Studies in Jewish Manuscripts Joseph Dan,Klaus Herrmann,Johanna Hoornweg,Manuela Petzoldt,1999 Undoubtedly one of the most fascinating areas of Judaic research, Jewish manuscripts has experienced a remarkable renaissance. What the field has largely lacked, however, are professional publications to bring together researchers who, albeit in different specialist areas (history, philosophy, Kabbalah, bibliography, art history, comparative manuscript studies, paleography and codicology), all deal variously with Hebrew manuscripts. The authors of the eight collected articles show the perspectives and the possibilities of such a discourse based on Jewish manuscripts within Judaic Studies; moreover numerous tie-ins with disciplines relating to general medieval and early modern history and culture can be developed.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. A Dictionary of Samaritan Aramaic (2 vols.) Abraham Tal,2015-11-02 Given the many excellent editions of Samaritan writings (e.g. The Pentateuch) in recent years, the need was felt for a comprehensive dictionary of Samaritan Aramaic. Abraham Tal's Dictionary of Samaritan Aramaic, the first dictionary of its kind, contains the vocabulary of the Aramaic dialect in which the Samaritans composed their texts, from the beginning of their literature in the fourth century C.E. when Aramaic was the community's vernacular, until the end of the use of Aramaic in the eleventh century, when it was replaced by Arabic. Over a period of more than fifteen years the author has exhaustively collected material from the Samaritans' translations of the Pentateuch, their liturgy, literary compositions, chronicles, etc., as presented in the growing corpus of scholarly editions. Comparative material from adjacent Palestinian Aramaic dialects is adduced where functional. With ample linguistic and textual notes. Particularly important for the study of Aramaic Jewish and Christian sources composed during the Roman and Byzantine periods in the Land of Israel, and an absolute must for Biblical Scholars. Entries in Samaritan-Aramaic (Hebrew block script); English translations; Hebrew translations; bibliographical abbreviations, etc., in English.

Leviticus Stefan Schorch,2018-07-23 A critical edition of the Samaritan Pentateuch is one of the most urgent desiderata of Hebrew Bible research. The present volume on Leviticus is the first out of a series of five meant to

fill this gap. The text from the oldest mss. of SP is continuously accompanied by comparative readings, gathered from the Samaritan Targum and the oral reading, as well as MT, the DSS, and the LXX, creating an indispensable resource for Biblical research.

Mekhilta De-Rabbi Ishmael (JPS Classic Reissues) Jacob Z. Lauterbach, 2010-01-01 Mekhilta de-Rabbi Ishmael is a classic collection of midrash. It contains commentary on a large part of the Book of Exodus (chapters 12 to 23) and represents the two main modes of interpretation: the halakhah (legal doctrine), and the aggadah (moral and religious teachings). The work also contains allusions to historical events and ancient legends not found elsewhere. A new introduction by noted scholar David Stern highlights the work, now published in a convenient two-volume set. It retains the original text from the JPS 1933 edition, reset in a modern, readable typeface, with Hebrew and English on facing pages and the original indexes. This classic work is widely recognized as a model of meticulous and thorough scholarship. Its translation is accurate, straightforward, and usable by scholars, students, and lay readers. Out of print for many years, it will be heralded as an important reissue that should belong to every rabbi, rabbinical school, and Jewish Studies professor, and will be an important addition to synagogue libraries and public libraries with Judaica collections
