*Royal Panoply* Carolly Erickson, 2007-04-01 From medieval conqueror to Renaissance autocrat to Victorian Empress to modern melodrama, *Royal Panoply* is the story of some of the most fascinating people in world history. With her trademark blend of probing scholarship, lively prose, and psychological insight, Carolly Erickson focuses on each monarch's entire life---from the puny, socially awkward Charles I, to the choleric, violent William the Conqueror, to the well-meaning, deeply affectionate Queen Anne, who was so heavy she had to be carried to her coronation. *Royal Panoply* recaptures the event-filled, often dangerous, always engaging lives of England's kings and queens, set against the backdrop of a thousand years of Britain's past.

*Between You & Me: Confessions of a Comma Queen* Mary Norris, 2015-04-06 Hilarious...This book charmed my socks off. --Patricia O'Conner, New York Times Book Review Mary Norris has spent more than three decades working in The New Yorker's renowned copy department, helping to maintain its celebrated high standards. In *Between You & Me*, she brings her vast experience with grammar and usage, her good cheer and irreverence, and her finely sharpened pencils to help the rest of us in a boisterous language book as full of life as it is of practical advice. Named a Best Book of the Year by NPR, Amazon, Wall Street Journal, Publishers Weekly, Kirkus, and Library Journal.

*A World Without "Whom"* Emmy J. Favilla, BuzzFeed, 2017-11-14 A provocative and jaunty romp through the dos and don'ts of writing for the internet (NYT)--the practical, the playful, and the politically correct--from BuzzFeed copy chief Emmy Favilla. *A World Without Whom* is Eats, Shoots & Leaves for the internet age, and BuzzFeed global copy chief Emmy Favilla is the witty go-to style guru of webspeak. As language evolves faster than ever before, what is the future of correct writing? When Favilla was tasked with creating a style guide for BuzzFeed, she opted for spelling, grammar, and punctuation guidelines that would reflect not only the site's lighthearted tone, but

also how readers actually use language IRL. With wry cleverness and an uncanny intuition for the possibilities of internet-age expression, Favilla makes a case for breaking the rules laid out by Strunk and White: A world without whom, she argues, is a world with more room for writing that's clear, timely, pleasurable, and politically aware. Featuring priceless emoji strings, sidebars, quizzes, and style debates among the most lovable word nerds in the digital media world--of which Favilla is queen--*A World Without Whom* is essential for readers and writers of virtually everything: news articles, blog posts, tweets, texts, emails, and whatever comes next . . . so basically everyone.

GREP in InDesign Peter Kahrel, 2008-10-27 Updated: June 2015. Author Peter Kahrel updated this Short Cut to cover InDesign CC. Several examples have been added, and most examples are now analysed in more detail. Updated: August 2010. Author Peter Kahrel updated this Short Cut to cover InDesign CS5. Updated: November 2009. Author Peter Kahrel updated this Short Cut to address typos and reader comments. GREP (short for General Regular-Expression Print) is a powerful tool that lets you use wildcards (jokers) to search and replace text. InDesign's GREP implementation can be used for text and also for formatting codes, finding patterns in text as well as literal text. GREP moves beyond the restrictions that hampered earlier InDesign search features, but unfortunately it does have the reputation of being difficult to master. As with many things, it can be challenging to learn, but, fortunately, a lot can be done with surprisingly simple expressions. The aim of this Short Cut is to show how to create simple but powerful regular expressions.

*Rules for Compositors and Readers ... at the University Press*, Oxford Oxford University Press, 1904

*Eats, Shoots & Leaves* Lynne Truss, 2004-04-12 We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the

preservation of a system of printing conventions that is much too subtle to be mucked about with.

**Those Who Love the Game** Glenn Rivers, 2014-11-11 Glenn Doc Rivers plays ball the way an artist writes: he practices endlessly to perfect his technique, he constantly thinks of the whole, the game, ahead of himself; and in those moments of inspiration when the ball starts to move, that's when the real fun starts. Talking with award-winning author Bruce Brooks, Rivers tells us about the game he loves. Beginning with schoolyard contests in Chicago against Isiah Thomas and clashes with an older brother who was his toughest one-on-one challenge, he shows us the determination, the competitive fire, and the brains he needed to succeed. We find out about mentors like Johnny Davis and Moses Malone, infuriating opponents like Michael Jordan and Kevin McHale--and coaches like Hank Raymond and Pat Riley, whose techniques Doc will use someday when he gets to lead a team. Doc has a good life in the NBA, but he looks directly at the racial problems sports hides, at the distortion that comes when a game turns into a highlight film, at the pressure on himself and his family that comes from being a too-often-absent dad, and at the day every athlete dreads: retirement. Looking back to last year's play-offs and ahead to his future, Doc Rivers guides us on a thought-provoking, readable journey into the mind of one special ballplayer--one of Those Who Love the Game.

