The Lazy Genius Way Kendra Adachi, 2021-08-17 NEW YORK TIMES BESTSELLER • Being a Lazy Genius isn't about doing more or doing less. It's about doing what matters to you. "I could not be more excited about this book."—Jenna Fischer, actor and cohost of the Office Ladies podcast The chorus of "shoulds" is loud. You should enjoy the moment, dream big, have it all, get up before the sun, track your water consumption, go on date nights, and be the best. Or maybe you should ignore what people think, live on dry shampoo, be a negligent PTA mom, have a dirty house, and claim your hot mess like a badge of honor. It's so easy to feel overwhelmed by the mixed messages of what it means to live well. Kendra Adachi, the creator of the Lazy Genius movement, invites you to live well by your own definition and equips you to be a genius about what matters and lazy about what doesn't. Everything from your morning routine to napping without guilt falls into place with Kendra's thirteen Lazy Genius principles, including: • Decide once • Start small • Ask the Magic Question • Go in the right order • Schedule rest Discover a better way to approach your relationships, work, and piles of mail. Be who you are without the complication of everyone else's "shoulds." Do what matters, skip the rest, and be a person again.

The Bullet Journal Method Ryder Carroll, 2021-12 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT:

find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * **PLAN YOUR FUTURE**: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls intentional living: making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. ***

Brother Bullet Casandra Lopez, 2019-02-19 A collection of poems in which the author recounts her brother's murder and the devastating aftermath that followed--Provided by publisher.

Bullet Point Peter Abrahams, 2010-04-27 Wyatt never really thought much about his dad—a hardened criminal, a lifer in a prison somewhere on the other side of the state. But then the economy had to go and tank, and the community had to go and cut the baseball program from Wyatt's high school. And then the coach had to go and show Wyatt a photograph of his dad at sixteen, looking very much like Wyatt himself. Through a series of unfortunate—or perhaps they were fortunate—events, Wyatt meets a crazy-hot girl named Greer with a criminal dad of her own. A

criminal dad who is, in fact, in jail with Wyatt's own criminal dad. Greer arranges a meeting, and Wyatt's dad is nothing like the guy he's imagined—he's suave, and smart, and funny, and cool, and—Wyatt's pretty sure—innocent. So Wyatt decides to help him out. A decision that may possibly be the worst he's ever made in his life. This is another hold-your-breath thriller by the New York Times bestselling and Edgar Award nominated Peter Abrahams.

Beyond Bullet Points Cliff Atkinson, 2005 A guide to using Microsoft PowerPoint describes how to use stories to create effective business presentations.

Better Than Bullet Points Jane Bozarth, 2011-01-07 This book focuses exclusively on the application of PowerPoint to the creation of online training programs. Better than Bullet Points, Creating Engaging e-Learning with PowerPoint fills that gap. By providing in-depth guidance, specific instructions, and helpful exercises, the book will enable training practitioners to create impactful learning interactions in PowerPoint. The author steps readers through the powerful features of this popular desktop application, covering everything from text to art, animation to interactivity. Provided that the reader owns a copy of PowerPoint, this book will immediately put

free real-world tools into the hands of those who need it. The information is practical rather than theoretical and immediately applicable. Most importantly, this book will help make e-learning accessible to those who have previously been excluded from taking advantage of the opportunities e-learning can provide. Jane Bozarth is the e-learning coordinator for the North Carolina Office of State Personnel's Human Resource Development Group and has been a training practitioner since 1989. She is a columnist for Training Magazine and has written for numerous publications including Creative Training Techniques Newsletter and the Journal of Educational Technology and Society.

Bugs and Bullets Joseph Breckinridge-Bayne, Ernest Latham, 2019-10-23 Romania entered World War I in the summer of 1916 woefully unprepared to sustain a war on its own. The country faced near collapse as its Allies did not follow through on their promises and the Central Powers advanced into the kingdom. An unexpected participant in the events that unfolded as the Central Powers invaded Romania and occupied the capital city of Bucharest was an American doctor, Joseph Breckinridge Bayne. Like many of his generation, such as Ernest Hemingway, Richard Norton, Anne Hathaway Vanderbilt, and many others, driven by a spirit of adventure and a desire to help humanity in this moment of crisis, Bayne set out for Europe to throw in his lot with the Allied forces. After arriving in London, an unlikely set of circumstances led him to Romania, an isolated post on the Eastern Front of the war where his medical skills were greatly needed. Bug and Bullets is the memoir of this brave doctor who spent the next two years combating disease and epidemics, and dealing with the horrors of war from behind enemy lines on the Eastern Front. Bayne worked at a military hospital in Bucharest, both before and after the German occupation of the Romanian capital. When the front lines had stabilized further to the East and the influx of wounded soldiers ceased, Bayne took his services to the villages outside the capital that were ravaged by disease and hunger.

