Eleven Anahit Khach, 2022-05-27 *Eleven: A hell on earth love story 9/11* By: Anahit Khach The emotions of the terrorist attacks still resonate today with many Americans. The tragic events of 9/11 live on forever and some who were there have never emotionally recovered from it. Those moments are the basis of the book *Eleven*, an intriguing tale of romance, greed, sex, terror, and kidnapping. *Eleven* is the story of a successful business executive and her crooked boss who got caught up in the dangers of his endeavors, an aspiring figure skater, terrorists on American soil, and other intriguing characters based around the 9/11 attack and its aftermath. The fictional account provides a dramatic portrayal of what it might have been like when the planes hit the twin towers, the last moments of the office workers in the buildings, the fairy tale survival of a key character and how it affected her life and the lives of those around her for years after the incident.

Narek- a Path of Salvation Anna Paitian, 2015-02-12 Narek; a path of salvation, and a path of perfection-is a theological analysis of a prayer book by St. Gregory Narekatsi. Saint Gregory Narekatsi was a bishop and monk, born in Vaspuracan, ancient Armenia, X A.D . He is a doctor of the Armenian Church, persecuted and exiled, living hidden in the mountains for his entire life, for presenting the teaching of the Chalcedon Council, 451 A.D,

which was rejected by the political extraneous sacerdotal authority. It is not easy to analyze the spirit of Narek, a prayer book of St. Gregory Narekatsi, The Book of Lamentation (X A.D). Many see it as a rich reservoir of vocabulary, brilliant poetic verses, exclusive style of most sublime feelings. And many even have no clue what is really Narek about, not only- they present it as inane repetitive monologues. Only those who are capable of sincere prayers, who have cleaned own heart and make a honest effort to follow the holy monk's penitential path, only those can penetrate the mystery of Narek, a Prayer Book of a great value, for all time. It is a time when we all should construct our own version of truths on the absolute truth in honesty and fervor. It is such a joy, that Anna Anahit Paitian could discern this great literary ecclesiastical medieval jewel, presenting its clear-sighted iconic image to us, which can lead us to perfection. This analysis is a hard scholastic research, which can direct our vision and steps toward the true objectives. St. Gregory Narekatsi had written his manuscript as a prayer book, and it belongs to the mankind, to all nationalities; it is a book which can direct anyone to God, people from any class, everywhere, anytime. From the Depths Of The Heart A Word to God- this is how St. Gregory starts every prayer segment. Anna Anahit Paitian brings up the essence of this salutary book, which accomplishes our salvation by integrating our inner emotional world with doctrinal infallible formulas. My only wish is that this exceptional work of Narek analysis could reach all, appropriated by all, for it contains the theology of created soul taught be the Creator Himself. Father Saac Keshishian, Monastic priest, Theologian

Mapping Middle-earth Anahit Behrooz, 2024-01-25 In this cutting-edge study of Tolkien's most critically neglected maps, Anahit Behrooz examines how cartography has traditionally been bound up in facilitating power. Far more than just illustrations to aid understanding of the story, Tolkien's corpus of maps are crucial to understanding the broader narratives between humans and their political and environmental landscapes within his legendarium. Undertaking a diegetic literary analysis of the maps as examples of Middle-earth's own cultural output, Behrooz reveals a sub-created tradition of cartography that articulates specific power dynamics between mapmaker, map reader, and what is being mapped, as well as the human/nonhuman binary that represents human's control over the natural world. *Mapping Middle-earth* surveys how Tolkien frames cartography as an inherently political act that embodies a desire for control of that which it maps. In turn, it analyses harmful contemporary engagements with land that intersect with, but also move beyond, cartography such as environmental damage; human-induced geological change; and the natural and bodily costs of political violence and imperialism. Using historical, eco-critical, and postcolonial

frameworks, and such theorists as Michel Foucault, Donna Haraway and Edward Said, this book explores Tolkien's employment of particular generic tropes including medievalism, fantasy, and the interplay between image and text to highlight, and at times correct, his contemporary socio-political epoch and its destructive relationship with the wider world.

