Haunted Inns and Hotels of Virginia Susan Schwartz, 2023-08 Virginia's long history and many beauties attract millions of visitors each year--and some never leave. With some of the oldest inns in the country, Virginia has a multitude of options for travelers to sleep among the spirits. The historic Cavalier Hotel is haunted by the ghost of Adolph Coors, the beer magnate. Market Square Tavern is one of the original buildings in Williamsburg, and has some of the oldest

haunts--including, possibly, Thomas Jefferson. The spirit of Mary Hooker still watches over her beloved home at King George's Bell Grove Plantation. The family of the former owner of Natural Bridge Hotel are said to still walk the halls of historic building--after he killed them. Plan a ghostly journey along Virginia's byways with author and paranormal expert Susan Schwartz.

Fashionable Encounters Tove Engelhardt Mathiassen, Marie-Louise Nosch, Maj Ringgaard, Kirsten Toftegaard, 2014-05-30 At the heart of this anthology lies the world of fashion: a concept that pervades the realm of clothes and dress; appearances and fashionable manners; interior design; ideas and attitudes. Here sixteen papers focus on the Nordic world (Denmark, Norway, Sweden Finland, Iceland, the Faroe Isles and Greenland) within the time frame AD 1500–1850. This was a period of rapid and far-reaching social, political and economic change, from feudal Europe through political revolution, industrialisation, development of international trade, religious upheaval and technological innovation; changes impacting on every aspect of life and reflected in equally rapid and widespread changes in fashion at all levels of society. These papers present a broad image of the theme of fashion as a concept and as an empirical manifestation in the Nordic countries in early modernity, exploring a variety of ways in which that world encountered fashionable impressions in clothing and related aspects of material culture from Europe, the Russian

Empire, and far beyond. The chapters range from object-based studies to theory-driven analysis. Elite and sophisticated fashions, the importation of luxuries and fashion garments, christening and bridal wear, silk knitted waistcoats, woollen sweaters and the influence of the whaling trade on women's clothing are some of the diverse topics considered, as well as religious influences on perceptions of luxury and aspects of the garment trade and merchant inventories.

Uncertain P.J. Gammarano M.A. J.D.,2021-08-25 You'll find all original short stories and poetic tales suitable as musical lyrics. Some items were written as far back at the 1970's! The otherwise non-descript book cover photograph depicts two American Banzai trees (NYC) which are from 1986, so that's 35 years ago ! If left to grow freely, this vegetation would grow to be much higher & larger than even the other tree in the background. Each tree is about 4.5 feet tall, and has been trimmed periodically since these were mere twigs. The lesson here is that we humans can 'control' to an extent, but nature per se remains as the overarching & uncertain factor.

Happily Hippie Paul Dougan,2017-08-17 *Happily Hippie: Meet a Modern Ethnicity* rethinks hippies. Hippiedom didn't die; rather, as with other outgroups, it became socially invisible. *Happily Hippie* argues that the Counterculture is a 50-year-old ethnicity and explains Hippiedom's ethnogenesis. We'll learn how anti-Hippie demagoguery has warped American politics, how the War on Drugs is largely about persecuting Hippie-America and how today's legalization movement is really about Hippie-America fighting for social equality. *Happily Hippie* documents the Counterculture's many accomplishments, including inventing the Personal Computer; it estimates over 30 million Hippie-Americans and shows readers crude demographic maps of Hippie-America. We look at Hippies in philanthropy,

Hollywood, sports, various arts, new medicine, the natural-foods industry, the Green movement and around the globe. We'll see how stereotypes of Hippies echo those of other minorities, explore Hippie self-esteem issues, look at Hippie generational transfer and do some fun media analysis. We'll also consider the need for a Hippie-American Ethnic Organization and how we might begin one. If you're Hippie, if you've ever been Hippie, read this book. It will change your head; it can change this world.
