The Boat Alphabet Book Jerry Pallotta, 1998-07-01 Ahoy, mateys! Get on board! Boats and the need for them have been around for thousands of years. Reed boats might have been the first boat ever to be built. The Vikings built wooden ships that were strong and ornate. And now boats like an Aircraft Carrier house 6,000 people and can carry over 100 planes. In Jerry Pallotta's newest book we get to see an entire alphabet of floating wonders. David Biedrzycki has provided dramatic settings for a variety of boats and captures the mood of each body of water. In one he paints a calm lake where a red canoe glides across the water and in another the stormy swells of an angry ocean tossing a three-masted Xebec. The facts about each boat are sprinkled with traditional Pallotta humor.

Where Divers Dare Randall Peffer, 2016-04-05 In the tradition of *Shadow Divers*, this is the gripping true account of the search for German U-boat U-550, the last unfound, diveable wreck of a U-boat off the United States coast, and the battle in which it was sunk. On April 16, 1944, the SS Pan Pennsylvania was torpedoed and sunk by the German submarine U-550 off the coast of Nantucket, Massachusetts. In return the sub was driven to the surface with depth charges, and then sent to the bottom of the ocean by three destroyer escorts that were guarding the naval convoy. For more than sixty years the location of the U-boat's wreck eluded divers. In 2012, a team found it—the last undiscovered U-boat in dive-able waters off the Eastern Seaboard of the United States, more than three hundred feet below the surface. This is the story of their twenty-year quest to find this Holy Grail of deep-sea diving and their tenacious efforts to dive on this treacherous wreck—and of the stunning clash at sea that sealed its doom and brought the Battle of the Atlantic to America's doorstep.

The Open Boat Stephen Crane, 2020-09-14 None of them knew the colour of the

sky. Their eyes glanced level, and were fastened upon the waves that swept toward them. These waves were of the hue of slate, save for the tops, which were of foaming white, and all of the men knew the colours of the sea. The horizon narrowed and widened, and dipped and rose, and at all times its edge was jagged with waves that seemed thrust up in points like rocks. Many a man ought to have a bath-tub larger than the boat which here rode upon the sea. These waves were most wrongfully and barbarously abrupt and tall, and each froth-top was a problem in small boat navigation. The cook squatted in the bottom and looked with both eyes at the six inches of gunwale which separated him from the ocean. His sleeves were rolled over his fat forearms, and the two flaps of his unbuttoned vest dangled as he bent to bail out the boat. Often he said: Gawd! That was a narrow clip. As he remarked it he invariably gazed eastward over the broken sea. The oiler, steering with one of the two oars in the boat, sometimes raised himself suddenly to keep clear of water that swirled in over the stern. It was a thin little oar and it seemed often ready to snap. The correspondent, pulling at the other oar, watched the waves and wondered why he was there. - Taken from *The Open Boat* written by Stephen Crane

Sail Away, Little Boat Janet Buell, 2004-01-01 A toy sailboat encounters a variety of animals as it journeys down a brook, to the river, and finally to the ocean.

The Doctor Rocks the Boat Robin Hathaway, 2007-04-01 Like so many of Dr. Fenimore's adventures, trouble starts with a harmless idea. From his train window, the good doctor sees a single shell gliding on the surface of the Schuylkill River in Philadelphia, an image that stirs up fond memories of his rowing days. Rowing had been the perfect antidote to the hectic rush of medical school, and he wonders why he ever gave it up. He could also use some exercise, as Jennifer, his significant other, broadly hints. So with renewed dedication, he goes knocking on the office door at Boathouse Row to reenroll as a member of the Windsor Club. Charlie Ashburn, whom Dr. Fenimore knows from medical school, is running the club, and they catch up on lost time.

Charlie's son, Chuck, is a great rower and is currently training for the big regatta. Talking about Chuck makes Charlie swell with pride, but it makes Fenimore a little uneasy. Charlie was an incredibly talented rower himself but had to give it up because of a serious heart condition. Dr. Fenimore doesn't enjoy his membership for very long before he finds himself drawn into an Ashburn family problem. Charlie's wife comes to his office in secret and begs him to talk to Charlie about getting their son checked out by a doctor. To Dr. Fenimore's surprise, Charlie has been refusing to face the possibility that Chuck might have inherited the same heart defect he has. The doctor agrees to help, and his well-intentioned efforts put his own life at risk. In this fifth Fenimore episode, Robin Hathaway captures Philadelphia's exciting rowing scene and proves once again that when this doctor is in, it's great fun for all.

The Thousand Dollar Yacht Anthony Bailey,1996 The theme of the would-be yachtsman finding a builder to construct a small boat which met his requirements, but at a very reasonable cost, is a traditional one in sailing literature and the basis of this story, first published in the USA nearly 30 years ago.