Estimates of Potential Output and the Neutral Rate for the U.S. Economy Ali Alich, Rania A. Al-Mashat, Hayk Avetisyan, Mr. Jaromir Benes, Olivier Bizimana, Aram Butavyan, Mr. Robert Ford, Narek Ghazaryan, Vahagn Grigoryan, 2018-07-06 Estimates of potential output and the neutral short-term interest rate play important roles in policy making. However, such estimates are associated with significant uncertainty and subject to significant revisions. This paper extends the structural multivariate filter methodology by adding a monetary policy block, which allows estimating the neutral rate of interest for the U.S. economy. The addition of the monetary policy block further improves the reliability of the structural multivariate filter.

The Song of Anahit R. E. Winn, 2014-02-28 Chased into a strange world by two alq, creatures from their worst nightmares, Mark and Erik Yerkinian are in danger the moment they arrive in Vallerkir. Here twin sisters, Khiza and Yeva, members of one of the four ancient tribes of Anahit, befriend them; here a shvod, a serpentine shape-shifter named Coils, protects them; and here they discover that they are the center of a plan to save Vallerkir from Azhdahak, trapped for ages in Mount Masis and many fear who is about to escape. As they learn to fight and survive in a world where myths of the ancient past are very real, Mark and Erik also grapple with questions about themselves, about the tragic death of their mother, and

ultimately about the powerful and mysterious Lady Anahit. The choices they make will decide the fate of the land of Vallerkir--and their own. The Song of Anahit is the first volume in The Tales of Vallerkir, an epic fairy-tale that draws on the mythology and folklore of ancient Armenia.

Prisoners Anahit,2009-01-01 Compelling and foreboding, Prisoners darkly portrays the lives of ordinary people what they eat, their wars, their losses, their abysmal poverty in the aftermath of the breakdown of civilization the result of centuries of warfare, greed and environmental destruction. Unnamed grandfather, father, mother, deformed child, and baby symbolize every family struggling to survive in an infi nite desert wasteland. This land, the family remembers, was once a verdant countryside with shimmering streams and lakes. With no food to eat in their richly decorated home, the family subsists on a powdered drink mixed with what little polluted water their well will provide. In the distance, the armed mobs are advancing in search of food, water, gold, and human blood. The family can only wait, surrounded by paintings of lush landscape that was once theirs the land and water they wasted for material possessions.

Poems Well-Tempered Anna Paitian,2014-12-13 Poetry as a Life Signature Anna Anahit Paitian was publishing her poems starting from her early ages, Armenia, USSR. She was considered to be an onward author neglecting all traditional canons of the poetry art . Inner Explosion or Intense Universal Feeling out of time and space; this is how and where she sees her expanding world, trying to catch up its momentum - neglecting all of the formalities of words, lines, style. To turn the eternity into a single moment -and fully live that moment; this is the definition of this Poetess.

The Alpha Shower Anna Anahit Paitian,2017 Keeping

the vision of a child... That is the principal rule of Anna Anahit Paitian's poetry constructed in simple architecture, behind which the invisible formulas are coached. These formulas are about life and durable values approximating the eternity. The Alpha Shower includes the later poems of the author. Anna Anahit Paitian is an American poetess, author, and scholar of Armenian origin. She has written many books of poems, novels, researches on religion and politics: One Day's Journey, Theology Of The Soul, Poems Well-Tempered, Life On The Claviature, Narek-A Path of Salvation, The Democide of Armenia, etc, Two-Volume Edition of Complete Works.

