Red Amy Goldwasser,2007-11-08 A vivid portrait of what it means to be a teenage girl in America today, from 58 of the country's finest, most credentialed writers on the subject If you're a teenage girl today, you live your life in words-in text and instant messages, on blogs and social network pages. It's how you conduct your friendships and present yourself to the world. Every day, you're creating a formidable body of personal written work. This generation's unprecedented comfort level with the written word has led to a fearless new American literature. These collected essays, at last, offer a key to understanding the inscrutable teenage girl-one of the most mislabeled and underestimated members of society, argues editor and writer Amy Goldwasser, whose work has appeared in Seventeen, Vogue, The New York Times, and The New Yorker. And while psychologists and other experts have tried to explain the teen girl in recent years, no book since Ophelia Speaks has given her the opportunity to speak for herself-until now. In this eye-opening collection, nearly sixty teenage girls from across the country speak out, writing about everything from post-Katrina New Orleans to Johnny Depp; from learning to rock climb to starting a rock band; from the loneliness of losing a best friend to the loathing or pride they feel about their bodies. Ranging in age from 13 to 19, and hailing from Park Avenue to rural Nevada, Georgia to Hawaii, the girls in RED-whose essays were selected from more than 800 contributions-represent a diverse spectrum of socioeconomic, political, racial, and religious backgrounds, creating a rich portrait of life as a teen girl in America today. Revealing the complicated inner lives, humor, hopes, struggles, thrills, and obsessions of this generation, RED ultimately provides today's teen girl with much-needed community, perspective, and validation-and helps the rest of us to better understand her.

Red Jordan Summers,2008-11-04 Gina Santiago is a member of an elite tactical team in charge of protecting the world. She's devoted her life to apprehending the most heinous criminals that prey on society-and now she's after the worst one yet. On her own, with no backup, the trail takes her to a dusty, tight-knit town on the fringes of society, where everyone's a suspect. Even the sexy sheriff, Morgan Hunter, isn't telling her everything. Gina knows he's trouble, but she's inexorably drawn to him. The closer Gina comes to finding out the secret of this sleepy little town and its big bad sheriff; the closer she comes to catching the predator, the more scared she gets-because she's beginning to realize that she has a secret too. A secret that will change Gina's life... and make her the killer's prey.

Red Laura Vaccaro Seeger,2021-10-05 From the Two-time Caldecott Honor Award winning author/illustrator of Green and Blue comes Red, a story about a lost fox that explores emotions-- fear, love, anger, and more-- through the use of vivid color. With a combination of sumptuous illustrations, ingenious die-cut pages, and simple text, Red

is a beautiful companion to the Caldecott Honor Book Green and the highly acclaimed Blue. In this book, award-winning artist Laura Vaccaro Seeger once again turns her attention to the ways in which color evokes emotion. Dark Red, Light Red, Lost red, Bright red. Separated from its family, a lone fox experiences, anger, fear, and ultimately love as it journeys home. Lost and alone, he makes his way through a dark forest, injures his paw, has glancing encounters with humans, and finds himself trapped in a cage, before an act of kindness returns him to the wilderness. The Color of Red Jules Haigler, 2010-10 Imagine a world where the only color that can be seen is red. This is the world of the colorblind Inspector Danforth Rouge; a disability that leads him to the source of evil in the souls of humanity. From malice to murder, from love to hate, Rouge must test the limits of his strength in his fight for justice and the heart of the woman he desperately loves. In this epic tale, which stretches the boundaries between what is evil and what is just, comes the greatest mystery of a lifetime. Rouge must journey through a bloody butcher shop, a hotel filled with secrets, a haunted forest, and a bar of deception, to unmask the greatest killer of them all. One book, four mysteries and a few unpredictable endings do you dare to read what is red?

