The Address Book Deirdre Mask, 2020-04-14 Finalist for the 2020 Kirkus Prize for Nonfiction | One of Time Magazine's 100 Must-Read Books of 2020 | Longlisted for the 2020 Porchlight Business Book Awards An entertaining quest to trace the origins and implications of the names of the roads on which we reside. —Sarah Vowell, The New York Times Book Review When most people think about street addresses, if they think of them at all, it is in their capacity to ensure that the postman can deliver mail or a traveler won't get lost. But street addresses were not invented to help you find your way; they were created to find you. In many parts of the world, your address can reveal your race and class. In this wide-ranging and remarkable book, Deirdre Mask looks at the fate of streets named after Martin Luther King Jr., the wayfinding means of ancient Romans, and how Nazis haunt the streets of modern Germany. The flipside of having an address is not having one, and we also see what that means for millions of people today, including those who live in the slums of Kolkata and on the streets of London. Filled with fascinating people and histories, *The Address Book* illuminates the complex and sometimes hidden stories behind street names and their power to name, to hide, to decide who counts, who doesn't—and why.

The Mary Azarian Address Book ,2013-04-15 An address book that celebrates rural life with art by New England illustrator extraordinaire, Mary Azarian. Sturdily bound with a concealed spiral binding, this is the perfect way to keep track of everyone you know--in the city or country. This address book features scenes of rural life from Mary Azarian's A Farmer's Alphabet to open each alphabetical section. The letter A opens with an image of apples being picked from a tree. The letter D is a dog asleep in a cozy armchair. F is a scenic view of a farm amongst the hills. J is kids jumping into a hay mound. N is neighbors chatting over a picket fence. Lined pages are ready for the names of family and friends. Mary Azarian created the prints for A Farmer's Alphabet while a teacher in one of Vermont's last one-room schoolhouses. In the late 1970s, the state board of education commissioned her to create a rural alphabet, a series of bold red-and-black woodcut prints featuring the letters, A to Z, and depicting scenes from Vermont life. Published as a book by Godine, Smithsonian Magazine said, No matter where children live - on a farm, in the suburbs or the city - they will love this handsome book. The Boston Globe said, A beautiful gift; a treasure to own. This address book is the perfect way to store all those addresses of friends and family--there's even a section for temporary addresses of all your wandering loved ones.

Forms of Address in the Spanish of the Americas María Irene Moyna, Susana Rivera-Mills, 2016-08-25 In the growing field of address research, Spanish emerges as one of the most complex Indo European languages. Firstly, it presents second person variation in its nominal, pronominal, and verbal systems. Moreover, several Spanish varieties have more than two address variants, which compete and mix in intricate ways. *Forms of Address in the Spanish of the Americas* showcases current research into this unique linguistic situation, by presenting the original research of twelve scholars from a variety of theoretical and methodological perspectives. The articles cover diachronic change and regional variation, pragmatics, dialect contact, attitudes, and identity. The contributions are contextualized through an introduction and the responses of three established experts, while a conclusion delineates a research agenda for the future. This collection in English is meant to reach scholars beyond the confines of Hispanic linguistics. It should be of interest to Romance linguists and specialists on second person variation across languages.

Nominal and Pronominal Address in Jamaica and Trinidad Matthias Klumm, 2021-09-15 This book examines the various patterns of nominal and pronominal address used in Jamaica and Trinidad, the two most populous islands of the English-speaking Caribbean. Given that the Anglo-Caribbean context has so far been largely neglected in address research, this study aims to provide an in-depth analysis of the linguistic means Jamaicans and Trinidadians have at their disposal and make use of to address each other. A particular focus will be on variation in the speakers' address behaviour with regard to their sex, age, social class, ethnicity, and regional background. The study draws both on data from a self-compiled corpus of postcolonial Jamaican and Trinidadian literary works, and on questionnaire and interview data collected during fieldwork. This book contributes to the ever-growing body of research in the field of nominal and pronominal address, and will be relevant to researchers interested in the fields of sociolinguistics, pragmatics, and World Englishes.

Using the Bible in Public Address Ozora Stearns Davis, 1916

The Address of the Eye Vivian Sobchack, 2020-05-05 Cinema is a sensuous object, but in our presence it becomes also a sensing, sensual, sense-making subject. Thus argues Vivian Sobchack as she challenges basic assumptions of current film theory that reduce film to an object of vision and the spectator to a victim of a deterministic cinematic apparatus. Maintaining that these premises ignore the material and cultural-historical situations of both the spectator and the film, the author makes the radical proposal that the cinematic experience depends on two viewers viewing: the spectator and the film, each existing as both subject and object of vision. Drawing on existential and semiotic phenomenology, and particularly on the work of Merleau-Ponty, Sobchack shows how the film experience provides empirical insight into the reversible, dialectical, and signifying nature of that embodied vision we each live daily as both mine and another's. In this attempt to account for cinematic intelligibility and signification, the author explores the possibility of human choice and expressive freedom within the bounds of history and culture.
