Endurance Alfred Lansing, 2014-04-29 Experience one of the greatest adventure stories of the modern age in this New York Times bestseller: the harrowing tale of British explorer Ernest Shackleton's 1914 attempt to reach the South Pole. In August 1914, polar explorer Ernest Shackleton boarded the *Endurance* and set sail for Antarctica, where he planned to cross the last uncharted continent on foot. In January 1915, after battling its way through a thousand miles of pack ice and only a day's sail short of its destination, the *Endurance* became locked in an island of ice. Thus began the legendary ordeal of Shackleton and his crew of twenty-seven men. When their ship was finally crushed between two ice floes, they attempted a near-impossible journey over 850 miles of the South Atlantic's heaviest seas to the closest outpost of civilization. With an introduction by Nathaniel Philbrick, *Endurance* is the definitive account of Ernest Shackleton's fateful trip. Alfred Lansing brilliantly narrates the gripping and miraculous voyage that has defined heroism for the modern age.

Phonics for Pupils with Special Educational Needs Book 1: Building Basics

Ann Sullivan, 2018-10-12 Phonics for Pupils with Special Educational Needs is a complete, structured, multisensory programme for teaching reading and spelling, making it fun and accessible for all. This fantastic seven-part resource offers a refreshingly simple approach to the teaching of phonics, alongside activities to develop auditory and visual perceptual skills. Specifically designed to meet the needs of pupils of any age with special educational needs, the books break down phonics into manageable core elements and provide a huge wealth of resources to support teachers in teaching reading and spelling. Book 1: Building Basics introduces basic sounds and explores their relationship with letters. It focuses on sounds and letters

where there is a simple 1:1 correspondence between the two, and explores the sounds in simple words that follow the pattern of vowel-consonant or consonant-vowel-consonant. Sounds are grouped into seven sets, with each set containing more than 50 engaging activities, including: sound story, dynamic blending, reading race, spot the word and spelling challenge. Thorough guidance is provided on how to deliver each activity, as well as a lesson planner template, handy word lists and posters for teachers and teaching assistants to use to support learning. Each book in the series gradually builds on children's understanding of sounds and letters and provides scaffolded support for children to learn about every sound in the English language. Offering tried and tested material which can be photocopied for each use, this is an invaluable resource to simplify phonics teaching for teachers and teaching assistants and provide fun new ways of learning phonics for all children. This book is accompanied by a companion resource, 'Phonics for Pupils with Complex SEND ', to be used alongside the Phonics for Pupils with Special Educational Needs programme. The activities from Books 1-6 of the programme are adapted to be accessible for non-verbal pupils, including AAC users, and those with physical disabilities.

My First Piano Adventure: Lesson Book A with CD , 2007-01-01 (Faber Piano Adventures). Written for ages 5 and 6, My First Piano Adventure captures the child's playful spirit. Fun-filled songs, rhythm games and technique activities develop beginning keyboard skills. Three distinguishing features of the Lesson Book A make it unique and effective for the young 5-6 year old beginner. 1. A strong focus on technique embedded in the book through playful technique games, chants, and carefully-composed pieces that gently lead the child into pianistic motions. 2. An outstanding CD for the young student to listen, sing, tap, and play along with at the piano. The orchestrated songs on the CD feature children singing the lyrics, which has great appeal to the 5-6 year old beginner. The CD becomes a ready-made practice partner that guides the student and parent for all the pieces and activities in the books. 3. The fanciful art features five multi-cultural children who are also learning to play. These friends at the piano introduce basic rhythms, white key names, and a variety of white and black-key songs that span classical, folk, and blues. Young students will listen, sing, create, and play more musically with Nancy and Randall Faber's My First Piano Adventure, Lesson Book A. The Lesson Book introduces directional pre-reading, elementary music theory and technique with engaging songs, games, and creative discovery at the keyboard. Young students will enjoy the multi-cultural friends at the piano who introduce white-key names, basic rhythms, and a variety of songs which span classical, folk, and blues. Ear-training and eye-training are also part of the curriculum. The Fabers' instructional theory ACE - Analysis, Creativity, and Expression, guides the pedagogy of My First Piano Adventure. Analysis leads to understanding, creativity leads to self-discovery, and expression develops personal artistry. The CD for this book offers a unique listening experience with outstanding orchestrations and vocals. The recordings demonstrate a key principle of the course: when children listen, sing, tap, and move to their piano music, they play more musically. View Helpful Introductory Videos Here

Camping Adventure William R. Gray, 1976 A family backpacks into the mountains and enjoys several days of camping.

