

Attaining

François de Salignac de La Mothe- Fénelon

On Attaining Buddhahood in This Lifetime Daisaku Ikeda, 2013-07-01 What constitutes a meaningful life? What is true happiness? Nichiren Buddhism, based on the Lotus Sutra, is a teaching of hope that provides answers to these and other important questions for modern life. Ranked among the most important works in Mahayana Buddhism, Nichiren's 13th-century writings were revolutionary. In *On Attaining Buddhahood in This Lifetime*, Nichiren turned prevailing Buddhist thought on its head. Attaining Buddhahood, or enlightenment, he argues, does not require embarking on some inconceivably long journey toward becoming some resplendent godlike Buddha, but rather it means accomplishing a transformation in the depths of one's being and revealing one's ultimate potential within. And Nichiren dedicated his life—braving all manner of persecution—to giving people a practical means for doing so. Daisaku Ikeda's simple and straightforward commentary brings alive this important writing for the modern world. Thoughtful people of all faiths will resonate with his compassionate insights on the universal teaching of happiness that is Nichiren Buddhism.

Attaining Excellence, 1999

Attaining the Way Master Sheng-Yen, 2006-10-10 This is an inspiring guide to the practice of Chan (Chinese Zen) in the words of four great masters of that tradition. It includes teachings from contemporary masters Xuyun and Sheng Yen, and from Jiexian and Boshan of the Ming Dynasty (1368–1644). Though the texts were written over a period of hundreds of years, they are all remarkably lucid and are perfect for beginners as well as more advanced practitioners today. All the main points of spiritual practice are covered: philosophical foundations, methods, approaches to problems and obstacles—all aimed at helping the student attain the way to enlightenment.

Sure Methods of Attaining a Long and Healthful Life Luigi Cornaro, 1822

Attaining the Worlds Beyond Michael Laitman, 2003-01-01 In the words of Michael Laitman, It is beyond human comprehension to understand the essence of such spiritual qualities as total altruism and love. This is for the simple reason that human beings cannot comprehend how such feelings can exist at all, as everyone seemingly requires an incentive to perform any act; without some personal gain, people are not prepared to extend themselves. That is why a quality such as altruism can only be imparted to a person from Above, and only those who have experienced it can understand it. *Attaining The Worlds Beyond* is a first step toward discovering the ultimate fulfillment of spiritual ascent in our lifetime. This book reaches out to all those who are searching for answers, who are seeking a logical and reliable way to understand the world's phenomena. This magnificent introduction to the wisdom of Kabbalah provides a new kind of awareness that enlightens the mind, invigorates the heart, and moves the reader to the depths of their soul.

Attaining Your Desires Genevieve Behrend, 2017-01-30 If You Could Talk To The Greatest Master of This Century - What Would You Ask? The sages of the centuries, each one tincturing their thought with their own soul essence, have united in telling us that, As a man thinketh in his heart, so is he. It has been established by the experience of the ages that always the law is the same. But HOW shall one think in their heart, so that only goodness may blossom and ripen into rich deed and rare result? What is the apparently mysterious secret by which life's dull metal is transmuted into precious mintage? As Troward has said, Thought is the only action of the mind. By your habitual thoughts you create corresponding external physical conditions, because you thereby create the nucleus which attracts to itself its own correspondence, in due order, until the finished work is manifested on the material plane. Let us work

together to this end. G.B (from the Foreward) Get Your Copy Now!

Attaining Sustainable Energy Access for All Kala Mulqueeney, Peter du Pont, 2014-05-01 The energy policy of the Asian Development Bank (ADB) focuses on maximizing energy access, promoting energy efficiency and renewable energy, and promoting improved governance and capacity in the energy sector to strengthen the capacity of developing member countries to meet critical energy needs. This publication seeks to further ADB's efforts to promote knowledge sharing among stakeholders and help identify the policy, regulatory, and legal barriers to energy access; design and implement effective frameworks; and develop strategies to scale up energy access for all. This publication also seeks to serve as a reference for stakeholders and menu of options for further action.

