Birthday Meredith Russo,2019-05-21 "Lovers who surmount the odds have always been intense emotional fodder, but rarely have we seen a story like Birthday...true and raw, haunting and undeniable." --The New York Times Book Review Two best friends. A shared birthday. Six years... ERIC: There was the day we were born. There was the minute Morgan and I decided we were best friends for life. The years where we stuck by each other's side--as Morgan's mom died, as he moved across town, as I joined the football team, as my parents started fighting. But sometimes I worry that Morgan and I won't be best friends forever. That there'll be a day, a minute, a second, where it all falls apart and there's no turning back the clock. MORGAN: I know that every birthday should feel like a new beginning, but I'm trapped in this mixed-up body, in this wrong life, in Nowheresville, Tennessee, on repeat. With a dad who cares about his football team more than me, a mom I miss more than anything, and a best friend who can never know my biggest secret. Maybe one day I'll be ready to become the person I am inside. To become her. To tell the world. To tell Eric. But when? Six years of birthdays reveal Eric and Morgan's destiny as they come together, drift apart, fall in love, and discover who they're meant to be--and if they're meant to be together. From the award-winning author of If I Was Your Girl, Meredith Russo, comes a heart-wrenching and universal story of identity, first love, and fate. "Beautifully written, Birthday is an altogether singular contribution to the gradually growing body of transgender literature and, indeed, to mainstream literature, as well." --ALA Booklist, starred review

Scarlet is tall, pretty, and popular -- the star of the soccer team and the queen of the school. Lavender is... well, none of these things. Her friends aren't considered cool, her

hair is considered less than uncool, and her performance at the recent talent show is something nobody will ever forget -- even though she really, really wants it to be forgotten. There's only one thing Lavender and Scarlet know for sure they have in common: the same birthday.They've never had parties together. They've never swapped presents. But this year, because of two wishes that turned all too true, they are about to swap something much bigger than presents. Because the morning after their birthdays, Lavender is going to wake up in Scarlet's body . . . and Scarlet is going to wake up in Lavender's. But in order to change back, they're going to have to figure out how to be someone completely opposite of who they ordinarily are . . .