Red Saxony James Retallack, 2017-04-14 Red Saxony throws new light on the reciprocal relationship between political modernization and authoritarianism in Germany over the span of six decades. Election battles were fought so fiercely in Imperial Germany because they reflected two kinds of democratization. Social democratization could not be stopped, but political democratization was opposed by many members of the German bourgeoisie. Frightened by the electoral success of the Social Democrats after 1871, anti-democrats deployed many strategies that flew in the face of electoral fairness. They battled socialists, liberals, and Jews at election time, but they also strove to

rewrite the electoral rules of the game. Using a regional lens to rethink older assumptions about Germany's changing political culture, this volume focuses as much on contemporary Germans' perceptions of electoral fairness as on their experiences of voting. It devotes special attention to various semi-democratic voting systems whereby a general and equal suffrage (for the Reichstag) was combined with limited and unequal ones for local and regional parliaments. For the first time, democratization at all three tiers of governance and their reciprocal effects are considered together. Although the bourgeois face of German authoritarianism was nowhere more evident than in the Kingdom of Saxony, Red Saxony illustrates how other Germans grew to fear the spectre of democracy. Although twists and turns lay ahead, that fear made it easier for Hitler and the Nazis to win elections in the 1920s and to entomb German democracy in 1933.

Blood Groups and Red Cell Antigens Laura Dean, 2005

Is the East Still Red? Gary Blank, 2015-02-27 Does China represent a non-capitalist alternative to neoliberal development models? Commentators on the left have offered sharply divergent assessments over the last two decades. A few still cling the old dream of market socialism, twinning efficiency with social justice. For most, however, China is proof that market reforms invariably yield dispossession, inequality, and capitalist restoration. *Is the East Still Red?* argues that both interpretations are wrong and exhibit a common failure to distinguish between market mechanisms and capitalist imperatives. Gary Blank situates the Chinese experience within broader Marxist debates on socio-historical transitions and primitive accumulation, highlighting the need to conceptualize capitalism as a unique system in which producers and appropriators depend on the market for their reproduction. Despite years of marketization, the mandarins in Beijing have not yet imposed full market dependence in industry and agriculture. He shows how the resistance of workers and peasants, the imperatives of party-state legitimacy, and the reproductive strategies of individual Communist officials and managers all act to perpetuate central aspects of a bureaucratic-collectivist system, in which direct producers and bureaucrats are effectively merged with the means of production. The People's Republic may be a non-capitalist market alternative, albeit one that is hardly edifying for socialists.

RED SHADOWS ROBERT E. HOWARD, 2023-05-13 The moonlight shimmered hazily, making silvery mists of illusion among the shadowy trees. A faint breeze whispered down the valley, bearing a shadow that was not of the moon-mist. A faint scent of smoke was apparent. FROM THE BOOKS.

Red Legacies in China Jie Li, Enhua Zhang, 2020-10-26 What has contemporary China inherited from its revolutionary past? How do the realities and memories, aesthetics and practices of the Mao era still reverberate in the post-Mao cultural landscape? The essays in this volume propose "red legacies" as a new critical framework from which to examine the profusion of cultural productions and afterlives of the communist revolution in order to understand

China's continuities and transformations from socialism to postsocialism. Organized into five parts—red foundations, red icons, red classics, red bodies, and red shadows—the book's interdisciplinary contributions focus on visual and performing arts, literature and film, language and thought, architecture, museums, and memorials. Mediating at once unfulfilled ideals and unmourned ghosts across generations, red cultural legacies suggest both inheritance and debt, and can be mobilized to support as well as to critique the status quo.

Black on Red Robert Robinson, Jonathan Slevin, 1988 Robert Robinson (1907?-1994) was a Jamaican-born toolmaker who worked in the auto industry in the United States. At the age of 23, he was recruited to work in the Soviet Union, where he spent 44 years after the government refused to give him an exit visa for return. Starting with a one-year contract by Russians to work in the Soviet Union, he twice renewed his contract. He became trapped by the German invasion of the Soviet Union during World War II and the government's refusal to give him an exit visa. He earned a degree in mechanical engineering during the war. He finally left the Soviet Union in 1974 on an approved trip to Uganda, where he asked for and was given asylum. He married an African-American professor working there. He finally gained re-entry to the United States in 1976, and gained attention for his accounts of his 44 years in the Soviet Union.--Wikipedia.
