P. Benoit

*I Have Discovered Atlantide!* Skender Hushi,2013-02-19 The translation of the scripts in the zmeraldi plates of Thoti of Atlantide, the last king of Atlantide, made me curious to know more about it, so I started consulting a voluminous material, which gave me more information about Atlantide. Every material read reinforced my view that people of Atlantide, with the Albanian people and those from other countries of Europe known as people of Illyrian origin, had links between them. The very great closeness of twelve-thousand-year-old words that were in Thoti's writings with Albanian words, impressed and gave me the incitement to go deeper in these studies. At the end of the study, the opinion that Albanian people and all Albanian-speaking people around the world deserves more attention and respect from other nations for being the only people in Europe to have maintained pure the language of Atlantide was reinforced. In the writing below, I think I have achieved the goal, and I discovered Atlantide. The beginning of the existence of Atlantide is thought to have started around 50000 BC and to have finished around 10000 BC. Plato, the great scholar of Athens, who was thought to have lived in the years 428-348 BC, offers full details about Atlantide. Until the early twentieth century these books were seen as Plato's fantasy, but the discovery of the zmeraldi plates of Thoti added more interest to his books. He, in his books "Timeo" and "Crisis," makes a detailed description of Atlantide based on the data that the lawmaker and his predecessor, Soloni (638-554 BC) had received from priests in Sais, the capital of Egypt. They had told him about Atlantide. Works, greater than Athens', wonder us. Very great was the development and military power there, which occupied all of Europe and Asia, coming from the Atlantic Ocean with their ships and passing through the strait where the columns of Hercules were. In an island that was bigger than Libya and Asia (referring to Asia Minor, I think) existed Atlantide. It was easy to pass from Atlantide to the great land that was on the other side. (It is thought to be referred to the continent of America). The Atlantide kingdom laid partly facing the continent of America, and in the part of columns of Hercules, including Libya, Egypt, and almost all of the Europe. Soloni was proud in front of priests, telling them about the development of Greece, but one of them, laughing at him, had said that Greek civilization is as a baby compared to the civilization of Atlantide, and for these they possessed many documents. According to them, in Atlantide existed, for centuries, very advanced civilization and development (believed to have existed for forty thousand years). In the dialogues of "Timeo" and "Crisis," from the data taken from the priests, Plato describes the capital of Atlantide like this: The island had a field, which was the most beautiful and productive one. The territory had a nearly oval shape, measuring 530 km long and 355 km wide. The writing says that the length of the island is 530 km on two sides, surrounded on three sides by mountains protecting it from cold winds, while on the south side of the island was the capital, surrounded by three circular channels. A more detailed description will be read below. The field was worked and carefully arranged, divided with many channels perpendicular to each other that shared the field in 600 m, which is called Klerosu (a name decided by Plato), which contained the wholesale plants sown. (This description and this very dimension corresponds more to the description of Ireland, the former Albanian-speaking country that used to be called Erin. There it rains whenever the land wants it and it becomes juvenile). England's old name was Za-Zana or Za-Zane (fairy). To me, in Albanian, it means the place where you find fairies, where you can catch them, or the place where fairies sing, which can be explained totally with the Albanian language. Fabulous places like the island of Erin (Ireland) and the

**Atlantida** Pierre Benoît,2023-07-20 L'Atlantide (1919), arguably Pierre Benoît's most famous novel, tells the story of two French military officers in the Sahara who discover the lost city of Atlantis. This novel was a popular success and was translated into several languages. It also generated controversy due to its similarities to the novel She, by H. Rider Haggard. Benoit was even brought to court over these similarities, but was ultimately cleared of plagiarism charges.

*L'atlantide* Pierre Benot,2017-07-16 Excerpt from L'Atlantide: RomanAvoir peur, ai - je dit. \_je sais que je n'ai pa's peur. Une nuit, dans le Gourara, quand j'ai trouvé jeux de mes sentinelles massacrées, avec, au ventre, Vignoble incision cruciale des.

**L' Atlantide** Pierre Vidal-Naquet,2005 P. Vidal-Naquet présente et critique les Atlantides antiques, le retour des Atlantes depuis la Renaissance et les grandes découvertes, l'Atlantide au siècle des Lumières. Il aborde le grand tournant du 19e siècle où l'Atlantide devient l'objet de romans, de délires nationalistes, pour finalement questionner les rêves sur l'Atlantide, de Jules Verne aux fouilles crétoises et de Troie.

