David A. Neiwert

Glacial Lake Missoula David D. Alt, 2001 *Glacial Lake Missoula and Its Humongous Floods* tells the gripping tale of a huge Ice Age lake that drained suddenly--not just once but repeatedly--and reshaped the landscape of the Northwest. The narrative follows the path of the floodwaters as they raged from western Montana across the Idaho Panhandle, then scoured through eastern Washington and down the Columbia Gorge to the Pacific Ocean.

Drug-Induced Liver Injury, 2019-07-13 *Drug-Induced Liver Injury*, Volume 85, the newest volume in the *Advances in Pharmacology* series, presents a variety of chapters from the best authors in the field. Chapters in this new release include Cell death mechanisms in DILI, Mitochondria in DILI, Primary hepatocytes and their cultures for the testing of drug-induced liver injury, MetaHeps an alternate approach to identify IDILI, Autophagy and DILI, Biomarkers and DILI, Regeneration and DILI, Drug-induced liver injury in obesity and nonalcoholic fatty liver disease, Mechanisms of Idiosyncratic Drug-Induced Liver Injury, the Evaluation and Treatment of Acetaminophen Toxicity, and much more. Includes the authority and expertise of leading contributors in pharmacology Presents the latest release in the *Advances in Pharmacology* series

Ctrl Alt Delete Mitch Joel, 2013-05-21 *The DNA of business has changed. Forever. You can blame technology, smartphones, social media, online shopping and everything else, but nothing changes this reality: we are in a moment of business purgatory. So, what are you going to do about it?* Mitch Joel, one of the world's leading experts in new media, warns that the time has come to CTRL ALT DELETE. To reboot and to start re-building your business model. If you don't, Joel warns, not only will your company begin to slide backwards, but you may find yourself unemployable within five years. That's a very strong warning, but in his new book, CTRL ALT DELETE, Joel explains the convergence of five key movements that have changed business forever. The movements have already taken place, but few businesses have acted on them. He outlines what you need to know to adapt right now. He also points to the seven triggers that will help you take advantage of these game-changing factors to keep you employable as this new world of business unfolds. Along the way, Joel introduces his novel concept of squiggle which explains how you can learn to adapt your personal approach to your career, as new technology becomes the norm. In short, this is not a book about change management but rather a book about changing both you AND your business model.

Alt-America David Neiwert, 2017-10-17 The story of the remarkable resurgence of right-wing extremists in the United States Just as Donald Trump's victorious campaign for the US presidency shocked the world, the seemingly sudden national prominence of white supremacists, xenophobes, militia leaders, and mysterious "alt-right" figures mystifies many. But the American extreme right has been growing steadily in number and influence since the 1990s with the rise of patriot militias. Following 9/11, conspiracy theorists found fresh life; and in virulent reaction to the first black US president, militant racists have come out of the woodwork. Nurtured by a powerful right-wing media sector in radio, TV, and online, the far right, Tea Party movement conservatives, and Republican activists found common ground. Figures such as Stephen Bannon, Milo Yiannopoulos, and Alex Jones, once rightly dismissed as cranks, now haunt the reports of mainstream journalism. Investigative reporter David Neiwert has been tracking extremists for more than two decades. In *Alt-America*, he provides a deeply researched and authoritative report on the growth of fascism and far-right terrorism, the violence of which in the last decade has surpassed anything inspired by Islamist or other ideologies in the United States. The product of years of reportage, and including the most in-depth investigation of Trump's ties to the far right, this is a crucial book

about one of the most disturbing aspects of American society.

Alt-America David Neiwert, 2017-10-17 Just as Donald Trump's victorious campaign for the US presidency shocked liberal Americans, the seemingly sudden national prominence of white supremacists, xenophobes, militia leaders, and mysterious Alt-Right leaders mystifies many. But the extreme Right has been growing steadily in the US since the 1990s, with the rise of Patriot militias; following 9/11, when conspiracy theorists found fresh life; and in virulent reaction to the first black president of the country. Nurtured by a powerful right-wing media sector in radio, TV, and online, the Far Right, Tea Party movement conservatives, and Republican activists found common ground in Producerist ideology and constitutionalist interpretations of US law—an alternative America that is resurgent, even as it has been ignored by the political establishment and mainstream media. Investigative reporter David Neiwert has been tracking extremists for more than two decades, and here he provides a deeply reported and authoritative report on the background, mindset, and growth on the ground of Far Right movements across the country. The product of years of reportage, and including the most in-depth investigation of Trump's ties to Far Right figures, this is a crucial book about one of the most disturbing sides of the US.

