

Alliance

S. K. Dunstall

The Alliance Reid Hoffman, Ben Casnocha, Chris

Yeh, 2014-07-08 The New York Times Bestselling guide for managers and executives. Introducing the new, realistic loyalty pact between employer and employee. The employer-employee relationship is broken, and managers face a seemingly impossible dilemma: the old model of guaranteed long-term employment no longer works in a business environment defined by continuous change, but neither does a system in which every employee acts like a free agent. The solution? Stop thinking of employees as either family or as free agents. Think of them instead as allies. As a manager you want your employees to help transform the company for the future. And your employees want the company to help transform their careers for the long term. But this win-win scenario will happen only if both sides trust each other enough to commit to mutual investment and mutual benefit. Sadly, trust in the business world is hovering at an all-time low. We can rebuild that lost trust with straight talk that recognizes the realities of the modern economy. So, paradoxically, the alliance begins with managers acknowledging that great employees might leave the company, and with employees being honest about their own career aspirations. By putting this new alliance at the heart of your talent management strategy, you'll not only bring back trust, you'll be able to recruit and retain the entrepreneurial individuals you need to adapt to a fast-changing world. These individuals, flexible, creative, and with a bias toward action, thrive when they're on a specific "tour of duty"—when they have a mission that's mutually beneficial to employee and company that can be completed in a realistic period of time. Coauthored by the founder of LinkedIn, this bold but practical guide for managers and executives will give you the tools you need to recruit, manage, and retain the kind of employees who will make your company thrive in today's world of constant innovation and fast-paced change.

Alliance Formation in Civil Wars Fotini Christia, 2012-11-12

This book argues power balances, rather than shared identities, explain why warring Afghan groups aligned with and double-crossed each other.

The Alliance Gerald N. Lund, 1988-08-01 It's 18 years after the nuclear holocaust and the end of civilization, as we know it. Survivors are being relocated to a new society known as the Alliance. It seems like a dream come true for many of the new citizens. Crime, as well as harmful emotions, such as anger and prejudice have been eliminated, because the Alliance has computerized control over its citizens from a computer chip that has been implanted in everyone. Eric Lloyd discovers the Alliance's corrupt power structure and vows to destroy it. But can one person change the world?

Treacherous Alliance Trita Parsi, 2007-10-01 This award-winning study traces the shifting relations between Israel, Iran, and the U.S. since 1948—including secret alliances and treacherous acts. Vitriolic exchanges between the leaders of Iran and Israel are a disturbingly common feature of the news cycle. But the real roots of their enmity mystify Washington policymakers, leaving no promising pathways to stability. In *Treacherous Alliance*, U.S. foreign policy expert Trita Parsi untangles the complex and often duplicitous relationship among Israel, Iran, and the United States from 1948 to the present. In the process, he reveals shocking details of unsavory political maneuverings that have undermined Middle Eastern peace and disrupted U.S. foreign policy initiatives in the region. Parsi draws on his unique access to senior American, Iranian, and Israeli decision makers to present behind-the-scenes revelations that will surprise even the most knowledgeable readers: Iran's prime minister asks Israel to assassinate Khomeini; Israel reaches out to Saddam Hussein after the Gulf War; the United States foils Iran's plan to withdraw support from Hamas and Hezbollah; and more. *Treacherous Alliance* not only revises our understanding of the recent past, it also spells out a course for the future. An Arthur

Dangerous Alliance Jennieke Cohen,2019-12-03 The Gentleman's Guide to Vice and Virtue meets Jane Austen in this witty, winking historical romance with a dash of mystery! Lady Victoria Aston has everything she could want: an older sister happily wed, the future of her family estate secure, and ample opportunity to while her time away in the fields around her home. But now Vicky must marry—or find herself and her family destitute. Armed only with the wisdom she has gained from her beloved novels by Jane Austen, she enters society's treacherous season. Sadly, Miss Austen has little to say about Vicky's exact circumstances: whether the roguish Mr. Carmichael is indeed a scoundrel, if her former best friend, Tom Sherborne, is out for her dowry or for her heart, or even how to fend off the attentions of the foppish Mr. Silby, he of the unfortunate fashion sensibility. Most unfortunately of all, Vicky's books are silent on the topic of the mysterious accidents cropping up around her...ones that could prevent her from surviving until her wedding day.

