Blacklist Jerry Ludwig,2014-06-10 The last time the United States looked on its own citizens with suspicion, the results were ruined dreams, shattered lives...and murderin Jerry Ludwig's Blacklist Today, people point fingers and shout, terrorist! Not long ago, the accusation was Communist! Many who testified before the House UnAmerican Activities Committee said they did so out of desperation and fear. Those who refused to speak were fired or blacklisted. Others fled rather than betray friends...or their belief in American liberty. David Weber and Jana Vardian were Hollywood's golden children; their fathers, successful screenwriters, mingled with stars and studio moguls. Then HUAC shattered their idyll, sending David and his parents into exile in Europe; Jana's father testified and soon became a famous director. Returning to Los Angeles as an adult to bury his father, David comes to the attention of FBI agent Brian McKenna, who is still eager for a big case. The somewhat jaded McKenna remains eager for a big case. Jana Vardian watched her father torture himself after testifying; David's return painfully reminds her that she once believed in love and loyalty. When people with ties to HUAC and to David's father begin turning up dead, long-buried secrets are dragged into the open. McKenna quickly tags David as the prime suspect, but in a world where special effects can turn a man into a beast, Hollywood's sheen of glamour cannot long mask its dark past. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Unpacking the Blacklist G. Walter Bush, 2017-04-23 Want to see the series from a deeper perspective? Unpacking The Blacklist: Season One is the thinking Blacklisters’ dream. Appealing to the typical viewer, G. Walter Bush interprets the NBC series’ audio-visual text, focusing on facets of its plot, theme, characterization, imagery, soundtrack and cinematography that many don’t detect and mark the show as a

work of literary sophistication. The Season One volume focuses primarily on the debut season's four central characters: Raymond Reddington, Agent Elizabeth Keen, Tom Keen, and Special Agent Donald Ressler. Volumes on future seasons will feature increased attention to the supporting cast as individual characters enjoy enhanced development.

The Other Blacklist Mary Helen Washington, 2014-04-08 Mary Helen Washington recovers the vital role of 1950s leftist politics in the works and lives of modern African American writers and artists. While most histories of McCarthyism focus on the devastation of the blacklist and the intersection of leftist politics and American culture, few include the activities of radical writers and artists from the Black Popular Front. Washington's work incorporates these black intellectuals back into our understanding of mid-twentieth-century African American literature and art and expands our understanding of the creative ferment energizing all of America during this period. Mary Helen Washington reads four representative writers—Lloyd Brown, Frank London Brown, Alice Childress, and Gwendolyn Brooks—and surveys the work of the visual artist Charles White. She traces resonances of leftist ideas and activism in their artistic achievements and follows their balanced critique of the mainstream liberal and conservative political and literary spheres. Her study recounts the targeting of African American as well as white writers during the McCarthy era, reconstructs the events of the 1959 Black Writers' Conference in New York, and argues for the ongoing influence of the Black Popular Front decades after it folded. Defining the contours of a distinctly black modernism and its far-ranging radicalization of American politics and culture, Washington fundamentally reorients scholarship on African American and Cold War literature and life.

Broadway and the Blacklist K. Kevyne Baar,2019-01-21 During the era often commonly known as McCarthyism, many motion picture and television creators were blacklisted for supposed communist ties. There remained, however, a creative outlet that still welcomed these artists--theatre. This book explores the role theatre played during this turbulent period, covering the formation of the Theatre Guild (which

birthed the Group Theatre), the short-lived Federal Theatre Project, and the investigations of the motion picture and television industries, and Broadway, by the House Un-American Activities Committee (HUAC). Appendices discuss McCarthy's role and present the memos of investigator Dolores Faconti Scotti, along with a list of prominent witnesses in HUAC's Broadway hearings, and reactions by artists' unions in the decades following the blacklist.

The Bankers' Blacklist Julia C. Morse, 2022-01-15 In The Banker's Blacklist, Julia C. Morse demonstrates how the Financial Action Task Force (FATF) has enlisted global banks in the effort to keep bad money out of the financial system, in the process drastically altering the domestic policy landscape and transforming banking worldwide. Trillions of dollars flow across borders through the banking system every day. While bank-to-bank transfers facilitate trade and investment, they also provide opportunities for criminals and terrorists to move money around the globe. To address this vulnerability, large economies work together through an international standard-setting body, the FATF, to shift laws and regulations on combating illicit financial flows. Morse examines how this international organization has achieved such impact, arguing that

it relies on the power of unofficial market enforcement—a process whereby market actors punish countries that fail to meet international standards. The FATF produces a public noncomplier list, which banks around the world use to shift resources and services away from listed countries. As banks restrict cross-border lending, the domestic banking sector in listed countries advocates strongly for new laws and regulations, ultimately leading to deep and significant compliance improvements. The Bankers' Blacklist offers lessons about the peril and power of globalized finance, revealing new insights into how some of today's most pressing international cooperation challenges might be addressed.

