Aram's Notebook Maria Angels Anglada,2024-05-04 A mother and son's fictional journey to escape the Armenian Genocide and start anew. Like any other fifteen-year-old boy, Aram might never have written the events of his still young life, except that he found himself suddenly plunged into exile, fleeing certain death. In 1915, the Ottoman authorities undertook the wholesale extermination of the Armenian people; hundreds of thousands of men, women, and children like Aram suffered one of the twentieth century's most savage persecutions. Inspired by the plight of the murdered modernist poet Daniel Varoujan (1884-1915), this novel follows Aram and his widowed mother on their flight toward a new life on--and under--the sea. From recollections of his father's meditations on Homer to a life-changing apprenticeship as a coral fisherman off the coasts of Cataluña and Marseille, Aram's tale dives into a future that might help redeem a harrowing past. Aram's Notebook examines the Armenian Genocide through a narrative in which poets and poetry loom large. Aram's tale evokes a struggle not simply for physical survival, but for saving memory from the clutches of destruction. Evocatively translated from the original Catalan by Ara Merjian.

Goddess Magick gives you spells, practices, and dark goddesses you can call on.

Family Trouble Ara Francis,2015-09-18 Our children mean the world to us. They are so central to our hopes and dreams that we will do almost anything to keep them healthy, happy, and safe. What happens, then, when a child has serious problems? In *Family Trouble*, a compelling portrait of upheaval in family life, sociologist Ara Francis tells the stories of middle-class men and women whose children face significant medical, psychological, and social challenges. Francis interviewed the mothers and fathers of children with such problems as depression, bi-polar disorder, autism, learning disabilities, drug addiction, alcoholism, fetal alcohol syndrome, and cerebral palsy. Children's problems, she finds, profoundly upset the foundations of parents' everyday lives, overturning taken-for-granted expectations, daily routines, and personal relationships. Indeed, these problems initiated a chain of disruption that moved through parents' lives in domino-like fashion, culminating in a crisis characterized by uncertainty, loneliness, guilt, grief, and anxiety. Francis looks at how mothers and fathers often differ in their interpretation of a child's condition, discusses the gendered nature of child rearing, and describes how parents struggle to find effective treatments and to successfully navigate medical and educational bureaucracies. But above all, *Family Trouble* examines how children's problems disrupt middle-class dreams of the "normal" family. It captures how children's problems "radiate" and spill over into other areas of parents' lives, wreaking havoc even on their identities, leading them to reevaluate deeply held assumptions about their own sense of self and what it means to achieve the good life. Engagingly written, *Family Trouble* offers insight to professionals and solace to parents. The book offers a clear message to anyone in the throes of family trouble: you are in good company, and you are not as different as you might feel...

Reverence for Life Ara Paul Barsam,2008-01-29 Ara Barsam provides a new interpretation of Schweitzer's reverence and shows how it emerged from his studies of German philosophy, Indian religions, and his biblical scholarship on Jesus and Paul.

Feed Your Body, Feed Your Soul Ara Wiseman,2014-10-02 Wholesome food has healing properties, and when we purify our diet, a number of healing reactions may begin to arise from unresolved past experiences and strong emotions. These emotions get stored in our organs and connective tissue as "emotional scar tissue," creating energy blockages that lead to pain. In *Feed Your Body, Feed Your Soul*, author Ara Wiseman outlines how eating the right amount of pure nutritious food can help begin to release and eliminate these unresolved emotions we have stored and carry around with us. Our bodies are very forgiving, and when we stop our harmful habits and behaviors and replace them with healthier ones, nature can give us a whole new opportunity for a wondrous life. Somewhere deep inside we all yearn for emotional balance and hope to find peace with the most fundamental necessity of life—our nourishment. Between the covers of this book, Ara shows us how. "In her book, *Feed Your Body, Feed Your Soul*, Ara Wiseman gives us an intimate glimpse into her own journey towards wholeness. She provides the essential building blocks for good nutritive practices, but, more importantly, places this useful information into a wholistic context. In the process of developing her themes, Ara provides liberal sprinklings of philosophical spices and condiments to enliven the dish. These quotations, aphorisms, and affirmations from mystics and spiritual philosophers inspire us to take a loving look at ourselves and give us the courage to choose a nourishing and healing path." —Dr. Anthony Godfrey, PhD, ND, author of *Deep Immunity* "Ara Wiseman has written a multi-dimensional book that not only shows us the way to excellent physical health, but also the process of wholeness in relationships. Highly recommended." —John Randolph Price, bestselling author and chairman of the Quartus Foundation

My Ara Boy, 2018-01-29 Dr. Salerian delivers another fine collection of poems, each with a photo or painting. Each poem and its artwork appears on a page of its own, for a thought-provoking yet easy read.