Gentlemen of the Road Michael Chabon, 2008-09-30 #1 SAN FRANCISCO CHRONICLE BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE CHICAGO TRIBUNE "A picaresque, swashbuckling adventure."—The Washington Post Book World They're an odd pair, to be sure: pale, rail-thin, black-clad Zelikman, a moody, itinerant physician fond of jaunty headgear, and ex-soldier Amram, a gray-haired giant of a man as quick with a razor-tongued witticism as with a sharpened battle-ax. Brothers under the skin, comrades in arms, they make their rootless way through the Caucasus Mountains, circa a.d. 950, living as they please and surviving however they can—as blades and thieves for hire and as practiced bamboozlers, cheerfully separating the gullible from their money. But when they are dragooned into service as escorts and defenders to a prince of the Khazar Empire, they soon find themselves the half-willing generals in a full-scale revolution—on a road paved with warriors and whores, evil emperors and extraordinary elephants, secrets, swordplay, and such stuff as the grandest adventures are made of. Praise for *Gentlemen of the Road* "Within a few pages I was happily tangled in [Chabon's] net of finely filigreed language, seduced by an old-school-style swashbuckling quest . . . laced with surprises and humor."—San Francisco Chronicle "[Chabon] is probably the premiere prose stylist—the Updike—of his generation."—Time "The action is intricate and exuberant. . . . It's hard to resist its gathering momentum, not to mention the sheer headlong pleasure of Chabon's language."—The New York Times Book Review "[A] wild, wild adventure . . . abounds with lush language . . . This book roars to be read aloud."—Chicago Sun-Times

The Port of Adventure C. N. Williamson, A. M. Williamson, 2019-12-23 The Port of Adventure by C. N. Williamson and A. M. Williamson is, at its core, a love story with a California background. On a great ship, a woman sailed away from the Old World, wishing to forget. In her mind was the thought of a far-off place toward which she was traveling. There were no figures in this mental picture. She painted it as a mere flowery background; for she was very tired of people. In the New World, a man lived and worked, and dreamed—when he had time. In the Port of Adventure, anything can happen.

The Lost Book of Adventure Teddy Keen, 2019-03-05 A facsimile edition of the tattered notebooks of the Unknown Adventurer, this love letter to the wild details everything you need to know about how to live and thrive in nature, from the principles of treehouse building to wilderness first aid. If you are reading this, it means my notebooks have been found. I am leaving them here at camp for safekeeping along with a few other belongings that I won't be taking with me. The notebooks are a lifetime's worth of knowledge, which I'm

passing on the you. So reads an excerpt from the weatherworn letter discovered by nature enthusiast Teddy Keen on a recent trip to the Amazon, along with sketchbooks filled with details of extraordinary adventures and escapades, expedition advice, and survival methods, annotated with captivating colored-pencil drawings. It is thought that the sketchbooks were created for two young relatives of the author. Drawing on Teddy's knowledge of the outdoors, the pages of the sketchbooks have been carefully transcribed for young readers, as they were originally intended. You'll be transported by riveting adventure tales from around the globe, like being dragged off by a hyena in Botswana, surviving a Saharan dust storm, being woken by an intrepid emperor penguin in Antarctica, and coming face-to-face with a venomous bushmaster (one of the most dangerous snakes on the planet)—all told in lyrical prose and illustrations that wonder at the mysterious beauty of the wild. Having inspired the adventurous spirit in you, the Unknown Adventurer encourages you to set out on your own adventure with information on wild camping, rafting, exploration, and shelters and dens, plus tips on first aid and tying knots. Expert instructions on wilderness basics, like building a fire, what to do if you get lost, and how to build various types of shelters are accompanied by more specific skills culled from many years of experience, like baking campfire bread, creating a toothbrush from a twig, making a suture from soldier ants, and even how to pan for gold. Find your way back to your primal self with the immersive text and glorious color artwork of this one-of-a-kind adventure book. REMEMBER: be good, be adventurous...and look after your parents.
