A. W. Acheson

*Acheson* James Chace, 2008-06-30 *Acheson* is the first complete biography of the most important and controversial secretary of state of the twentieth century. More than any other of the renowned Wise Men who together proposed our vision of the world in the aftermath of World War II, Dean Acheson was the quintessential man of action. Drawing on Acheson family diaries and letters as well as recent revelations from Russian and Chinese archives, historian James Chace traces Acheson's remarkable life, from his days as a schoolboy at Groton and his carefree life at Yale to his work for President Franklin Roosevelt on international financial policy and his unique partnership with President Truman. Acheson was a housemate of Cole Porter's at Harvard Law School, a protégé of Supreme Court justice Felix Frankfurter's, a friend of poet Archibald MacLeish's, a key adviser to General George Marshall, and a confidant of Winston Churchill's. Serving as Truman's secretary of state from 1949 to 1953, he was indeed present at the creation, as he entitled his memoirs. More than any other of Truman's powerful and glamorous advisers, Acheson conceived the shape of the postwar world and mastered the policies that ensured its birth and endurance. He was the driving force behind the Truman Doctrine to contain the Soviet Union's expansionist ambitions; the Marshall Plan to rebuild the shattered economies of Europe; and NATO, the military alliance that would bind Western Europe and the United States and keep the Soviet Union firmly behind the Iron Curtain until it collapsed. Chace corrects many misconceptions about Acheson's role in the Cold War. Acheson was not one of the original Cold Warriors. In 1945, willing to acknowledge Soviet concerns about its security, Acheson worked closely with Secretary of War Henry Stimson on a plan to share America's scientific information about atomic energy with Moscow in order to avert an arms race. It was only when Moscow made threatening demands on Turkey for bases in the Dardanelles that Acheson hardened his views toward the Soviet Union. Acheson's initial approach toward Communist China was similarly nonideological. He had little sympathy for Chiang Kai-shek's Nationalists on Taiwan and, until the outbreak of the Korean War, held out hope that the United States would soon recognize Mao Zedong's regime as the legitimate government of China. Acheson's early pragmatism toward Moscow and Beijing, and his refusal to denounce Alger Hiss, a State Department colleague accused of being a Communist, earned him the enmity of the McCarthyites, who accused Acheson of having lost China and of sabotaging General Douglas MacArthur in Korea. Later, Acheson encouraged President Kennedy to stand firm against the Soviets in the Berlin Wall and Cuban missile crises. He headed a group of elder statesmen who advised President Johnson on the Vietnam War. When Acheson turned against the war, Johnson realized that domestic support for his policy had crumbled. *Acheson* is a masterful biography of a great statesman whose policies won the Cold War. It is also an important and dramatic work of history chronicling the momentous decisions, events, and fascinating personalities of the most critical decades of the American Century.

Dean Acheson Robert Beisner, 2009-04-23 A vibrant, definitive biography of Dean Acheson, the foreign policy giant who helped shape the postwar world.

Dean Acheson and the Making of U.S. Foreign Policy Douglas Brinkley, 1993-04-12 President Truman's Secretary of

State (1949-53), Dean Acheson was a crucial figure in the shaping of the postwar world. In an astonishingly creative and demanding tenure Acheson was involved to a degree seldom realized today in a huge range of issues: from the creation of NATO to the Korean War. The result of a major commemorative conference, this volume brings together ten distinguished diplomatic historians, commissioned to write on various aspects of Acheson's career, based on primary archival research.

**Dean Acheson** Douglas Brinkley, 1992-01-01 Acheson was President Harry Truman's secretary of state, the American father of NATO and active in US foreign policy after World War II. He was also a Democratic Party activist in Eisenhower's presidency and an advisor in the Kennedy, Johnson and Nixon eras. This charts his post-secretarial career.

**Present at the Creation: My Years in the State Department** Dean Acheson, 1987-09-17 Winner of the Pulitzer Prize With deft portraits of many world figures, Dean Acheson analyzes the processes of policy making, the necessity for decision, and the role of power and initiative in matters of state. Acheson (1893-1971) was not only present at the creation of the postwar world, he was one of its chief architects. He joined the Department of State in 1941 as Assistant Secretary of State for Economic Affairs and, with brief intermissions, was continuously involved until 1953, when he left office as Secretary of State at the end of the Truman years. Throughout that time Acheson's was one of the most influential minds and strongest wills at work. It was a period that included World War II, the reconstruction of Europe, the Korean War, the development of nuclear power, the formation of the United Nations and NATO. It involved him at close quarters with a cast that starred Truman, Roosevelt, Churchill, de Gaulle, Marshall, MacArthur, Eisenhower, Attlee, Eden Bevin, Schuman, Dulles, de Gasperi, Adenauer, Yoshida, Vishinsky, and Molotov.

**Acheson and Empire** John T. McNay, 2001 Acheson and Empire offers a compelling reassessment of Dean Acheson's policies toward the former colonial world during his period as secretary of state from 1949 to 1953. John T. McNay argues that Acheson inherited through his own personal history a way of understanding the world that encouraged imperial-style international relationships. This worldview represented a well-developed belief system rooted in his Ulster Protestant heritage that remained consistent throughout his life.

**Dean Acheson and the Creation of an American World Order** Robert J. McMahon, 2009 This compact and accessible biography critically assesses the life and career of Dean Acheson, one of America's foremost diplomats and strategists. As a top State Department official from 1941 to 1947 and as Harry S. Truman's secretary of state from 1949 to 1953, Acheson shaped many of the key U.S. foreign policy initiatives of those years, including the Truman Doctrine, the Marshall Plan, the creation of the North Atlantic Treaty Organization, the rebuilding of Germany and Japan, America's intervention in Korea, and its early involvement in the Middle East and Southeast Asia. Right up until his death in 1971, Acheson continued to participate in major policy decisions and debates, including the Cuban missile and Berlin crises and the Vietnam War. Dean Acheson can justifiably be called the principal architect of the American Century. More than any other individual, Acheson is responsible for designing and implementing the

ultimately successful U.S. Cold War strategy for containing the Soviet Union. In an even broader sense, Acheson played an instrumental role in creating the institutions, alliances, and economic arrangements that, in the 1940s, brought to life an American-dominated world order. The remarkable durability of that world order which has remained the dominant fact of international life long after the end of the Cold War makes a careful examination of Acheson's diplomacy especially relevant to today's international challenges.

**Acheson Country** David C. Acheson, 1993-10 This is a personal memoir of Dean Acheson, written by his son, who, in writing the book, wished readers to see the personal side of the statesman. The memoir shows us Dean Acheson at home with his wife, Alice, his friends and children, before and after his tenure as President Truman's Secretary of State.

**The Wise Men** Walter Isaacson, Evan Thomas, 1997-06-04 A captivating blend of personal biography and public drama, *The Wise Men* introduces the original best and brightest, leaders whose outsized personalities and actions brought order to postwar chaos: Averell Harriman, the freewheeling diplomat and Roosevelt's special envoy to Churchill and Stalin; Dean Acheson, the secretary of state who was more responsible for the Truman Doctrine than Truman and for the Marshall Plan than General Marshall; George Kennan, self-cast outsider and intellectual darling of the Washington elite; Robert Lovett, assistant secretary of war, undersecretary of state, and secretary of defense throughout the formative years of the Cold War; John McCloy, one of the nation's most influential private citizens; and Charles Bohlen, adroit diplomat and ambassador to the Soviet Union.
