Bino A. W. Gray, 1989 Bino (short for Albino) Phillips is a tough, street-wise Dallas attorney. When one of his seediest clients is murdered, he knows that there must have been a compelling reason. The Book That Bino Wrote Bino Pires, 2004 Examines the word of the Old and New Testaments against a historical background and discusses the need to question religiously accepted truths.

The Umbrella Country Bino A. Realuyo, 2011-02-23 Certain things are better kept than said. . . . But certain things you have to find out now. . . . On the tumultuous streets of Manila, where the earth is as brown as a tamarind leaf and the pungent smells of vinegar and mashed peppers fill the air, where seasons shift between scorching sun and torrential rain, eleven-year-old Gringo strives to make sense of his family and a world that is growing increasingly harsher before his young eyes. There is Gringo's older brother, Pipoy, wise beyond his years, a flamboyant, defiant youth and the three-time winner of the sequined Miss Unibers contest; Daddy Groovie, whiling away his days with other hang-about men, out of work and wilting like a guava, clinging to the hope of someday joining his sister in Nuyork; Gringo's mother, Estrella, moving through their ramshackle home, holding her emotions tight as a fist, which she often clenches in anger after curfew covers the neighborhood in a burst of dark; and Ninang Rola, wise godmother of words, who confides in Gringo a shocking secret from the past--and sets the stage for the profound events to come, in which no one will remain untouched by the jagged pieces of a shattered dream. As Gringo learns; shame is passed down through generations, but so is the life-changing power of blood ties and

enduring love. In this lush, richly poetic novel of grinding hardship and resilient triumph, of selfless sacrifice and searing revelation, Bino A. Realuyo brings the teeming world of 1970s Manila brilliantly to life. While mapping a young boy's awakening to adulthood in dazzling often unexpected ways, *The Umbrella Country* subtly works sweet magic.

My name is Bino Byansi Byakuleka Lydia Ziemke, Patras Bwansi, 2015-07-21 „We must learn to see the stereotypes behind the term asylum seekers. The book is a good start for that.“ (Susanne Memarnia, taz) Could you imagine to be a refugee and be treated like a criminal? Not like a human being? How would you like to be welcomed? With Patras Bwansi you can relive this experience. He describes growing up in Uganda with school beatings, tells us about the constant bureaucratic supervision in the German “initial reception facilities”, colloquial also called “Lager”, as well as his personal outbreak into the protest, calling for humanitarian rights. That this will come only with a political and social rethinking, Lydia Ziemke shows in her text, which is inspired by her artistic work with refugees. This double essay will completely change our thinking about immigrants. Bino Byansi Byakuleka, formerly known as Patras Bwansi, born in 1979 in Kabale, Uganda is a Textile Artist who currently lives in Berlin. In August 2012 he started a protest tent in Passau Klostergarten and in October he joined the refugee protest camp in Berlin-Kreuzberg at Oranienplatz. Since then he is a full time political activist to change the asylum system in Germany and for LGBTIQ rights. Lydia Ziemke, born 1978 in Potsdam, lives in Berlin. She studied Classics at the University of Edinburgh and was running the Gilded Balloon Studio Ensemble there for three years. Since 2006, after completing LAMDA's one-year directing Pro-gramme, she divided her time between London and Berlin as a freelance director and dramaturg.

How is it connected to rituals, dramatic and visual arts, and the written word? This book addresses the issue from the Middle Ages to the Modern era and showcases examples of how Christians have represented their biblical narrative.

Intellectual Capital Revisited Cristina Chaminade, Bino Catasús, 2007-01-01
'This book extends the analysis of intellectual capital and underlines the idea that its study is multidisciplinary. Its publication is timely as it brings together a collection of the key thought leaders in the area who provide new perspectives into this important topic. This book is essential reading by those engaged in understanding the knowledge economy and intellectual capital in organisational settings.' - James Guthrie, The University of Sydney, Australia
This book brings together some of the founders of the IC movement in Europe to critically review the virtues and shortcomings of intellectual capital as a managerial concept. More questions on the future of IC study are perhaps raised than answered as the contributors attempt to open new avenues of research. The contributors acknowledge that the concept of managing intellectual capital is paradoxical in many respects. First and foremost, the boundaries of the knowledge intensive organization are fading. Organizations are open, networked and global, and intellectual capital mobile and elusive - so how can something with no boundaries be managed? Furthermore, is it possible that in a knowledge-intensive society, firms that do not focus on their intellectual capital are successful? That is, are there any pre-requisites for intellectual capital to be relevant? The book explores such paradoxes in the knowledge intensive organization, critically discusses the limitations of intellectual capital and revises the agenda for intellectual capital studies in the future. Drawing on empirical evidence including two EU funded projects involving researchers, practitioners and policy makers from international associations such as the OECD and the EU, this book will prove a thought provoking read for those with an interest in various aspects of management such as: knowledge management, management control, management accounting, strategic management and management of innovation.

Strategic Human Resource Management in Higher Education Jai Mohan Pandit, Bino Paul, 2023-07-05 This book explores the practices and policies of human resource management (HRM) in higher education institutions (HEI), while also analyzing the governance and structural challenges. It explains the assessment of university as an organization, outlining the distinction between universities and firms from an HRM point of view by analysing various objectives, parameters and outcomes. The book broadly probes the relevance of HRM systems in HEIs in India and their potential impact. It also examines whether existing HRM practices and policies in HEIs in India drive motivation and enable employees to perform their functions to achieve the highest possible levels of excellence. It explores whether the enhanced motivation of employees consistently impacts students, their placements, progress to higher

education, and quality teaching and research output. To strengthen the research output, to better understand the functioning of HRM practices in foreign HEIs and for comparative reasons, the book also studies HEIs in the United States against a diverse set of HEIs in India. It concludes by highlighting the impact of India's National Education Policy 2020 and its scope to transform and professionalise the higher education system in the country. The book is indispensable for researchers in education management and policy studies and those in governing positions in higher education institutions. It is also a valuable resource for regulatory and government bodies, and policy-formulating think tanks in South Asia which have a similar education system as India.

If you're ballin', you'd most likely find yourself on Lil One's radar, which amounts to duct tape and pistol whippings. Life is lovely until Lil One's stick-man pulls a lick and leaves him in the blind. The consequence is a bloody beef that leaves Lil One's best friend dead. Forcing him to go all out and get gone before it's too late. Resurfacing in the Windy City of Chicago, Lil One teams up with his cousin's boyfriend [Lokey] and his best friend Sinister, for a wild ride through the streets of Chi-town. The Angryman Standard BINO Entertainment LLC, The Angryman, 2023-10-08 We've had years of progressive thoughts. We've heard everything everyone has to say about dating, relationships and marriage. We've conducted every social experiment possible. And guess what? Relationships are failing across the board. But why is this? It's very simple. Or as the old saying goes, if it ain't broke don't fix it. But that's exactly what we've attempted to do. We foolishly believe that we can circumvent hundreds of thousands of years of bio evolution, gender roles and male/female interaction with less than one hundred years of new age thinking. Where do we get the nerve? The problem with our modern society is that we're all too smart for our own good. We keep thinking we can improve upon our traditional structures and institutions. But the reality is that some things were just fine the way they were. I'm not totally sure but I believe it was George Orwell who said, In a time of deceit, telling the truth is a revolutionary act.
