. He reports on the amazing adaptability of the cannabis plant and its genetic gifts, the legalization movement, regulatory efforts, the tradeoffs of indoor versus outdoor farms, and the environmental impacts of marijuana agriculture. To protect and promote small farmers and their communities, Stoa proposes a Marijuana Appellation system, modeled after the wine industry, which would provide a certified designation of origin to local crops. A sustainable, local, and artisanal farming model is not an inevitable future for the marijuana industry, but *Craft Weed* makes clear that marijuana legalization has the potential to revitalize rural communities and the American family farm. As the era of marijuana prohibition comes to an end, now is the time to think about what kind of marijuana industry and marijuana agriculture we want. *Craft Weed* will help us plan for a future that is almost here.

**Weed Rules** Jay Wexler,2023-04-18 With full legalization seeming inevitable, it's time to shift the conversation—from whether recreational cannabis should be legalized to how. *Weed Rules* argues that it's time for states to abandon their grudging tolerance approach to legal weed and to embrace careful exuberance. In this thorough and witty book, law professor Jay Wexler invites policy makers to responsibly embrace the enormous benefits of cannabis, including the joy and euphoria it brings to those who use it. The grudging tolerance approach has led to restrictions that are too strict in some cases—limiting how and where cannabis can be used, cultivated, marketed, and sold—and far too loose in others, allowing employers and police to discriminate against users. This book shows how focusing on joy and community can lead us to an equitable marijuana policy in which minority communities, most harmed by the war on drugs, play a leading role in the industry. Centering pleasure and fun as legitimate policy goals, *Weed Rules* puts forth specific policies to advocate for a more just, sensible, and joyous post-legalization society.

**Weed the People** Bruce Barcott,2015-04-07 There is no other organization whose inner workings are more secretive than the Vatican – the spiritual and physical center – of the Catholic Church. Now, with a dynamic new leader in Pope Francis, all eyes are upon the church, as this immensely popular Pope seeks to bring the church back from the right to center, in what can almost be described as a populist stance, blurring the lines between politics, religion and culture. With topics including women, finance, scandal, and reform at the fore, never before have so many eyes been upon the church in what could be its defining moment for modern times. Now the most respected journalist covering the Vatican and the Catholic Church today, John L. Allen, reveals the inner workings of the Vatican to display the vast machinery, and the man at the helm in a way that no other writer can. The Boston Globe has stated that John L. Allen 'is basically the reporter that bishops and cardinals call to find out what's going on within the confines of the Vatican.'

A nationally recognized clinical expert and leading researcher on marijuana, Kevin P. Hill provides a comprehensive guide to understanding the drug in *Marijuana: Cutting through the Myths about the World's Most Popular Weed*. Through research-based historical, scientific, and medical information, Hill will help you sort through what you hear on the streets and in the media and cut straight to the facts. **What Is "Marijuana, Cannabis, Weed, Ganga or Pot"** Seymour Freckleton, 2020 Shortly after reading the passage I went to my ganja patch and on the way there I heard some noise. The noise grew louder the closer I got to the ganja field. When I got to the field, to my amazement the field was filled with several different types of birds, just eating away the herb. There were parrots, ground doves, pea doves, white belly, and white wing to name a few. I reflected on the passage I read during my devotion, realizing the word was being made a reality, and all I could do was cry. God's word is truly the living word. In Jamaica the Rasta man slang "no problem man" or "everything irie" is because no matter how things appear hard once he partakes of his weed, everything is calm and relaxed. Hence, no problem man.

**Weed the People** Bruce Barcott, 2015-10-13 The legalization of marijuana is the next great reversal of history. Perhaps the most demonized substance in America, scientifically known as *Cannabis sativa*, simply a very fast growing herb, thrived underground as the nation's most popular illegal drug. Now the tide has shifted: In 1996 California passed the nation's first medical marijuana law, which allowed patients to grow it and use it with a doctor's permission. By 2010, twenty states and the District of Columbia had adopted medical pot laws. In 2012 Colorado and Washington state passed ballot measures legalizing marijuana for adults age 21 and older. The magnitude of the change in America's relationship to marijuana can't be measured in only economic or social terms: There are deeper shifts going on here - cultural realignments, social adjustments, and financial adjustments. The place of marijuana in our lives is being rethought, reconsidered, and recalibrated. Four decades after Richard Nixon declared a War on Drugs, that long campaign has reached a point of exhaustion and failure. The era of its winding down has arrived. *Weed the People* will take readers a half-step into the future. The issues surrounding the legalization of pot vary from the trivial to the profound. There are new questions of social etiquette: Is one expected to offer a neighborly toke? If so, how? Is it cool to bring cannabis to a Super Bowl party? Yea or nay on the zoning permit for a marijuana shop two doors down from the Safeway? Plus, there are the inevitable conversations between parents and children over exactly what this adult experiment with marijuana means for them.

**Weed Science** Godfrey Pearlson, 2020-07-11 WHAT DO WE KNOW ABOUT MARIJUANA AND HOW DO WE KNOW IT? Marijuana is the

most frequently consumed illicit drug worldwide, with over 158.8 million users, according to the UN. Responding to public pressure, the US federal government is likely to legalize recreational marijuana within the next few years. With increasing numbers of people using cannabis both medically and recreationally there are many looming questions that only science can answer. These include: What's likely to happen, both good and bad, if the US legalizes marijuana? What are some simple, science-based rules to separate fact from fiction and to help guide policy in the highly contentious marijuana debate? Exactly what is cannabis doing in the brain that gets us high? A journey through THC neuroscience Does cannabis really have medical benefits – what's the evidence? To what extent does cannabis impair driving? Can smoking marijuana in adolescence affect IQ or risk for developing schizophrenia? Is marijuana safe to use during pregnancy? Reviews the endocannabinoid system and why our bodies are full of weed receptors Introduces readers to the various forms of marijuana: flower, dabs, hash, edibles, shatter, vapes, tinctures, oils and synthetics, THC, CBD and terpenes. Demonstrates how and why cannabis affects different people very differently. Discusses how MRI and PET scans can help show the effects of marijuana on the brain. Discusses long-term effects of adolescent and adult cannabis use. Examines the evidence for cannabis’s role in increasing the risk for schizophrenia-like illnesses.
