The Encyclopedia of Jewish Prayer Macy Nulman,1996-02-01 Fifteen years in the making, The Encyclopedia of Jewish Prayer is a monumental achievement. Never before has such a comprehensive resource been available to those searching for answers to questions on Jewish prayer. Macy Nulman has provided, in one unique, accessible volume, information on each and every prayer recited in the Ashkenazic and Sephardic traditions, creating an invaluable tool for study or quick reference. Prayer books are essentially cumulative anthologies that evolved over time as new prayers were added. Study of these prayers reveals insights into the history of Judaism, providing a deeper appreciation of the heritage that has sustained the Jewish people throughout the centuries. This volume, through its encyclopedic format, makes such a study easy and enjoyable. Arranged alphabetically by prayer, the encyclopedia entries include extensive liturgical information on the prayers, their composers and development, the laws and customs surrounding them, and their place in the service. All prayers, including not only prayers recited in the

synagogue, but also the Grace After Meals and the prayers to be said before going to bed, prayers for special occasions such as weddings and circumcisions, prayers for the funeral ritual and for private devotion, are featured. The entries make extensive use of cross-referencing and bibliographical information to facilitate further study. In addition, the author discusses the many poetic insertions, known as piyyutim, recited on special Sabbaths, Holy Days, and festivals. Concise and easy to consult, The Encyclopedia of Jewish Prayer contains several indexes: two title indexes – one in Hebrew and one in transliteration – as well as an index of biblical verses and a name index. Additionally, a glossary defining technical terms and vocabulary associated with the prayers is provided. This important, one-of-a-kind reference volume is ideal for scholars, students, and others who want to know more about Jewish tradition.

Latin-into-Hebrew: Texts and Studies Alexander Fidora,Harvey J. Hames,Yossef Schwartz,2013-08-01 The International Journal of Military History and Historiography has been continuously published (from 1978 to 2015 as the International Bibliography of Military History – IBMH) on behalf of the International Commission of Military History (ICMH), which can trace back its origins to 1938. Traditionally its main focus was on book reviews and review articles. Since the journal's move to Brill in 2011, there has been an additional emphasis on historiographical articles, and the portfolio has been enlarged to include original research articles. The journal thus offers its readers and authors a platform that includes original research articles on any military historical topic from antiquity to the contemporary period that can appeal to an international readership. Historiographical and review articles cover issues of major significance or deal with the state of military history in a specific ICMH member country. The short reviews (in the "Bibliographical Records" section) discuss newly published books, which are of historiographical relevance either for the international military history community or for one of ICMH's national commissions.