Alt-Right Gangs Shannon E. Reid, Matthew Valasik, 2020-09-22 Alt-Right Gangs provides a timely and necessary discussion of youth-oriented groups within the white power movement. Focusing on how these groups fit into the current research on street gangs, Shannon E. Reid and Matthew Valasik catalog the myths and realities around alt-right gangs and their members; illustrate how they use music, social media, space, and violence; and document the risk factors for joining an alt-right gang, as well as the mechanisms for leaving. By presenting a way to understand the growth, influence, and everyday operations of these groups, Alt-Right Gangs informs students, researchers, law enforcement members, and policy makers on this complex subject. Most significantly, the authors offer an extensively evaluated set of prevention and intervention strategies that can be incorporated into existing anti-gang initiatives. With a clear, coherent point of view, this book offers a contemporary synthesis that will appeal to students and scholars alike.

offer an extensively evaluated set of prevention and intervention strategies that can be incorporated into existing anti-gang initiatives. With a clear, coherent point of view, this book offers a contemporary synthesis that will appeal to students and scholars alike.

Going Alt-Ac Kevin Kelly, Kathryn E. Linder, Thomas J. Tobin, 2023-07-03 A growing number of people completing or holding graduate degrees now seek non-faculty positions—also called alternative academic, or “alt-ac” positions—at different stages in their careers. While an increasing number of people with doctoral degrees are hunting for a diminishing pool of tenure-track faculty jobs, most degree-granting institutions do not adequately prepare their graduate students to enter the new reality of the alt-ac job market. Yet the administrative ranks in higher education institutions are growing, as colleges and universities are creating a diverse range of positions that support teaching and learning efforts. Focusing on the range of potential alternative career choices, this highly practical book offers tools and prompts for readers who are: · Considering whether to choose an alt-ac career path · Seeking specific alt-ac positions · Advising graduate students or mentoring recent professional graduates · Encountering alt-ac career challenges The authors offer case stories—their own and those of colleagues across North America in alt-ac roles—with concrete examples designed to help readers pursue, obtain, and excel in a wide variety of alt-ac positions. The book can equally be used as a resource for graduate courses on professional development and job-market preparation.

The Alt-Right George Hawley, 2018-11-07 In recent years, the so-called Alt-Right, a white nationalist movement, has grown at an alarming rate. Taking advantage of high levels of racial polarization, the Alt-Right seeks to normalize explicit white identity politics. Growing from a marginalized and disorganized group of Internet trolls and propagandists, the Alt-Right became one of the major news stories of the 2016 presidential election, and exploded into public consciousness after its march through Charlottesville in summer 2017. Discussions of the Alt-Right are now a regular part of political discourse in the United States and beyond. In *The Alt-Right: What Everyone Needs to Know®*, George Hawley, one of the world's leading experts on the conservative movement and right-wing radicalism, provides a clear explanation of the ideas, tactics, history, and prominent figures of one of the most disturbing movements in America today. Although it presents itself as a new phenomenon, the Alt-Right is just the latest iteration of a longstanding radical right-wing political tradition. Throughout, Hawley discusses the other primary ideological influences on the Alt-Right: libertarianism, paleoconservatism, neo-reaction, and the Men's Rights Movement. The Alt-Right represents a genuine challenge to pluralistic liberal democracy, but its size and influence are often exaggerated. Whether intentionally or not, President Donald Trump energized the Alt-Right in 2016, yet conflating Trump's variety of right-wing politics with the Alt-Right causes many observers to both overestimate the Alt-Right's size and downplay its radicalism. Hawley provides a tour of the contemporary radical right, and explains how it differs from more mainstream varieties of conservatism. Dispassionate and accessible, this is an essential overview for anyone seeking to understand to this disruptive and dangerous political movement.

