Massive Iron: The Rep Goal System Steve

Shaw,2014-07-01 This is not a book of magic secrets. Instead, it's a book that boils away the nonsense, leaving you with the mechanisms that truly drive gains. This book presents my core training philosophies and principles, and the Rep Goal System. Future books will build off these principles, and show you many other workout programs and systems that will help you to build muscle and strength. Never waste a set. That is what this book is about. My lifting philosophy is simple: When you maximize every set, you maximize every workout. When you maximize every workout, you maximize progress. It doesn't get any easier than that, does it? Nothing complicated about this approach, yet it's not exactly something you hear talked about in the lifting industry every day.

Keep Fit! Masaaki Fukui,2021-11-10 Some people may think that the 5×5 board is just a reduced version of Go. Fukui Masaaki's little creations show that much of what is complex and profound in Go can be found in the tight confines of the 5×5 board. The problems cover endgame moves, aspects of life and death, attacking and defending, judgments based on calculating territory, the presence or absence of ko threats, and even things

pertaining to the realm of middle game fighting. Not only is this book useful for improving your understanding of shapes and techniques, it is also a lot of fun!
