

Amerigo:

Christopher Columbus, Bartolomé de las Casas, Amerigo Vespucci

Amerigo Felipe Fernández-Armesto, 2008-12-18 In 1507, European cartographers were struggling to redraw their maps of the world and to name the newly found lands of the Western Hemisphere. The name they settled on: America, after Amerigo Vespucci, an obscure Florentine explorer. In *Amerigo*, the award-winning scholar Felipe Fernández-Armesto answers the question "What's in a name?" by delivering a rousing flesh-and-blood narrative of the life and times of Amerigo Vespucci. Here we meet Amerigo as he really was: a sometime slaver and small-time jewel trader; a contemporary, confidant, and rival of Columbus; an amateur sorcerer who attained fame and honor by dint of a series of disastrous failures and equally grand self-reinventions. Filled with well-informed insights and amazing anecdotes, this magisterial and compulsively readable account sweeps readers from Medicean Florence to the Sevillian court of Ferdinand and Isabella, then across the Atlantic of Columbus to the brave New World where fortune favored the bold. Amerigo Vespucci emerges from these pages as an irresistible avatar for the age of exploration-and as a man of genuine achievement as a voyager and chronicler of discovery. A product of the Florentine Renaissance, Amerigo in many ways was like his native Florence at the turn of the sixteenth century: fast-paced, flashy, competitive, acquisitive, and violent. His ability to sell himself-evident now, 500 years later, as an entire hemisphere that he did not "discover" bears his name-was legendary. But as Fernández-Armesto ably demonstrates, there was indeed some fire to go with all the smoke: In addition to being a relentless salesman and possibly a ruthless appropriator of other people's efforts, Amerigo was foremost a person of unique abilities, courage, and cunning. And now, in *Amerigo*, this

mercurial and elusive figure finally has a biography to do full justice to both the man and his remarkable era. "A dazzling new biography . . . an elegant tale." -Publishers Weekly (starred review) "An outstanding historian of Atlantic exploration, Fernández-Armesto delves into the oddities of cultural transmission that attached the name America to the continents discovered in the 1490s. Most know that it honors Amerigo Vespucci, whom the author introduces as an amazing Renaissance character independent of his name's fame-and does Fernández-Armesto ever deliver." -Booklist (starred review)

Who in the World Was The Forgotten Explorer?: The Story of Amerigo Vespucci (Who in the World)
Lorene Lambert, 2005-12-17 Discover the intriguing story of Amerigo Vespucci in this junior-level biography from Peace Hill Press. When Columbus landed on the islands in the Caribbean Sea, he thought he was off the coast of China. A few years later, Amerigo Vespucci sailed west, hoping to find a new route to the East. Instead, he discovered new lands that nobody at home knew about. What did he see? Who did he tell? And why is America named after him? Outstanding illustrations from Jed Mickle complement the fabulous story, giving second-grade readers insight into the life of this discoverer. About the series: The classical curriculum introduces even the youngest student to the pleasures of true learning. Elementary students learn history not through predigested textbooks with multiple-choice answers, but through reading the stories of history. Unfortunately, biographies of great men and women of the past are almost all written for older students, limiting the ability of young students to explore history through reading. Libraries are crammed with biographies written for high school students and adults—while beginning readers are provided with a shelf full of junior-level books about football players, NASCAR drivers, and movie stars. Now, Peace Hill Press puts real history back into the grasp of the youngest historians with the Who in the World Biography Series. The first entries in the series provide young readers and their parents and teachers with biographies of great men and women of the Middle Ages. Designed to be used as part of The Story of the World curriculum, these

biographies give beginning historians in grades 2-4 a chance to explore beyond the textbook. An audio version is also available separately.

Some Observations on the Letters of Amerigo Vespucci Manning Ferguson Force, 1885

Amerigo: A Comedy of Errors in History Stefan Zweig, 2019-08-10 Stefan Zweig's *Amerigo: A Comedy of Errors in History* is the Austrian writer's account of how America got its name. This short, late work describes how Amerigo Vespucci, "a man

of medium caliber [who] had never been entrusted with a fleet" gave his name to the New World because "of a combination of circumstances – through error, accident, and misunderstanding." Zweig was living in exile in Brazil when he wrote Amerigo, shortly before committing suicide in despair over Hitler's conquest of Europe. "The paradox that Columbus discovered America but failed to recognize it, while Vespucci did not discover it but was the first to recognize it as a new continent," he wrote, illustrates how "history will not be reasoned with."

Amerigo Felipe Fernández-Armesto, 2007 Chronicles the life and times of Florentine explorer Amerigo Vespucci, an obscure adventurer, salesman, sorcerer, and relentless borrower of others' experiences and achievements who gave his name to the continents of the New World.

Amerigo Vespucci Pilot Cb Frederick Julius Pohl, 2013-10-28 First published in 1967. This volume looks at the voyages of Amerigo Vespuccio, to use the Spanish form of the name Amerigo Vespucci, who sailed to the West under the Spanish flag in 1499 and again in 1501 when he sailed to gain geographical information for the King of Portugal who like the King of Spain had been confused by the contradictory reports of Columbus. Columbus to his death believed that he had landed in Asia and not the Americas. Amerigo discovered the Amazon and the Para Rivers and explored over 6000 miles of continuous shoreline between Venezuela, which he named and a harbour about fifty degrees south on the coast of Argentina. In 1502 he presented 'proof' of the existence of the 'New World'. Amerigo crossed the Atlantic Ocean and found out and reported what was really there, naming the continent America from the Latin version of his name.

Amerigo Vespucci Frederick Julius Pohl, 1966 Discusses the controversy around Amerigo Vespucci, an Italian explorer and navigator, who was credited with the discovery of America instead of Columbus. Examines the dramatic history around Vespucci's voyages, forgeries, and the naming of America.--Google Books.
