Tracy I. Storer,Lloyd P. Tevis

A History of California and an Extended History of Los Angeles and Environs James Miller Guinn,1915

The California Field Atlas Obi Kaufmann,2017-09 [A] gorgeously illustrated compendium.-- Sunset This lavishly illustrated atlas takes readers off the beaten path and outside normal conceptions of California, revealing its myriad ecologies, topographies, and histories in exquisite maps and trail paintings. Based on decades of exploring the backcountry of the Golden State, artist-adventurer Obi Kaufmann blends science and art to illuminate the multifaceted array of living, connected systems like no book has done before. Kaufmann depicts layer after layer of the natural world, delighting in the grand scale and details alike. The effect is staggeringly beautiful: presented alongside California divided into its fifty-eight counties, for example, we consider California made up of dancing tectonic plates, of watersheds, of wildflower gardens. Maps are enhanced by spirited illustrations of wildlife, keys that explain natural phenomena, and a clear-sighted but reverential text. Full of character and color, a bit larger than life, The California Field Atlas is the ultimate road trip companion and love letter to a place.

California Edan Lepucki,2014-07-08 The world Cal and Frida have always known is gone, and they've left the crumbling city of Los Angeles far behind them. They now live in a shack in the wilderness, working side-by-side to make their days tolerable in the face of hardship and isolation. Mourning a past they can't reclaim, they seek solace in each other. But the tentative existence they've built for themselves is thrown into doubt when Frida finds out she's pregnant. Terrified of the unknown and unsure of their ability to raise a child alone, Cal and Frida set out for the nearest settlement, a guarded and paranoid community with dark secrets. These people can offer them security, but Cal and Frida soon realize this community poses dangers of its own. In this unfamiliar world, where everything and everyone can be perceived as a threat, the couple must quickly decide whom to trust. A gripping and provocative debut novel by a stunning new talent, California imagines a frighteningly realistic near future, in which clashes between mankind's dark nature and deep-seated resilience force us to question how far we will go to protect the ones we love. In her arresting debut novel, Edan Lepucki conjures a lush, intricate, deeply disturbing vision of the future, then masterfully exploits its dramatic possibilities.-Jennifer Egan, author of A Visit from the Goon Squad

California Emily Rose Oachs,2021-08-01 California has come a long way from its Spanish mission beginnings! Today, this diverse state is a leader in farming, technology, and entertainment. Readers can learn all about the Golden State, from its natural wonders to its favorite foods, festivals, and sports teams through leveled text and colorful photos. Features profile a famous Californian, introduce a favorite animal, map out important places, and allow readers to test a recipe from the state. Get ready to explore the great state of California with this fun read!

California Finfish and Shellfish Identification Book ,2006

The California Column in New Mexico Darlis A. Miller,1982 During the Civil War, the California Column moved to New Mexico to save it for the Union by preventing a Confederate force from occupying it. About 340 members of the Column remained in New Mexico after the war to settle the territory.

The Rough Guide to California Rough Guides,2017-06-13 This in-depth coverage of California's local attractions, sights, and restaurants takes you to the most rewarding spots - from the Hollywood sign to the Golden Gate Bridge to the Redwoods - and stunning color photography brings the land to life on the pages. With a beautiful new cover, amazing tips and information, and key facts, The Rough Guide to California is the perfect travel companion. Discover California's highlights, with expert advice on exploring the best sites, participating in festivals, and exploring local landmarks through extensive coverage of this fascinating location. Easy-to-use maps; reliable advice on how to get around; and insider reviews of the best hotels, restaurants, bars, clubs, and shops for all budgets ensure that you won't miss a thing. Make the most of your time with The Rough Guide to California.

California Crackup Joe Mathews,Mark Paul,2010 California Crackup is brilliant. It cuts through the familiar tangle of diagnoses and quick-fix solutions to provide a comprehensive and persuasive

analysis of California's dysfunctional governmental system. Paul and Mathews have coolly laid out a complicated story, made it readable, sometimes even comedic. It is the best discussion of the issue I've seen in over three decades.--Peter Schrag, author of *California: America's High-Stakes Experiment* I know of no other work that combines so succinctly and enjoyably a historical summary of California's existing problems with such a sweeping and provocative program of reform.--Ethan Rarick, University of California, Berkeley Mark Paul and Joe Mathews have produced an indispensable guide to California's crisis of governance--and they have done so with humor, scholarship, fairness and storytelling verve. Every Californian should read this book.--Steve Coll, Pulitzer Prize-winning author of *Ghost Wars* Mark Paul... has a talent for presenting California Big Think stuff in an easily accessible and always readable way...[offering] clear and creative insights on the subject of California's collapse.--CalBuzz Joe Mathews has done an artful, fascinating, and convincing job of connecting the California of today's Schwarzenegger era to the long history that made his rise possible.--James Fallows, *The Atlantic Monthly* on Mathews' book, *The People's Machine*