Alliance S. K. Dunstall,2016 The lines. The soul of every ship. It was once thought there were only ten, but that was before an alien vessel appeared at the edge of space--before Ean Lambert heard more lines singing. Ean's ways of communicating with lines is strange. But his abilities make him a valuable tool--or weapon--to command. Captain Selma Kari Wang has lost everything--her ship, her crew, her legs. But the New Alliance of Worlds is not done with her yet. After they rebuild her broken body, they send her to captain one of the new alien ships, teaming her up with Ean, the only one who can understand the alien lines. Kari Wang and Ean are poised on the threshold of discoveries that could change the world. But not everyone wants the New Alliance to control the secrets they uncover--and those who oppose won't hesitate to do whatever it takes to stop them.

Orphan's Alliance Robert Buettner,2008-11-01 From Arthur C.

Clarke Award-nominated author Ken MacLeod, an action-packed space opera told against a backdrop of interstellar drone warfare, virtual reality, and an A.I. revolution. In deep space, ruthless corporations vie for control of scattered mining colonies, and war is an ever-present threat. Led by Seba, a newly sentient mining reboot, an AI revolution grows. Fighting them is Carlos, a grunt who is reincarnated over and over again to keep the freeboots in check. But he's not sure whether he's on the right side. Against a backdrop of interstellar drone combat Carlos and Seba must either find a way to rise above the games their masters are playing or die. And even dying might not be the end of it. The Corporation WarsThe Corporation Wars: Dissidence The Corporation Wars: InsurgenceThe Corporation Wars: Emergence

Alliance Rising C. J. Cherryh, Jane S. Fancher, 2019-11-12 For years, the stations of the Hinder Stars, those old stations closest to Sol, have lagged behind the great megastations of the Beyond, like Pell and Cyteen. But new opportunities and fears arise when Alpha station receives news of an incoming ship with no identification. The denizens of Alpha wait anxiously for news about the outsiders, each with their own suspicions about the ship and its origins. Ross and Fallon, crew members of the Galway, believe the unidentified ship belongs to Pell and has come to investigate another massive ship docked at Alpha, The Rights of Man. Though Rights is under the command of the Earth Company, it is not quite perfected--and its true purpose is shrouded in mystery. James Robert Neihart, captain of Finit's End--a huge faster-than-light ship flown by one of the Merchanter Families--has heard whispers of The Rights of Man and wonders at its design and purpose, especially as Sol struggles to rival the progress of the Farther Stars. Now docked at Alpha, he must convince the crews that there is more to The Rights of Man than meets the eye. Because the reasons behind the creation of The Rights of Man, and its true plans, could change everything--not just for Sol, but for the Hinder Stars and the Beyond itself. --

The Alliance Boxset Books 1-3 S.E. Smith, 2016-06-30

The Making of an Alliance David Tal, 2022-01-06 A critical overview and re-evaluation of the origins and development of the 'special' relations between Israel and the United States.

Broken Alliance Jonathan Kaufman, 1995 Index. Bibliographical notes: p. 285-300.

Unholy Alliance David Horowitz, 2006-02-02 The bestselling *Unholy Alliance*—now in paperback! Former Leftist radical David Horowitz blows the lid off the dangerous liaison between U.S. liberals and Islamic radicals. With America's battle against the disastrous force of terrorism at hand, Horowitz takes us behind the curtain of the unholy alliance between liberals and the enemy—a force with malevolent intentions, and one that Americans can no longer ignore.

Warring Friends Jeremy Pressman, 2011-11-14 Allied nations often stop each other from going to war. Some countries even form alliances with the specific intent of restraining another power and thereby preventing war. Furthermore, restraint often becomes an issue in existing alliances as one ally wants to start a war, launch a military intervention, or pursue some other risky military policy while the other ally balks. In *Warring Friends*, Jeremy Pressman draws on and critiques realist, normative, and institutionalist understandings of how alliance decisions are made. Alliance restraint often has a role to play both in the genesis of alliances and in their continuation. As this book demonstrates, an external power can apply the brakes to an incipient conflict, and even unheeded advice can aid in clarifying national goals. The power differentials between allies in these partnerships are influenced by leadership unity, deception, policy substitutes, and national security priorities. Recent controversy over the complicated relationship between the U.S. and Israeli governments—especially in regard to military and security concerns—is a reminder that the alliance has never been easy or straightforward. Pressman highlights multiple episodes during

which the United States attempted to restrain Israel's military policies: Israeli nuclear proliferation during the Kennedy Administration; the 1967 Arab-Israeli War; preventing an Israeli preemptive attack in 1973; a small Israeli operation in Lebanon in 1977; the Israeli invasion of Lebanon in 1982; and Israeli action during the Gulf War of 1991. As Pressman shows, U.S. initiatives were successful only in 1973, 1977, and 1991, and tensions have flared up again recently as a result of Israeli arms sales to China. Pressman also illuminates aspects of the Anglo-American special relationship as revealed in several cases: British nonintervention in Iran in 1951; U.S. nonintervention in Indochina in 1954; U.S. commitments to Taiwan that Britain opposed, 1954-1955; and British intervention and then withdrawal during the Suez War of 1956. These historical examples go far to explain the context within which the Blair administration failed to prevent the U.S. government from pursuing war in Iraq at a time of unprecedented American power.

