Ace Angela Chen,2020-09-15 An engaging exploration of what it means to be asexual in a world that's obsessed with sexual attraction, and what the ace perspective can teach all of us about desire and identity. What exactly is sexual attraction and what is it like to go through life not experiencing it? What does asexuality reveal about gender roles, about romance and consent, and the pressures of society? This accessible examination of asexuality shows that the issues that aces face—confusion around sexual activity, the intersection of sexuality and identity, navigating different needs in relationships—are the same conflicts that nearly all of us will experience. Through a blend of reporting, cultural criticism, and memoir, Ace addresses the misconceptions around the “A” of LGBTQIA and invites everyone to rethink pleasure and intimacy. Journalist Angela Chen creates her path to understanding her own asexuality with the perspectives of a diverse group of asexual people. Vulnerable and honest, these stories include a woman who had blood tests done because she was convinced that “not wanting sex” was a sign of serious illness, and a man who grew up in a religious household and did everything “right,” only to realize after marriage that his experience of sexuality had never been the same as that of others. Disabled aces, aces of color, gender-nonconforming aces, and aces who both do and don't want romantic relationships all share their experiences navigating a society in which a lack of sexual attraction is considered abnormal. Chen's careful cultural analysis explores how societal norms limit understanding of sex and relationships and celebrates the breadth of sexuality and queerness.

But the only clues to this birth father's identity are a class ring and a pair of pilot's wings. And so Connor takes it upon himself to investigate—a pursuit that becomes even more pressing when Dad is hospitalized after a stroke. What Connor discovers will lead him and his father to a new, richer understanding of race, identity, and each other.

Double Ace Robert Coram, 2016-08-23 Robert Lee Scott was larger than life. A decorated Eagle Scout who barely graduated from high school, the young man from Macon, Georgia, with an oversized personality used dogged determination to achieve his childhood dream of becoming a famed fighter pilot. In *Double Ace*, veteran biographer Robert Coram, himself a Georgia man, provides readers with an unprecedented look at the defining characteristics that made Scotty a uniquely American hero. First capturing national attention during World War II, Scott, a West Point graduate, flew missions in China alongside the legendary Flying Tigers, where his reckless courage and victories against the enemy made headlines. Upon returning home, Scott's memoir, brashly titled *God is My Co-Pilot*, became an instant bestseller, a successful film, and one of the most important books of its time. Later in life, as a retired military general, Scott continued to add to his list of accomplishments. He traveled the entire length of China's Great Wall and helped found Georgia's Museum of Aviation, which still welcomes 400,000 annual visitors. Yet Scott's life was not without difficulty. His single-minded pursuit of greatness was offset by debilitating bouts of depression, and his brashness placed him at odds with superior officers, wreaking havoc on his career. What wealth he gained he squandered, and his numerous public affairs destroyed his relationships with his wife and child. Backed by meticulous research, *Double Ace* brings Scott's uniquely American character to life and captures his fascinating

exploits as a national hero alongside his frustrating foibles.

Dick Bong: Ace Of Aces General George C. Kenney, 2014-08-15 Major Richard "Dick" Ira Bong died at the tender age of 24 on the 6th August 1945 in a flight accident during testing of the P-80 Shooting Star Fighter. His fame was such that news of his death vied with the atomic bomb attack on Hiroshima in the US press, his legendary exploits at the helm of his P-38 Lightning had made him a household name. Bong had only recently received the Congressional Medal of Honor for his exploits of downing 40 enemy Japanese planes in the Southwestern Pacific. His tally of 40 victories made him the highest scoring American ace of all time, a record that is unlikely to ever be broken. In this biography his former commanding officer General George C. Kenney recounts his life; from his early life in Wisconsin, his sweetheart Marge, and his aerial exploits. Kenney enriches the narrative with personal anecdotes that illuminate the modest unassuming but determinedly heroic, Ace of Aces. Highly recommended.

Ace McKenna James, 2021-10-28 Winning was all he ever cared about—until now. Ace Sidney drives me crazy. As a professional poker player, I never want to lose, but when that woman beats me, it makes me want to punch something. She haunts my dreams. The kind of scorching hot dreams that end with me waking up in a sweat wishing she was right next to me. My friends are joining me in the Bahamas for a poker tournament I'm gonna rule. I know she'll be there, grinning as she flashes her cards, licking those red lips just to mess with my head. But this time I refuse to let her win. Sidney I've never been a member of Ace's fan club. The guy's an annoying peacock, strutting around like he's God's gift to the world. But when it's clear a dirty player is trying to cheat us both out of the tournament, I have no choice but to enlist his help. After a few drinks we agree to call a truce and join forces - for a limited time. With all those distractions, we're not prepared for the storm bearing down on our resort, or the passion rising between us...