Alt-Right Mike Wendling, 2018-04-03T00:00:00Z This book is a vital guide to understanding the racist, misogynist, far-right movement that rose to prominence during Donald Trump's successful election campaign. To some, the movement appears to have burst out of nowhere, but journalist Mike Wendling has been tracking the Alt-Right for years. He reveals the role of technological utopians, reactionary philosophers, the notorious 4chan bulletin boards, and a range of bloggers, vloggers and tweeters, and the extreme ideas they attempt to popularize. Analyzing what the Alt-Right stands for, based upon interviews with movement leaders and foot soldiers, Wendling provides evidence linking extremists with terror attacks and hate crimes. Ultimately the book argues that,

despite its high profile support, the movement's contradictory tendencies will lead to its downfall.

Alt 41 Ernest N. Emenyonu, Nduka Otiono, Chiji Akoma, 2023-12-19 Interrogates and explores African literature in African languages today, and the continuing interfaces between works in indigenous languages and those written in European languages or languages of colonizers. Sixty years after the Conference of African Writers of English Expression at Makerere University, the dominance in the global canon of African literatures written in European languages over those in indigenous languages continues to be an issue. This volume of ALT re-examines this central question of African literatures to ask, 'What is the state of African literatures in African languages today?' Contributors discuss the translation of Gurnah's novel *Paradise* to Swahili, and Osemwegie's *Orọ* Epic to English, and Wolof wrestlers' panegyrics. They analyse Edo eco-critical poetry, and the poetics of Igbo mask poetry, and morality in early prose fiction in indigenous Nigerian languages. Other essays contribute a semiotic analysis of Duruaku's *A Matter of Identity*, and the decolonization of trauma in Uwem Akpan's *Say You're One of Them*. Overall, the volume paints a complex image of African cultural production in indigenous languages, especially in the ways Africa's oral performance traditions remain resilient in the face of a seemingly undiminished presence of non-African language literary traditions.

Alt Kid Lit Kenneth B. Kidd, Derritt Mason, 2024-04-15 Contributions by Kristopher Alexander, Amanda K. Allen, Brianna Anderson, Catherine Burwell, Katharine Capshaw, Negin Dahya, Gabriel Duckels, Paige Gray, Gabrielle Atwood Halko, Natasha Hurley, Kenneth B. Kidd, Erica Law-Montes, Derritt Mason, Brandon Murakami, Tehmina Pirzada, Cristina Rhodes, Cristina Rivera, Jakob Rosendal, TreaAndrea M. Russworm, Vivek Shraya, Victoria Ford Smith, Joshua Whitehead, and Shuyin Yu How do we think about children's and young adult literature? Children's literature is often defined through audience, so what happens when children are drawn to and claim genres not built expressly "for" them? To what extent do canonical formations tend to overwrite or obscure less visible efforts to create and promote material for the young? These are the driving questions of *Alt Kid Lit: What Children's Literature Might Be*. Contributors to the volume offer theoretical meditations on the category of children's and young adult literature as well as case studies of materials that complicate our understanding of such. Chapters attend to a diverse array of subjects including the "non-places" of children's literature; child mediums; Black theater for children; children's interpretive drawings; fanfiction; Latinx, Indigenous, and silkpunk speculative fiction; environmental zines; shōnen anime; Jim Henson's *The Dark Crystal*; South Asian television; and "emergency children's literature." The book also features interviews with two experimental writers about genre and alt-publishing and a roundtable conversation on video games and children's digital engagements. Building on diverse approaches including queer theory and postcolonial studies, *Alt Kid Lit* shines light on materials, methodologies, and epistemologies that are sometimes underacknowledged in the field of children's and young adult literature studies.

Christianity and the Alt-Right Damon T. Berry, 2021-07-14 *Christianity and the Alt-Right: Exploring the Relationship* looks back at the 2016 presidential election and the support President Trump enjoyed among white Evangelicals. This cutting-edge volume offers insights into the role of race and racism in shaping both the Trump candidacy and presidency and the ways in which xenophobia, racism, and religion intersect within the Alt-Right and Evangelical cultures in the age of Trump. This book aims to examine the specific role that Christianity plays within the Alt-Right itself. Of special concern is the development of what is called "pro-white Christianity" and an ethic of religious tolerance between members of the Alt-Right who are Pagan or atheist and those who are Christian, whilst also exploring the reaction from Christian communities to the phenomenon of the Alt-Right. Looking at the larger

relationship between American Christians, especially white Evangelicals, and the Alt-Right as well as the current American political context, the place of Christianity within the Alt-Right itself, and responses from Christian communities to the Alt-Right, this is a must-read for those interested in religion in America, religion and politics, evangelicalism, and religion and race.