*Legend of a Suicide* David Vann, 2008 In *Ichthyology*, a young boy watches his father spiral from divorce to suicide. The story is told obliquely, often through the boy's observations of his tropical fish, yet also reveals his father's last desperate moves, including quitting dentistry for commercial fishing in the Bering Sea. Rhoda goes back to the beginning of the father's second marriage and the boy's fascination with his stepmother, who has one partially closed eye. This eye becomes a metaphor for the adult world the boy can't yet see into, including sexuality and despair, which feel like the key initiating elements of the father's eventual suicide. *A Legend of Good Men* tells the story of the boy's life with his mother after his father's death through the series of men she dates. In *Sukkwan Island*, an extraordinary novella, the father invites the boy homesteading for a year on a remote island in the southeastern Alaskan wilderness. As the situation spins out of control, the son witnesses his father's despair and takes matters into his own hands. In *Ketchikan*, the boy is now thirty years old, searching for the origin of ruin. He tracks down Gloria, the woman his father first cheated with, and is left with the sense of a world held in place, as it turned out, by nothing at all. Set in Fairbanks, where the author's father actually killed himself, *The Higher Blue* provides an epilogue to the collection.--BOOK JACKET.

*Life and Death in Shanghai* Cheng Nien, 2010-12-14 A woman who spent more than six years in solitary confinement during Communist China's Cultural Revolution discusses her time in prison. Reissue. A New York Times Best Book of the Year.

**The American Passport in Turkey** Ozlem Altan-Olcay, Evren Balta, 2020-05-15 An ethnographic exploration of the meaning of national citizenship in the context of globalization *The American Passport in Turkey* explores the diverse meanings and values that people outside of the United States attribute to U.S. citizenship, specifically those who possess or seek to obtain U.S. citizenship while residing in Turkey. Özlem Altan-Olcay and Evren Balta

interviewed more than one hundred individuals and families and, through their narratives, shed light on how U.S. citizenship is imagined, experienced, and practiced in a setting where everyday life is marked by numerous uncertainties and unequal opportunities. When a Turkish mother wants to protect her daughter's modern, secular upbringing through U.S. citizenship, U.S. citizenship, for her, is a form of insurance for her daughter given Turkey's unknown political future. When a Turkish-American citizen describes how he can make a credible claim of national belonging because he returned to Turkey yet can also claim a cosmopolitan Western identity because of his U.S. citizenship, he represents the popular identification of the West with the United States. And when a natural-born U.S. citizen describes with enthusiasm the upward mobility she has experienced since moving to Turkey, she reveals how the status of U.S. citizenship and Americanness become valuable assets outside of the States. Offering a corrective to citizenship studies where discussions of inequality are largely limited to domestic frames, Altan-Olcay and Balta argue that the relationship between inequality and citizenship regimes can only be fully understood if considered transnationally. Additionally, *The American Passport in Turkey* demonstrates that U.S. global power not only reveals itself in terms of foreign policy but also manifests in the active desires people have for U.S. citizenship, even when they do not intend to live in the United States. These citizens, according to the authors, create a new kind of empire with borders and citizen-state relations that do not map onto recognizable political territories.

**Inspiration and Incarnation** Peter Enns, 2015-09-15 How can an evangelical view of Scripture be reconciled with modern biblical scholarship? In this book Peter Enns, an expert in biblical interpretation, addresses Old Testament phenomena that challenge traditional evangelical perspectives on Scripture. He then suggests a way forward, proposing an incarnational model of biblical inspiration that takes seriously both the divine and the human aspects of Scripture. This tenth anniversary edition has an updated bibliography and includes a substantive postscript that reflects on the reception of the first edition.

**The Engaged Scholar** Andrew J. Hoffman, 2021-03-02 Society and democracy are ever threatened by the fall of fact. Rigorous analysis of facts, the hard boundary between truth and opinion, and fidelity to reputable sources of factual information are all in alarming decline. A 2018 report published by the RAND Corporation labeled this problem truth decay and Andrew J. Hoffman lays the challenge of fixing it at the door of the academy. But, as he points out, academia is prevented from carrying this out due to its own existential crisis—a crisis of relevance. Scholarship rarely moves very far beyond the walls of the academy and is certainly not accessing the primarily civic spaces it needs to reach in order to mitigate truth corruption. In this brief but compelling book, Hoffman draws upon existing literature and personal experience to bring attention to the problem of academic insularity—where it comes from and where, if left to grow unchecked, it will go—and argues for the emergence of a more publicly and politically engaged scholar. This book is a call to make that path toward public engagement more acceptable and legitimate for those who do it; to enlarge the tent to be inclusive of multiple ways that one enacts the role of academic scholar in today's world.