**IL CRISTALLO BLU DI ATLANTIDE / MADRE TERRA E LE SUE CELLULE NEURONALI** Paola Grillo,

**Atlantida** Pierre Benoit,2012-08-17 I think of others, its brothers in France, the golden-brown May bugs, which I have seen on stormy summer evenings projecting themselves like little particles of the soil of my native countryside. It was there that as a child I spent my vacations, and later on, my leaves. On my last leave, through those same meadows, there wandered beside me a slight form, wearing a thin scarf, because of the evening air, so cool back there. But now this memory stirs me so slightly that I scarcely raise my eyes to that dark corner of my room where the light is dimly reflected by the glass of an indistinct portrait. I realize of how little consequence has become what had seemed at one time capable of filling all my life. This plaintive mystery is of no more interest to me. If the strolling singers of Rolla came to murmur their famous nostalgic airs under the window of this bordj I know that I should not listen to them, and if they became insistent I should send them on their way.

*Atlantida* Pierre Benoit,2014-06-01 Atlantida (French: L'Atlantide) is a novel by Pierre Benoit published in February 1919. It was translated into English in 1920 as Atlantida. L'Atlantide was Benoit's second novel, following Koenigsmark, and it won the Grand Prize of the French Academy. The story inspired many films.

**Atlantida The Queen Of Atlantis Annotated** Pierre Benoit,2020-09-13 Atlantida is a fantasy novel by French writer Pierre Benoit, published in February 1919. It was translated into English in 1920 as Atlantida. L'Atlantide was Benoit's second novel, following Koenigsmark, and it won the Grand Prize of the French Academy. The English translation of Atlantida was first published in the United States as a serial in Adventure magazine.

**Atlantide : roman** Clive Cussler,2003-05 Dirk Pitt plonge aujourd'hui plus profond que jamais sur les traces de la légendaire civilisation disparue : l'Atlantide. Septembre 1858 : l'équipage d'un baleinier pris dans les glaces antarctiques découvre l'épave d'un navire et son équipage pétrifié depuis quatre-vingts ans par le froid. Dans ses soutes, des caisses renfermant de curieuses antiquités et un crâne noir, sculpté dans l'obsidienne. Mars 2000 : un mineur découvre avec stupéfaction, entre d'anciennes galeries creusées dans une montagne du Colorado, une crypte ancienne, couverte d'étranges inscriptions. Alors que des scientifiques l'explorent, une explosion provoque un éboulement, scellant tragiquement le destin des chercheurs. Avril 2000 : un navire d'investigations, à bord duquel se trouvent Dirk Pitt et des membres de l'Agence nationale marine et sous-marine, est attaqué par un vaisseau disparu cinquante-six ans plus tôt, un U-boat de l'armée allemande...

**Atlantis** N. Zhirov,2001-09 A Soviet scientist examines geology, climate, oceanography and attempts reconstruction of Atlantis. Illustrated with maps, charts, tables, illustrations, seismic data, sonar images, etc. The fascinating age-old riddle of the legendary continent of Atlantis is a challenge to any investigator for it would be hard to name a problem of longer standing or one that has given rise to sharper controversies and differences of views and opinions. Some investigators have rejected it as a key to an ancient riddle throwing light on many aspects of human history and civilization. Thousands of books and papers have been devoted to the thrilling problem of Atlantis, and a new scientific trend, atlantology, studying Atlantis has emerged. Atlantology cannot advance without the aid of geomorphology and marine geology, which are relatively new spheres of human knowledge. Indeed, the problems linked up with Atlantis can be approached successfully only by drawing upon the latest achievements of world science in the study of the geological structure and relief of the ocean bed, only in the light of the new ideas about the youth and active development of oceans. The author believes that Atlantis existed and uses a great number of facts to back up his arguments. His work sums up much on what we know about atlantology. This book will unquestionably serve as the basis for elaborating on many aspects of one of the world?s most dramatic problems. Zhirov was a chemist by trade and a leading Soviet Atlantologist. The book was written between 1959-63. New data was added for this English edition. Seismics, gravimetrics, climatology, paleobotanical data, geomorphology, plate tectonics, turbidity data, bottom current patterns, submarine erosion and geological data separate this book from most of the rest of the Atlantology field. Cites 825 separate sources in 34 pages of references - Russian, Ukrainian, Greek, German, English, Latin...

Atlantide: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. Atlantide : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Atlantide : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
