Regionalized Social Accounting Matrix for Yemen: A 2014 Nexus project SAM Raouf, Mariam, Randriamamonjy, Josée, Engelke, Wilfried, Kebsi, Tarek Al, Tandon, Sharad A., Wiebelt, Manfred, Breisinger, Clemens, A Social Accounting Matrix (SAM) is a representation of an economy that shows the circular flow of all transfers and real transactions between sectors and institutions. The SAM, which is a square matrix, describes the flows of incomes from activities, taking the form of factor remunerations, that are consequently received by the households for consumption on goods and services. The accounts in the SAM are the production activities, commodities, institutions, and factors of production. According to data availability, the production activities can be further disaggregated to include more detailed information on sub-sectoral or regional production. Similarly, the factors of production could be differentiated by the level of skills or the location of employment. Households can be disaggregated by income quintiles or by rural and urban residence.

Faithful and Virtuous Night Louise Glück,2014-09-09 Winner of the 2014 National Book Award for Poetry A luminous, seductive new collection from the fearless (The New York Times) Pulitzer Prize-winning poet Louise Glück is one of the finest American poets at work today. Her Poems 1962–2012 was hailed as a major event in this country's literature in the pages of The New York Times. Every new collection is at once a deepening and a revelation. Faithful and Virtuous Night is no exception. You enter the world of this spellbinding book through one of its many dreamlike portals, and each time you enter it's the same place but it has been arranged differently. You were a woman. You were a man. This is a story of adventure, an encounter with the unknown, a knight's undaunted journey into the kingdom of death; this is a story of the world you've always known, that first primer where on page three a dog appeared, on page five a ball and every familiar facet has been made to shimmer like the contours of a dream, the dog float[ing] into the sky to join the ball. Faithful and Virtuous Night tells a single story but the parts are mutable, the great sweep of its narrative mysterious and fateful, heartbreaking and charged with wonder.

Noah draws constantly and is falling in love with the charismatic boy next door, while daredevil Jude wears red-red lipstick, cliff-dives, and does all the talking for both of them. Years later, they are barely speaking. Something has happened to change the twins in different yet equally devastating ways . . . but then Jude meets an intriguing, irresistible boy and a mysterious new mentor. The early years are Noah's to tell; the later years are Jude's. But they each have only half the story, and if they can only find their way back to one another, they'll have a chance to remake their world. Legion: Skin Deep Brandon Sanderson,2014-11-24 Now also available in the complete collection Legion: The Many Lives of Stephen Leeds. From #1 New York Times bestselling author Brandon Sanderson, Stephen Leeds is back in a new, double-length novella that Library Journal says has the pulse of a thriller and the hook of a fascinating hero balancing on the edge of psychosis. It's not his own genius that Stephen Leeds gets hired for. Clients want to tap into the imaginary experts that populate his mind—and it's getting a bit crowded in there. Now Stephen and his internal team of aspects have been hired to track down a stolen corpse—but it's not the corpse that's important, it's what the corpse knows. The biotechnology company he worked for believes he encoded top-secret information in his DNA before he died, and if it falls into the wrong hands, that will mean disaster. Meanwhile, Stephen's uneasy peace with his own hallucinations is beginning to fray at the edges, as he strives to understand how one of them could possibly have used Stephen's hand to shoot a real gun during the previous case. And some of those hallucinations think they know better than Stephen just how many aspects his mind should make room for. How long will he be able to hold himself together?
