📖 [ARIES](#) SARA SHIPMAN,2020-04-28 How much do you really know about your zodiac sign? If you have your sun in Aries you probably think of yourself as a typical Aries. But what if Aries is your moon sign? And what if Aries is your rising sign? Sara Shipman looks at Aries in detail, tracking your Aries sun and Aries moon through the houses of your natal chart. And if you have Aries rising? Sara looks at how your personality is best expressed through the house and sign of Mars, your chart ruler. We tend to think of the archetypal Aries as follows: If you have the sun, moon or rising sign in Aries you will have a lot of Aries the ram in your nature. Ruled by Mars, you are direct, fearless and enthusiastic. You tackle everything head on. When you want something you want it now and you’re always first in the queue because guess what? Life is a competition. But, in this book, Sara Shipman tackles Aries head on to give you a deep insight of what it means to be influenced by this, the most dynamic of the zodiac signs. Whether you have your sun, moon or rising sign in Aries, this book gives you an in-depth analysis of your sign, from the myths of pre-history to a full astrological appraisal of your character, emotional needs and public persona. To quote from Sara’s introduction to the book: When I started planning this book I realised it would have to be about more than just Aries the sun sign. So, to make this book about Aries truly relevant to all Aries influenced people out there, I’ve split the text between Aries sun, Aries moon and Aries rising. I’ve also looked in detail at Mars, Aries’ ruling planet which is also the chart ruler for those of you with Aries on the ascendant. What I’ve ended up with is I believe unique. This book has become the ultimate ‘cook book’ for Aries influenced people - and yes, truly, there is something in here for all of you. So, if you’re ruled by Mars and want to know how you can make this zodiac sign work for you, this book is a ‘must read