Making Sense of the Alt-Right George Hawley, 2017-09-19 During the 2016 election, a new term entered the mainstream American political lexicon: “alt-right,” short for “alternative right.” Despite the innocuous name, the alt-right is a white-nationalist movement. Yet it differs from earlier racist groups: it is youthful and tech savvy, obsessed with provocation and trolling, amorphous, predominantly online, and mostly anonymous. And it was energized by Donald Trump’s presidential campaign. In *Making Sense of the Alt-Right*, George Hawley provides an accessible introduction and gives vital perspective on the emergence of a group whose overt racism has confounded expectations for a more tolerant America. Hawley explains the movement’s origins, evolution, methods, and core belief in white-identity politics. The book explores how the alt-right differs from traditional white nationalism, libertarianism, and other online illiberal ideologies such as neoreaction, as well as from mainstream Republicans and even Donald Trump and Steve Bannon. The alt-right’s use of offensive humor and its trolling-driven approach, based in animosity to so-called political correctness, can make it difficult to determine true motivations. Yet through exclusive interviews and a careful study of the alt-right’s influential texts, Hawley is able to paint a full picture of a movement that not only disagrees with liberalism but also fundamentally rejects most of the tenets of American conservatism. Hawley points to the alt-right’s growing influence and makes a case for coming to a precise understanding of its beliefs without sensationalism or downplaying the movement’s radicalism.

Critical Theory and the Humanities in the Age of the Alt-Right Christine M. Battista, Melissa R. Sande, 2019-06-22 This edited collection uses critical theory in order to understand the rise of the Alt-Right and the election of Donald Trump—and, in doing so, to assert the necessity and value of various disciplines within the humanities. While neoliberal mainstream culture has expressed shock at the seemingly expeditious rise of the Alt-Right movement and the outcome of the 2016 United States presidential election, a rich tradition of theory may not only explain the occurrence of this “phenomenon,” but may also chart an alternative understanding of the movement, revealing the persistence of right-wing populism throughout the twentieth and twenty-first centuries. Though the humanities have seen themselves undervalued and under attack in recent years, the historical and cultural contextualization of the current moment via theory is a means of reaffirming the value of the humanities in teaching the ever-important and multifaceted skill of critical literacy. This book re-affirms the humanities, particularly the study of literature, theory, and philosophy, through questions such as how the humanities can help us understand the here and now.

The International Alt-Right Patrik Hermansson, David Lawrence, Joe Mulhall, Simon Murdoch, 2020-01-31 The alt-right has been the most important new far-right grouping to appear in decades. Written by researchers from the anti-racist advocacy group HOPE not hate, this book provides a thorough, ground-breaking, and accessible overview of this dangerous new phenomenon. It explains where the alt-right came from, its history so far, what it believes, how it organises and operates, and its future trajectory. The alt-right is a genuinely transnational movement and this book is unique in offering a truly international perspective, outlining the influence of European ideas and movements as well as the alt-right's development in, and attitude towards, countries as diverse as Japan, India, and Russia. It examines the ideological tributaries that coagulated to form the alt-right, such as white supremacy, the neo-reactionary blogosphere, the European New Right, the anti-feminist manosphere, the libertarian movement, and digital hate culture exemplified

by offensive memes and trolling. The authors explore the alt-right's views on gender, sexuality and masculinity, antisemitism and the Holocaust, race and IQ, globalisation and culture as well as its use of violence. The alt-right is a thoroughly modern far-right movement that uses cutting edge technology and this book reveals how they use cryptocurrencies, encryption, hacking, meme warfare, social media, and the dark web. This will be essential reading for scholars and activists alike with an interest in race relations, fascism, extremism, and social movements.

