Women with Attention Deficit Disorder Sari Solden, 2012-07-15 Women with Attention Deficit Disorder, psychotherapist Sari Solden's, groundbreaking book, explains how every year, millions of withdrawn little girls and chronically overwhelmed women go undiagnosed with Attention Deficit Disorder because they don't fit the stereotypical profile: they're not fast-talking, hyperactive, or inattentive, and they are not male. This pioneering book explores treatment and counseling options, and uses real-life case histories to examine the special challenges women with AD/HD face, such as the shame of

not fulfilling societal expectations. Solden explains that AD/HD affects just as many women as men, and often results in depression, disorganization, anxiety, and underachievement. Included in this revised edition is a brand new chapter on friendship challenges for women with AD/HD. Three empowering steps -- restructuring one's life, renegotiating relationships, and redefining self-image -- help women take control of their lives and enjoy success on their own terms. Sari Solden has used her personal and professional experience to shine some light into the dark closet inhabited by far too many ADD women... She empowers ADD women by validating their experience as worthwhile human beings who struggle with serious organizational problems in many areas of their lives. (Kate Kelly and Peggy Ramundo, authors of *You Mean I'm Not Lazy, Stupid, or Crazy*)

ADD-Friendly Ways to Organize Your Life Judith Kolberg, Kathleen Nadeau, 2012-01-04

The Adult ADD Solution George Sachs PsyD, 2017-07-21 My name is George Sachs. I'm a clinical psychologist and expert in Adult ADD. I also have Adult ADD so much of what

I teach comes from my own personal experience. I have experimented with many methods on the market with much trial and error. Lots of errors I was never satisfied with the books I read on Adult ADD - as the advice was hard to follow and was clearly not created by someone with ADD. The tools, tips and techniques I developed for this 30 Day Online learning program have been field tested by me, and my clients. With great success. Why did I call it the 30 Day Solution? Of course you can't cure Adult ADD, and certainly not in thirty days. But in thirty days you will receive a roadmap to change. This program is just the beginning of a lifetime of learning about your unique symptoms. In thirty days you will learn what critical areas of your life need more attention. Many of my clients have tried medication, hoping for a miracle to cure their worst symptoms. The truth is medication can be effective for some, but most of my clients stop taking it because of the the side effects-and then where are they? No better off than when they first started. That is why I coach them that they need to learn tools and new techniques to better manage their life with Adult ADD. That is what this program does - offers 30 Days of holistic actionable advice that can be implemented immediately. With no negative side effects I believe in a holistic approach that starts with sleep, diet and exercise and includes emotional, relational and spiritual practices to truly overcome Adult ADD. This book deals with more than just tips to become more organized. We examine the impact of a life of untreated Adult ADD, and how that effects self-esteem, relationships and overall success. The key word is overall. That is our holistic approach, because Adult ADD impacts all areas of one's life. How many times have you bought a paper date planner? hoping that this time you would actually use it I know that the normal advice many so-called experts give to adults

with ADD just don't work. Maybe because those experts don't have Adult ADD. Well I Do. So I know that the typical methods for organization and productivity don't always work for us adults with ADD. That is why I offer work-arounds. These are field-tested tools, tips and techniques that work for adults with ADD and take into account the unique way that we approach life. I hope that you find the concepts I teach equally helpful and easy to understand. Adult ADD is challenging for oneself and loved ones, but with support and this program, you can overcome some of your worst symptoms and become the person you always knew you could be.

Scattered Minds Gabor Maté, MD, 2023-02-07 From renowned mental health expert and speaker Dr. Gabor Maté, *Scattered Minds* explodes the myth of attention deficit disorder (ADD/ADHD) as genetically based—and offers real hope and advice for children and adults who live with the condition. In this breakthrough guide to understanding, treating, and healing Attention Deficit Disorder, Dr. Gabor Maté, bestselling author of *The Myth of Normal*, and himself diagnosed with ADD: Demonstrates that the condition is not a genetic “illness” but a response to environmental stress Explains that in ADD, circuits in the brain whose job is emotional self-regulation and attention control fail to develop in infancy – and why Shows how ‘distractibility’ is the psychological product of life experience Allows parents to understand what makes their ADD children tick, and adults with ADD to gain insights into their emotions and behaviors Expresses optimism about neurological development even in adulthood Presents a program of how to promote this development in both children and adults Whereas other books on the subject describe the condition as inherited, Dr. Maté believes that our social and emotional environments play

a key role in both the cause of and cure for this condition. In *Scattered Minds*, he describes the painful realities of ADD and its effect on children as well as on career and social paths in adults. While acknowledging that genetics may indeed play a part in predisposing a person toward ADD, Dr. Maté moves beyond that to focus on the things we can control: changes in environment, family dynamics, and parenting choices. He draws heavily on his own experience with the disorder, as both an ADD sufferer and the parent of diagnosed children. Providing a thorough overview of ADD and its treatments, without blaming anyone, *Scattered Minds* is essential and life-changing reading for the millions of ADD sufferers in North America today.