Blacklisted! Larry Dane Brimner, 2018-10-09 A Kirkus Reviews Best Children's Book NEW FROM 2018 SIBERT MEDALIST LARRY DANE BRIMNER! Here is the story of 19 men from the film industry who were investigated for suspected communist ties during the Cold War, and the 10--known as the Hollywood Ten--who were blacklisted for standing up for their First Amendment rights and refusing to cooperate. World War II is over, but tensions between the communist Soviet Union and the US are at an all-time high. In America, communist threats are seen everywhere and a committee is formed in the nation's capital to investigate those threats. Larry Dane Brimner follows the story of 19 men--all from the film industry--who are summoned to appear before the House of Representatives Committee on Un-American Activities. All 19 believe that the committee's investigations into their political views and personal associations are a violation of their First Amendment rights. When the first 10 of these men refuse to give the committee the simple answers it wants, they are cited for contempt of Congress and blacklisted.

The Final Victim of the Blacklist Gerald Horne, 2006 John Howard Lawson was one of the most brilliant, successful, and intellectual screenwriters on the Hollywood scene in the 1930s and 1940s. This

Hollywood Exile, or How I Learned to Love the Blacklist Bernard Gordon, 2013-04-15 In this memoir, the American screenwriter recounts his time spent on the Hollywood blacklist in the mid-twentieth century. The Hollywood blacklist, which began in the late 1940s and ran well into the 1960s, ended or curtailed the careers of hundreds of people accused of having ties to the Communist Party. Bernard Gordon was one of them. In this highly readable memoir, he tells an engrossing insider's story of what it was like to be blacklisted and how he and others continued to work uncredited behind the scenes, writing and producing many box office hits of the era. Gordon describes how the blacklist cut short his screenwriting career in Hollywood and forced him to work in Europe. Ironically, though, his is a success story that includes the films *El Cid*, *55 Days at Peking*, *The Thin Red Line*, *Krakatoa East of Java*, *Day of the Triffids*, *Earth vs. the Flying Saucers*, *Horror Express*, and many others. He recounts the making of many movies for which he was the writer and/or producer, with wonderful anecdotes about stars such as Charlton Heston, David Niven, Sophia Loren, Ava Gardner, and James Mason; directors Nicholas Ray, Frank Capra, and Anthony Mann; and the producer-studio head team of Philip Yordan and Samuel Bronston. "Gordon's story is one of triumphing over adversity, as he managed to make a decent living and live a rather exotic life peopled with colourful characters, while maintaining his moral integrity. It's an inspiring, fascinating read." —Reel Ink "Gordon never pulls his punches in this anecdotal autobiography, filled with intimate details and vivid novelistic passages. A born storyteller, he writes with warmth and humor, and there's an

emotional edge to his razor-sharp recall.” —Publishers Weekly

High Noon Glenn Frankel, 2018-02-06 From the New York Times bestselling author of *The Searchers*, the revelatory story behind the classic movie *High Noon* and the toxic political climate in which it was created. It's one of the most revered movies of Hollywood's golden era. Starring screen legend Gary Cooper and Grace Kelly in her first significant film role, *High Noon* was shot on a lean budget over just thirty-two days but achieved instant box-office and critical success. It won four Academy Awards in 1953, including a best actor win for Cooper. And it became a cultural touchstone, often cited by politicians as a favorite film, celebrating moral fortitude. Yet what has been often overlooked is that *High Noon* was made during the height of the Hollywood blacklist, a time of political inquisition and personal betrayal. In the middle of the film shoot, screenwriter Carl Foreman was forced to testify before the House Committee on Un-American Activities about his former membership in the Communist Party. Refusing to name names, he was eventually blacklisted and fled the United States. (His co-authored screenplay for another classic, *The Bridge on the River Kwai*, went uncredited in 1957.) Examined in light of Foreman's testimony, *High Noon*'s emphasis on courage and loyalty takes on deeper meaning and importance. In this book, Pulitzer Prize-winning journalist Glenn Frankel tells the story of the making of a great American Western, exploring how Carl Foreman's concept of *High Noon* evolved from idea to first draft to final script, taking on allegorical weight. Both the classic film and its turbulent political times emerge newly illuminated.