Lavash Kate Leahy, John Lee, Ara Zada, 2019-10-29 "A colorful culinary journey . . . This book explores what Armenian cuisine looks like today in a very authentic and beautiful way." —Marcus Samuelsson, award-winning chef and restaurateur This cookbook not only reveals how to make the ubiquitous and doable flatbread lavash, the UNESCO-recognized bread of Armenia, but also shares more than sixty recipes of what to eat with it, from soups and salads to hearty stews paired with lots of fresh herbs. Stunning photography and essays provide an insider's look at Armenia, a small but fascinating country comprising dramatic mountains, sun-drenched fields, and welcoming people. With influences from the Middle East and the Mediterranean as well as from Russia, the food of Armenia is the next cuisine to explore for people who want to dig deeper into the traditions formed at the crossroads between the East and West. "An incredibly complete book of foods from Armenia, part cookbook, part coffee-table photo journal, and part history book. The culinary culture of Armenia is ancient, profound, and a doorway to understanding the people and culture of that country—and this book and John Lee's incredible photos truly do justice to this culinary tradition." —Serj Tankian, poet, visual artist, activist, composer, and lead vocalist for System of a Down "At last, Armenian food gets its due! Lavash takes us on a captivating journey through Armenia, sharing stories of this ancient land's history and people, along with the secrets of its remarkable cuisine. The flatbread recipes alone are worth the price of the book, but there's so much more revealed here—piquant salads, whole-grain porridges, and soothing soups and stews." —Darra Goldstein, founding editor of *Gastronomica: The Journal of Food and Culture*

Eschatology in the Indo-Iranian Traditions Mitra Ara, 2008 *Eschatology in the Indo-Iranian Traditions* traces the roots of the belief in life after death from the earliest religious beliefs of the Indo-European people, through its first textual emergence among the Indo-Iranians. Tracing the Indo-Iranian concepts of the nature and constitution of man, with special reference to the doctrine of the Soul and its transmigration, the book demonstrates the profound nature of the physical, ethical, spiritual, and psychological ideals embodied in these thought systems as preserved in the Indian and Iranian scriptures. The central issue was death and the journey to the afterlife. Exploring the characteristic features of Indo-Iranian religions provides a better understanding of the development of eschatological beliefs in later religions in the same way that the Zoroastrian apocalyptic beliefs point to genetic historical relations among Judaism, Zoroastrianism, Christianity, and Islam. This comparative study enriches our understanding of the antecedents of afterlife beliefs and creates enthusiasm for further in-depth research into the Indo-Iranian religion as a system, acknowledging its genetic historical connections with both earlier and subsequent traditions. *Eschatology in the Indo-Iranian Traditions* has wide-ranging appeal to upper undergraduate and graduate courses in comparative religion, Asian studies, philosophy, and Indian and Iranian studies.

Big Gods Ara Norenzayan, 2015-08-25 Examines how the belief in gods has lead to cooperation and sometimes conflict between groups. The author also looks at how some cooperative societies have developed without belief in gods.

Ara Mark O Hubbard, 2024-08 Ara: The Life and Legacy of a Notre Dame Legend captures the personality, courage, and character of a great man who faced adversity on and off the field. Through his unprecedented access to Ara Parseghian's personal files, author Mark O. Hubbard explores the coach's innovative philosophy, organization, strategy, tactics, and motivational techniques with details to satisfy even the most knowledgeable football aficionado. Hubbard chronicles Ara's childhood and Catholic upbringing, his success as a football player, and the development of his coaching credentials at Miami of Ohio and Northwestern before delving into his sensational career at the

University of Notre Dame. From the moment Ara arrived on campus, the student body and the players were electrified, and Ara's first season concluded with a dramatic reversal of the Fighting Irish's fortunes as they competed for the national title. The Hall of Famer remains one of the most successful football coaches in Notre Dame history, amassing a career record of 95-17-4 and leading the Fighting Irish to undisputed national championships in 1966 and 1973. After retiring from coaching, Ara became a successful businessman and television commentator, but his finest hours were spent in humanitarian causes, raising millions of dollars for medical research after members of his family were stricken with multiple sclerosis and Niemann-Pick Type C. Peppered with historical context and humor, this lively biography of a Notre Dame legend will delight all sports fans, providing a chance to revisit college football's golden age.