Attaining High Performance Communications Ada Gavrilovska, 2016-04-19 Technological Advances and Problems of High Performance Communications An ecosystem of solutions along a stack of technology layers Cohesively collecting state-of-the-art contributions from leading researchers in industry, national laboratories, and academia, Attaining High Performance Communications: A Vertical Approach discusses various issues pertaining to high performance communications in a particular layer of a vertical stack. It explores efficient interconnection hardware, the architectural aspects of network adapters and their integration with processor cores, the design of scalable and robust high performance end-to-end communications services and protocols, and system services and tools for new multi-core environments. No single solution applied at one particular layer can help applications solve all performance-related issues with communication services. Instead, this book shows that a coordinated effort is needed among the layers. It covers many different types of technologies and layers across the stack, from the architectural features of the hardware, through the protocols and their implementation in operating system kernels, to the manner in which application services and middleware are using underlying platforms. The book also describes key developments in high-end platforms, high performance interconnection fabrics and communication libraries, and multi- and many-core systems. This volume addresses the challenges involved in emerging types of communications applications, platforms, and services. Examining each layer in the vertical stack, it illustrates how to eliminate bottlenecks and provide optimization opportunities.

Implementing Title IX and Attaining Sex Equity Shirley D. McCune, Martha Matthews, 1978

Implementing Title IX and Attaining Sex Equity: Participant's notebook Shirley D. McCune, 1978

On Religion and the Means of Attaining it John Brown, 1853

The Church of the Serpent: The Philosophy of the Snake and Attaining Transcendent Knowledge David Sinclair, Welcome to the Church of the Serpent. The universe is the Tree of Knowledge. At the top of the tree is the Golden Bough with which we attain Golden Knowledge, the Apex Knowledge of the cosmos. So, we must climb. All the way to the highest consciousness. The Church of the Serpent is devoted to knowledge - ultimate knowledge, the knowledge of existence itself. We must have Absolute Knowledge. Nothing else will suffice. Completion, or nothing. From the top of the Tree of Knowledge, we command all knowledge. Are you one of the Serpents of wisdom? Are you one of the protectors of the Tree of Knowledge? Everyone is faced with the same test: to embrace knowledge or reject it. The Bible, as well as love and light, mysticism, and sensory science, all say that you should fear and reject knowledge in itself. Adam and Eve did the right thing. They ate the fruit of the Tree of Knowledge. They were condemned and punished for that, and knowledge has been deemed forbidden, dangerous, and unwelcome ever since. Not in the Church of the Serpent. The altar of the Church of the Serpent bears the Tree of Knowledge itself. Everyone must eat the apples of knowledge. Drink

the serpent elixir. Come to the Church of the Serpent. Learn the philosophy of the snake and access the highest transcendent knowledge. Who is the real God in the Garden of Eden? Is it the ignorant God who tries to keep humanity away from knowledge, who forbids Adam and Eve from accessing knowledge, or is it the Serpent who leads Adam and Eve to the highest knowledge and transforms them through the gift of consciousness and, finally, super consciousness? The False God is always an enemy of knowledge, and the True God always a promoter of knowledge. Yet, to the idiot masses, it's knowledge itself that's evil. For them, knowledge is the Original Sin. The Serpent spoke with words of fire and none who heard them failed to tremble. The words were lit by lightning. Come and join the Church of the Serpent. Learn the philosophy of the snake and slough off the old, failed skin of humanity. Don't you want to be one of the Prometheans, the HyperHumans, the Faustians? Don't you want to complete the journey from Cimmeria (Alpha) to Hyperborea (Omega)? Only the Serpent Humans can bring all of humanity to the most precious fruit of the Tree of Knowledge and confer Absolute Knowledge on everyone. Only through the Serpents will you achieve gnosis.

Sure Methods of attaining a Long and Healthful Life ... Thirty-second edition. [With a portrait.] Luigi CORNARO (Author of the "Discorsi della vita sobria."),1820

The Art of Dining and of Attaining High Health Anonymous,2023-03-05 Reprint of the original, first published in 1874. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.