Encyclicals, St Gregory Illuminator (IV AD) Anna Anahit Paitian, 2022-02-09 Presenting for the first time the Pre-Nicene theology of the Great Patriarch of Armenian and Caucasian nations, St Gregory Illuminator's Encyclicals, recorded in 378 AD into original Armenian, Grabar, written by the Patriarch in the beginning of IV AD. Translation from the original manuscript by Anna Anahit Paitian, poetess, author, scholar, philolog. St Gregory Illuminator was the first Patriarch of Armenia and Caucasian nations appointed by Pope Sylvester I, 315 AD. Encyclical Homilies; for centuries these sermons were called Often-Preached (Hachakhapatum in Armenian)- i.e. Encyclicals, and through these sermons we are confirmed once more in our simple and pure faith. St Gregory's disciples converted the Caucasian nations into Christianity; St Nino, the Georgian nations, St Aristakes (the son of St Gregory) - the Armenian Albanian nations (Aghwank and Aluank, now conditionally called Azerbaijan, from Persian azer- fire and baijan- country), St Gregoris (the grand-son of St Gregory) - the northern Caucasian nations. Listen to my words- and you will find yourself at the doors of Heaven. St Gregory Illuminator, the Father of the Nations;

a genealogy spread and established .the European Catholic Kingdom. The language of this work is simple, nevertheless, the teaching is vigorous and unique; the nations suffer because of the sins of the clergy, the abstinence is an effective cure for the addictive vices (such as masturbation, alcoholism, etc). The Holy Father was thrown to the deep pit by pagans, where he lived for fifteen years, until the Light of the Armenian nation illuminated the obscure minds for the genius generations to come. Misconception refuted; 1. By bringing the historical sources this volume proves that St Gregory Illuminator never forced upon the Armenian nation the Christian faith-it was embraced in most thrilled welcome. 2. Authentic Armenians were the descendants of Noah worshipping one God, not pagan idols, which were brought to Armenia by Indians and Greeks. 3. St Gregory Illuminator was not Persian, he was from an Armenian nobly Parthian family, the Armenian Arsacid (Arshakuni) Parthian Dynasty, which is alive as ever; in faith, in nobility, in loyalty.

The Counterfeit Armenian Apostolic Church Anna Anahit Paitian,2023-05-05 This book is about the contemporary post-Soviet Armenian Apostolic Church under its leadership of Garegn II (aka Garegin Nersisyan, Karekin Nersisyan, Ktrich Nersisyan), an imposter, who initialized this ancient Orthodox Catholic Church to present as an ectype of a new age movement: Christopaganism. In fact, the Armenian historical church has formed all blueprints of the dogmatic infallible teaching of the Universal Church. Facts are presented; the abominable practices in the church - from witchcraft to ethnic pagan festivals attached to church's central feasts-which would terrify every true believer, sharing the pain of our Lord Christ, insulted by these clandestine hierarchy. The Post-Soviet Armenian Apostolic Church is not the

Armenian Church based on Armenian saintly fathers; it is a counterfeit. You cannot drink the cup of the Lord and the cup of demons. You cannot partake of the table of the Lord and the table of demons. 1 Corinthians 10:21 Presented by Anna Anahit Paitian, asking the good-will people to share her pain and pray for the restoration of this ancient saintly church- the Church of the martyred nation.

Emerging Trends in ICT Security Vladimir B. Balakirsky,Anahit R. Ghazaryan,2013-11-06 We propose a network-type scheme of private information retrieval, presented as a modification of the conventional setup, where the user is replaced with two users, the user-sender and the user-receiver. As a result of communication, the user-receiver becomes informed about the bit located at a certain position of the database, owned by the servers. Each server receives a query from the user-sender that contains information about the position in a hidden form and the server cannot disclose this position. On the basis of

the query and the database, each server forms the replica, which is then transmitted to the user-receiver. By combining replicas, the user-receiver decodes the retrieved bit. We present a simple algebraic scheme where the communication complexity and the computational complexity are expressed as functions of the logarithm of the database size. The approaches allow extensions to the one-server scheme, the multi-scheme with noisy replicas of a fixed number of servers, and the authentication of a certain fragment of the database.
