The Panathenaic Games Olga Palagia, Alkestis Spetsieri-Choremi, 2015-02-26 The papers in this volume were presented at an international conference organised in Athens (May 11-14, 2004) and focus on the study of the Panathenaic Games, a Panhellenic athletic event that lasted for nearly a millennium. An international assembly of archaeologists, art historians, ancient historians, epigraphists and classical scholars contributed to the discussion of the origins and the historical development of the Panathenaic Games in general and of individual contests in particular. The role of royal and other patrons in the Hellenistic and Roman periods, as well as the form and meaning of victory dedications and other monuments generated by the games were also examined, making this a truly interdisciplinary study into this fascinating event. Two papers are in Greek. This handsomely-illustrated

conference volume is the first to concentrate exclusively on the games. Jackson, *Journal of Hellenic Studies* A handsome, well-illustrated, large-format volume of the proceeding, mostly in English, of a conference held in Athens in 2004 in connection with the modern Olympics. - Tsetschladze, *Ancient West & East*

Essential 18000 Medical Words Dictionary In English-Greek Nam H Nguyen,2018-03-19 a great resource anywhere you go; it is an easy tool that has just the words you want and need! The entire dictionary is an alphabetical list of medical words with definitions. This eBook is an easy-to-understand guide to medical terms for anyone anyways at any time. The content of this eBook is only to be used for informational purposes.