Affective Labor and Alt-Ac Careers Lee Skallerup Bessette, 2022-04-08 In her groundbreaking work *The Managed Heart: Commercialization of Human Feeling* (1983), sociologist Arlie Russell Hochschild described “emotional labor management” as follows: “to induce or suppress feeling in order to sustain the outward countenance that produces the proper state of mind in others.” Think of a retail worker in customer relations who must keep calm and be pleasant even when dealing with someone who is irate. While scholars have explored the affective realm when it comes to teaching and being a professor, there is less written about the experience of those working in nonteaching areas of academia—“alt-ac.” *Affective Labor and Alt-Ac Careers* critically examines aspects of affective and emotional labor involved in alt-ac careers in higher education. This is the first and only book of its kind that focuses on affective labor and alt-ac/staff careers in higher education. Cross-profession and cross-disciplinary, the book takes seriously the invisible labor performed at our institutions by academic staff, work that is essential for the success of our students. Research in this volume allows an opportunity for those in alt-ac careers to examine and share their affective experiences in their roles in technology, administration, research, and academic support services and as librarians, academic advisors, and writing center instructors—among others. *Affective Labor and Alt-Ac Careers* is the third book in Kansas’s *Rethinking Careers, Rethinking Academia* series, which seeks projects that lead to meaningful professional development and create lasting value for graduate students, recent and experienced PhDs, university faculty and administrators, and the growing alt-ac and post-ac community.

The Rise of the Alt-Right Thomas J. Main, 2018-07-31 What is the Alt-Right, and how will it affect America? Donald Trump’s election as president in 2016 suddenly brought to prominence a political movement that few in political circles or the mainstream media had paid much attention to: the so-called Alt-Right. Steven Bannon, Trump’s campaign manager, was a leading figure in the movement, and the election results seemed to give it a real opportunity to gain some political power. But what is the Alt-Right? Is it a movement, a theory, a trend, or just an unorganized group of people far outside of what used to be the political mainstream in America? Or, could it be all of these things? Why has it suddenly emerged into prominence? What impact is it having on American politics today, and what are the prospects for the Alt-Right in the future? Through careful research and analysis, *The Rise of the Alt-Right* addresses these and other questions, tracing the movement’s history from the founding of modern conservatism in postwar America to the current Trump era. Although the Alt-Right might seem to be just the latest extremist group to arise in the United States—one likely to take its place in the graveyard of its many predecessors—Thomas J. Main analyzes evidence that the Alt-Right is having a greater influence on the American political mainstream than did past extremist tendencies. *The Rise of the Alt-Right* is thus an important study for anyone interested in the future of American politics and public life.

Every Night Is Pizza Night J. Kenji López-Alt, 2020-09-01 New York Times Bestseller Best-selling author J. Kenji López-Alt introduces Pipo, a girl on a quest to prove that pizza is the best food in the world. Pipo thinks that pizza is the best. No, Pipo knows that pizza is the best. It is scientific fact. But when she sets out on a neighborhood-spanning quest to prove it, she discovers that best

might not mean what she thought it meant. Join Pipo as she cooks new foods with her friends Eugene, Farah, Dakota, and Ronnie and Donnie. Each eating experiment delights and stuns her taste buds. Is a family recipe for bibimbap better than pizza? What about a Moroccan tagine that reminds you of home? Or is the best food in the world the kind of food you share with the people you love? Warm and funny, with bright, whimsical illustrations by Gianna Ruggiero, *Every Night Is Pizza Night* is a story about open-mindedness, community, and family. With a bonus pizza recipe for young readers to cook with their parents, *Every Night Is Pizza Night* will make even the pickiest eaters hungry for something new.

Alt Introduction

Alt Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Alt Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Alt : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Alt : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Alt Offers a diverse range of free eBooks across various genres. Alt Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Alt Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Alt, especially related to Alt, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to

Alt, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Alt books or magazines might include. Look for these in online stores or libraries. Remember that while Alt, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Alt eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Alt full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Alt eBooks, including some popular titles.

FAQs About Alt Books

1. Where can I buy Alt books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Alt book to read? Genres: Consider the

genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.

4. How do I take care of Alt books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Alt audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Alt books for free? Public Domain Books: Many

classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