Making the Alliance Work Gregory Treverton, 1985-06-18

Bonds of Alliance Brett Rushforth, 2013-06-01 In the seventeenth and eighteenth centuries, French colonists and their Native allies participated in a slave trade that spanned half of North America, carrying thousands of Native Americans into bondage in the Great Lakes, Canada, and the Caribbean. In *Bonds of Alliance*, Brett Rushforth reveals the dynamics of this system from its origins to the end of French colonial rule. Balancing a vast geographic and chronological scope with careful attention to the lives of enslaved individuals, this book gives voice to those who lived through the ordeal of slavery and, along the way, shaped French and Native societies. Rather than telling a simple story of colonial domination and Native victimization, Rushforth argues that Indian slavery in New France emerged at the nexus of two very different forms of slavery: one indigenous to North America and the other rooted in the Atlantic world. The alliances that bound French and Natives together forced a century-long

negotiation over the nature of slavery and its place in early American society. Neither fully Indian nor entirely French, slavery in New France drew upon and transformed indigenous and Atlantic cultures in complex and surprising ways. Based on thousands of French and Algonquian-language manuscripts archived in Canada, France, the United States and the Caribbean, *Bonds of Alliance* bridges the divide between continental and Atlantic approaches to early American history. By discovering unexpected connections between distant peoples and places, Rushforth sheds new light on a wide range of subjects, including intercultural diplomacy, colonial law, gender and sexuality, and the history of race.

Management of Alliance Networks Włodzimierz Sroka, Štefan Hittmár, 2013-01-06 Effective management is crucial to the success of the inter-firm cooperation, and may reduce the risk that is inherently associated with these strategies. If cooperative strategy is to be successful, managers must have knowledge of factors that should be taken into consideration during formation and management of alliance networks. Therefore the main goal of this book is an understandable and simple presentation of the complexity involved in the management of alliance networks at three basic stages: formation stage, functioning stage, and post-operational stage. The book consists of six chapters, both theoretical and practical. A new model for management of alliance networks, which utilizes different instruments and tools, has been developed in the work. The last part of the book concentrates on the management of alliance networks in a practice-based framework based on the example of an engineering company which has formed a portfolio of bilateral alliances.

The Osiris Alliance Jack Ford, 2009 Nuclear materials are being smuggled from the United States to a former Soviet nation. To aid his investigation, federal prosecutor Adam Stark joins forces with Megan Delaney, a journalist who suspects the involvement of the shadowy Osiris Corporation. A thief contacts them, claiming to have stolen a journal containing details about the arms deals and

secrets concerning the Lindbergh Baby kidnapping. But the mysterious owner of the journal will stop at nothing to recover it.

Alliance, 2021

Unholy Alliance Peter Levenda, 2019-11-15 In June of 1979, Peter Levenda flew to Chile—then under martial law—to investigate claims that a mysterious colony and torture center in the Andes Mountains held a key to the relationship between Nazi ideology and its post-war survival on the one hand, and occult ideas and practices on the other. He was detained there briefly and released with a warning: “You are not welcome in this country.” The people who warned him were not Chileans but Germans, not government officials but agents of the assassination network Operation Condor. They were also Nazis, providing a sanctuary for men like Josef Mengele, Hans-Ulrich Rudel, and Otto Skorzeny. In other words: ODESSA. Published in 1995, *Unholy Alliance* was the first book in English on the subject of Nazi occultism to be based on the captured Nazi archives themselves, as well as on the author’s personal investigations and interviews, often conducted under dangerous conditions. The book attracted the attention of historians and journalists the world over and has been translated into six languages. A later edition boasts the famous foreword by Norman Mailer. How did occultism come to play such an important role in the development of Nazi political ideology? What influence did such German and Austrian occult leaders as Lanz von Liebenfels and Guido von List have over the fledgling Nazi party? What was the Thule Gesellschaft, and who was its creator, Baron von Sebottendorf? Did the Nazi high command really believe in occultism? In astrology? In magic and reincarnation? This is a new and expanded edition of the original text, with much additional information on the rise of extremist groups in Europe, Latin America, Asia, and the United States and the esoteric beliefs that are at their foundations. It is the first book in a trilogy that includes *Ratline* and *The Hitler Legacy*. This is where it all began.
