Grants Jean M. Fromm, 2007 Grants are available from thousands of sources, both private and public. To the grantseeker, however, this wealth of sources appears like an impenetrable jungle. Where are the grants I need and what do I need to do to submit my ideas and proposals? This book is designed to answer these questions by aiming the grantseeker to both the grant givers and by providing a bibliography of book for further research.

Modern Schooling and Trajectories of Exclusion
Divya Kannan, R. Maithreyi, 2023-10-10 A timely enquiry into the disjuncture between schooling and society, this book aims to examine the specific spatialities and temporalities of modern schooling through which non-normative childhoods are constructed as the 'provincial other'. A large body of critical scholarship has engaged with the ways in which modern schooling draws upon certain situated, normative ideals of child development and is uneasy in its attempts to accommodate childhoods that are situated outside of this normative framework. The COVID-19 pandemic, in fact, was a further reminder of how schooling, in its current form, is limited in its abilities to address childhoods that spatio-temporally disrupt the assumptions of the 'normal' and 'stable'. Together, the authors of this edited volume

examine the ways in which modern schooling, 'excludes', despite set policies for inclusion, and how 'provincialized' children respond to this. Cutting across a range of disciplines from history and anthropology to sociology and childhood studies, statistics and demography, and a range of research methodologies, from archival to ethnographic, the chapters draw upon these various disciplines in unpacking the structures of modern schooling. *Modern Schooling and Trajectories of Exclusion* will be a key resource for academics, researchers, and advanced students of education, sociology, research methods, childhood studies and social sciences. The chapters included in this book were originally published as a special issue of *Children's Geographies*.

Studies in Indo-Muslim History by S.H. Hodivala Volume II Sanjay Garg, 2018-08-30 In the field of medieval Indian historiography, an eight-volume magnum opus, *History of India as Told by Its Own Historians*, by Sir Henry Myers Elliot (1808-53) and the editor-compiler of his posthumous papers, John Dowson (1820-81), was published from London between 1867 and 1877. These landmark volumes continue to retain their popularity even nearly hundred and fifty years later, and scholars still learn from and conduct their research on the basis of this work. However, an enterprise of this scale and magnitude was bound to suffer from some serious shortcomings. An eminent Indian scholar, S.H. Hodivala undertook the daunting task of annotating Elliot and Dowson's volumes and worked through all the new material, selecting or criticizing and adding his own suggestions where

previous comments did not exist or appeared unsuitable. The first volume of Hodivala's annotated Studies, was published in 1939, while the second was published posthumously in 1957. Over the years, while the work of Elliot and Dowson has seen many reprints, and is even available online now, Hodivala's volumes have receded into obscurity. A new edition is presented here for the first time. Hodivala also published critical commentaries on 238 of about 2000 entries included in another very famous work, Hobson-Jobson (London, 1886) by Sir Henry Yule (1820-89) and Arthur Coke Burnell (1840-82). These have also been included in the present edition. These volumes are thus aimed at serving as an indispensable compendium of both, Elliot and Dowson's, and for Yule and Burnell's excellent contributions of colonial scholarship. At the same time these would also serve as a guide for comparative studies and critical appreciation of historical texts. Filipino politicians have a reputation of being corrupt and the Muslim insurgent and the New Army problem, but most that make a journey to the 7000-odd islands are surprised by the beauty and friendliness of the people. There are no defined seasons in the Philippines and at times is

difficult to determine which is spring, summer, autumn and which is winter. And when it rains, it pours. Most of the Philippines are resilient, stable and relatively safe. The local are exceptionally helpful, have a sense of humor and friendly. There are fantastic reefs and beaches, the food is good and accommodation is plentiful. English is the second language and widely spoken. Aside for its reputation for rampant lawlessness and reoccurring political instability Philippines is the entertainment capital of Asia with top-notch entertainment throughout the provinces including fiestas which at times have a Mardi Gras flavor. By visiting the Philippines one will enjoy a pleasant adventure. -- Treat our aged parents as you wish to be treated Love them gently in memory of me Bury me in the ground, And set me in a tombstone and cross, Name the date of my birth and that of my death. No anniversaries. Dr. Jose Protacio Marcedo Rizal -- June 10, 1861 - December 30. 1896 (A Filipino hero a day before he was executed) From Canada to Philippines is a work of fiction. Names, characters, place and incidents are either the production of my imagination or used fictitiously. Any resemblance to actual events, locales or persons, living or dead, is entirely coincidental.