An Ace Minus One Timothy Morrisroe,2006-08 When fourteen-year-old Jack Elliot flees Minnesota after killing a man in a whorehouse, he never expects to find himself in France, hunkered down in a trench as World War I rages around him. Ever resilient, Jack transitions from an ambulance driver at Verdun to become one of the few American volunteers to fly in a French fighter squadron. Jousting with German aces in flimsy wood and canvas aeroplanes during the day is hard enough for the inexperienced Jack without the additional pressure of having to match the bacchanalian excesses of his squadron mates at night, all while staying one step ahead of his past. But Jack figures that if he can shoot down five Germans and attain the coveted Ace status, all his troubles will be over. Set over the battlefields of Europe and the vast deserts of North Africa, *An Ace Minus One* is authentic in its depictions of early aviation and the colorful men and women who made this period one of the most exciting in history.

A. C. E. Ace,Ace, Stroker,2004-12-01 Half man, half machine, mercenary, or an assassin, works for both sides at times - whatever he does, it pays the bills. He does not live life to the fullest - just a lone wolf, socializing at a bare minimum. When he sees someone in need of help, he fights for that person's rights. He does both at the same time, for the same pay, and people do not even know his name. They are just glad that he was there when they needed him. He saves more lives than he takes. He may use the technology that made him for militia use. He has only one name - A.C.E. (Access Computer External). He has one hazel eye on his normal side. The other eye is blue. It can do all kinds of military actions. His body style is muscular. His right machinery side is a silver-teal color. He has so many adventures to tell.

The Green Ace Stuart Palmer,2013-05-14 "One of the world's shrewdest and most amusing detectives" has nine days to save an innocent man from death row (The New York Times). On a steamy day on Staten Island, a speeding car tears past a couple of beat cops and smashes into a delivery truck. In the front seat is Andy Rowan, pale and unconscious. In the back is a blonde—beautiful, naked, and dead. She was an aspiring Miss America, minted in the wilds of Brooklyn, and he was the press agent who wanted to make her a star. Now she will never walk a runway again. Police, judge, and jury all consider the case open and shut, and a year later, Andy's awaiting his turn in the electric chair. But Hildegard Withers, a retired schoolteacher with a zest for crime, believes the frightened little man innocent of the killing. She has nine days to save his life. It will take a miracle, but Miss Withers has worked miracles before. *The Green Ace* is part of the Hildegard Withers Mysteries series, which also includes *The Penguin Pool Murder* and *Murder on the Blackboard*.

An Ace of the Eighth Norman J. Fortier,2007-12-18 FOR A FIGHTER PILOT IN THE MIGHTY EIGHTH, DEATH WAS ALWAYS A HEARTBEAT AWAY. When the skies of Europe blazed with the fiercest air battles in history, fighter pilots like Norman "Bud" Fortier were in the thick of it, flying four hundred miles an hour at thirty thousand feet, dodging flak and dueling with Nazi aces. In their role as "escorts" to Flying Fortresses and Liberators, the fighter squadrons' ability to blast enemy aircraft from the sky was key to the success of pinpoint bombing raids on German oil refineries, communication and supply lines, and other crucial targets. Flying in formation with the bomber stream, Fortier and the rest of his squadron helped develop dive-bombing and strafing tactics for the Thunderbolts and Mustangs. As the war progressed, fighter squadrons began to carry out their own bombing missions. From blasting V-1 missile sites along France's "rocket coast" and the hell-torn action of D day to the critical attacks on the Ruhr Valley and massive daylight raids on German industrial targets, Fortier was part of the Allies' bitter struggle to bring the Nazi war machine to a halt. In describing his own hundred-plus missions and by including the accounts of fellow fighter pilots, Fortier recaptures the excitement and fiery terror of the world's most dangerous cat-and-mouse game.

The ACE Programmer's Guide Stephen D. Huston,James C. E. Johnson,Umar Syid,2003 This book

analyzes the application of the legal principle of non-discrimination in the context of energy network operation. Since the early 1990s, the duty not to discriminate has applied to energy network operators, in order to achieve a liberalized European energy market in which European consumers have a free and real choice of energy supplier. The book provides guidance to those working in the context of the non-discrimination obligation, such as energy network operators, regulatory authorities, national courts, and other energy market players, as well as those studying the rules for (academic) research purposes. The book's conclusions serve as a tool for critical consideration and offer suggestions for improvements to the legal framework and its application on a European, as well as a national, level. Several questions are answered, including why energy network operators have a non-discrimination obligation in the context of energy market liberalization, how European law has tried to remove and control the discrimination problem since the early 1990s, and when different treatment of energy network users amounts to 'forbidden' discrimination. The book's conclusions are underpinned by comparisons with competition law, public procurement law, and telecommunications law, as well as a case study on how energy network operators and regulators in several Member States currently interpret and apply the non-discrimination obligation.