Once the war had ended, Bayne again volunteered his services and returned to Romania with the Red Cross to help to reign in the typhoid epidemic and to rebuild the country he had grown to love. Bayne's memoir provides a unique account of life in Romania during the First World War. He vividly describes medical conditions faced on the Eastern Front, revealing firsthand the savagery of war. Bugs and Bullets portrays the difficulties faced by the civilian population, overwhelmed by hunger and disease. As a foreign observer, he also provides a unique glimpse into life in Romanian villages during the war and creates an insightful portrait of the land and its people. This edition of Bugs and Bullets, published to mark the 100th anniversary of the end of the Great War, is edited and enhanced by a thorough introductory study on the author's life and work by Dr. Ernest H. Latham, Jr., former cultural attaché at the American Embassy in Bucharest. Dr. Latham is a well-known specialist in Romanian history and has written the only biography of Dr. Bayne, entitled What Strange Fate. Bugs and Bullets is essential reading for anyone interested in medical conditions during World War I and life on the Eastern Front during this dramatic period in history. It also provides a valuable look at life in the country on the eve of the creation of modern Romania.

Here, Bullet Brian Turner, 2014-09-01 Adding his voice to the current debate about the US occupation of Iraq, in poems written in the tradition of such poets as Wilfred Owen, Yusef Komunyakaa (Dien Cai Dau), Bruce Weigl (Song of Napalm) and Alice James' own Doug Anderson (The Moon Reflected Fire), Iraqi war veteran Brian Turner writes power-fully affecting poetry of witness, exceptional for its beauty, honesty, and skill. Based on Turner's yearlong tour in Iraq as an infantry team leader, the poems offer gracefully rendered, unflinching description but, remarkably, leave the reader to draw conclusions or moral lessons. *Here, Bullet* is a must-read for anyone who cares about the war, regardless of political affiliation.

From the Bullet to the Ballot Jakobi Williams, 2013-02-28 In this comprehensive history of the Illinois Chapter of the Black Panther Party (ILBPP), Chicago native Jakobi Williams demonstrates that the city's Black Power movement was both a response to and an extension of the city's civil rights movement. Williams focuses on the life and violent death of Fred Hampton, a charismatic leader who served as president of the NAACP Youth Council and continued to pursue a civil rights agenda when he became chairman of the revolutionary Chicago-based Black Panther Party. Framing the story of Hampton and the ILBPP as a social and political history and using, for the first time, sealed secret police files in Chicago and interviews conducted with often reticent former members of the ILBPP, Williams explores how Hampton helped develop racial coalitions between the ILBPP and other local activists and organizations. Williams also recounts the history of the original Rainbow Coalition, created in response to Richard J. Daley's Democratic machine, to show how the Panthers worked to create an antiracist, anticlass coalition to fight urban renewal, political corruption, and police brutality.

The Bullet Mary Louise Kelly, 2016-09-27 Nothing is what it seems in NPR correspondent Mary Louise Kelly's "riveting, twisty tale" (Hallie Ephron, author of *Night Night, Sleep Tight*), in which a woman discovers a decades-old bullet at the base of her neck. Caroline Cashion is stunned when an MRI reveals that she has a bullet lodged near the base of her skull. It makes no sense: she has never been shot. She has no scar. When she confronts her parents, she learns the truth: she was adopted when she was three years old, after her real parents were murdered in cold blood. Caroline had been there the night of the attack, and she'd been hit by a single gunshot to the neck. Buried too deep among vital nerves and blood vessels, the surgeons had left it, and stitched up the traumatized little girl with the bullet still inside. Now, thirty-four years later, Caroline returns to her hometown

to learn whatever she can about who her parents were, and why they died. A cop who worked the case reveals that even after all these years, police still don't have enough evidence to nail their suspect. The bullet in Caroline's neck could identify the murderer... and that person will do anything to keep it out of the law's hands. Now Caroline will have to decide: run for her life, or stay and fight? With non-stop action, "an extremely likable narrator and twists and turns galore" (Alice LaPlante, author of *Turn of Mind*), *The Bullet* will keep you riveted until the very last page.

Bullet Points Mark Watson, 2004 As the story unfurls over the course of his many reflections the narrator, a middle-aged psychiatrist-to-the-stars, reveals his own troubled childhood, and as the bullet points of his life are laid out, the facts he has hidden from the reader are shockingly revealed.