California Grizzly Tracy I. Storer, Lloyd P. Tevis, 1996-12-27 The California Bear Flag and the University of California football team the Golden Bears emblemize the great animal that has been extinct in California since the 1920s but once numbered perhaps as many as ten thousand in the state. Forty years after its original publication, University of California Press proudly reissues *California Grizzly*, still the most comprehensive book on the bear's history in California. The lessons of the book resonate today as the issues of protection of wildlife habitat versus unfettered development of land for human use are debated with increasing urgency.

Introduction to the California Condor Noel F. R. Snyder, Helen A. Snyder, 2005-03-14 This is an amazingly compact, up-to-date history of the politics and biological research of the California Condor. It will be invaluable for biology students who want to review a case study of an endangered species and for environmental planners considering the highly political nature of rare-species conservation.—Allen Fish, Director, Golden Gate Raptor Observatory As one of the most visible, dramatic, and controversial examples of intensive conservation management in modern times, the California Condor makes a good story. The Snyders' work is exemplary. This is a solid introduction to the subject and an excellent contribution to the press's natural history series.—Walter Koenig, Hastings Natural History Reservation, University of California

¡Viva California! Michael Burgess, Mary Wickizer Burgess, 2006-01-01 Here are seven previously uncollected documents relating to the history of California, from its early days as a Mexican territory to the first fifty years of statehood as part of the United States. Jose del Carmen Lugo, a native-born Californio, tells of his life as a ranchero in San Bernardino and elsewhere, and the coming of the Norteamericanos in the 1840s. Benjamin Davis (Benito) Wilson recounts many of the same events from the perspective of an English-speaking settler who intermarried with one of the early land-owning Mexican families, and later supported the U.S. side during the Mexican-American War of 1845-48. Alexandre Holinski touts the virtues of frontier California and San Francisco during the Gold Rush days, as seen from a foreigner's unique perspective. Mark Lafayette Landrum, who settled in California during the early days of statehood, relates his rise to power as a local politician in Northern California. Amos Carpenter Rogers gives us an account of a rough voyage 'round the tip of South America to the Gold Rush fields. Alexander H. Todd and William T. Ballou provide further illumination with their brief accounts of life in early California and the Pacific Northwest. For the student of California history, these first-person narratives will open a window onto a period now long forgotten. Complete with Notes, Bibliography, and detailed Index. MICHAEL BURGESS is a Professor Emeritus at California State University, San Bernardino. MARY WICKIZER BURGESS was the co-publisher for many years of Borgo Press. Between them they have authored over 135 books.

A Summary of Knowledge of the Southern California Coastal Zone and Offshore Areas: Social and economic elements Southern California Ocean Studies Consortium, 1974
New Almaden Mary Hallock Foote, 1878

Journal of the Senate, Legislature of the State of California California. Legislature. Senate,1942

California Archaeology Michael J. Moratto,2014-05-10 California Archaeology provides a compilation of knowledge for archeologists who are not California specialists. This book explains important cultural events and patterns discovered archeologically. Organized into 11 chapters, this book begins with an overview of California's historic and ancient environments as well as the evidence of Pleistocene human activity. This text then examines the glacial and other environmental conditions that would have influenced the origins, adaptations, and spread of the earliest North Americans. Other chapters consider how California's past is relevant to a wider understanding of human behavior. This book discusses as well the perceptions of Central Coast and San Francisco Bay region prehistory that have changed rapidly as a result of intensive fieldwork performed to comply with environmental law. The final chapter deals with the data of historical linguistics, which indicate something of the cultural relationships and events that might have occurred in the past. This book is a valuable resource for archeologists.

California Historical Society Quarterly California Historical Society,1926

Hardcore California Peter Belsito,Bob Davis,1983 Generally acknowledged as the best study - both written and photographed - of the California hardcore scene. Album cover graphics in colour, hundreds of photos of bands and good text. Over 600 bands mentioned.

Handbook of the Indians of California Alfred Louis Kroeber,1976 A major ethnographic work by a distinguished anthropologist contains detailed information on the social structures, homes, foods, crafts, religious beliefs, and folkways of California's diverse tribes

Journals of the Legislature of the State of California California. Legislature,1855

News Notes of California Libraries California State Library,1909 Vols. for 1971- include annual reports and statistical summaries.
