Robert M. Parker

Bordeaux Charles Cocks,1846

Bordeaux Robert M. Parker,1991 Parker's phenomenally successful first book, which established him as the most influential wine writer in the world today (Los Angeles Times), now completely updated. It is also expanded to contain discussions of 100 more chateaux and tasting notes for 1,000 more wines. Decorative art and maps.

Complete Bordeaux Stephen Brook,2017-05-25 The wines of Bordeaux are universally recognized as being among the finest in the world and in this fully revised and updated edition of his classic text, renowned wine expert Stephen Brook provides an unrivalled survey of the region and its wines. The Complete Bordeaux offers detailed information on the many communes and appellations of Bordeaux as well as descriptions and assessments of all its major properties. As well as incisive portraits of the leading properties and their produce, Stephen Brook provides a detailed look at Bordeaux's lesser-known areas and chateaux. There is also an invaluable vintage guide to the last four decades. Bordeaux encapsulates an incredible 13,000 wineries throughout 54 appellations and this book includes a thorough explanation of Bordeaux's history, terroir, and winemaking styles.

The Finest Wines of Bordeaux James Lawther,2010-09-07 Bordeaux has long symbolized the peak of prestige for French wine. Yet, despite its outstanding reputation, the region has remained relatively closed to consumers. This book identifies 90 producers from both the Left and Right banks with the finest wines, and takes us inside their chateaux. It also contains chapters on history and winemaking.

Bordeaux Robert M. Parker,2013-02-05 With this

fourth edition of the classic that launched his career, Parker strives to maintain his unprecedented independence, objectivity, clarity, and enthusiasm in reporting on the vintages of Bordeaux. Parker has not only added tastings for the vintages in the intervening years since the last edition, but he has also retasted and reevaluated a majority of the earlier vintages. His accessible and direct style welcomes both the seasoned wine collector and the eager beginner to the pleasures of fine wine and France's most illustrious chateau. Organized by appellation, Bordeaux moves alphabetically from one producer to the next, providing essential information and an overview of the property and its owners. Parker then lists each vintage, and includes numerical ratings and detailed tasting notes for most of that chateau's wines. At the end of each tasting note, Parker estimates the anticipated maturity—the range of time when the wine should peak in flavor and balance—and each entry concludes with a summary of the chateau's earlier vintages. Hailed by The New York Times as “the critic who matters most,” Robert Parker's Bordeaux is the most complete consumer's guide to the wines of Bordeaux ever written.

The Wines of Bordeaux Edmund Penning-Rowsell, 1972

Bordeaux; Its Wines, and the Claret Country Charles Cocks, 2013-09 This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1846 edition. Excerpt: ... for a considerable period infested and devastated by bodies of mercenary troops, or rather robbers, who resorted thither from all sides in order to sell their lives to Henry, and afterwards to his son Richard

Cœur-de-Lion, in fighting their battles against the kings of France. * Richard, who, as we know, had excited the whole province of Guienne to rebel against his father, regretted when too late the disorders that had accompanied his civil, or rather patricidal, warfare; the country was everywhere infested with robbers. f His brother and successor, John, having refused to appear before the French court, to answer the accusation of having murdered his nephew Arthur, was condemned to death, and his estates were confiscated to the crown of France. Philip Augustus, to execute this sentence, levied a numerous army, and seized upon almost the whole of John's continental dominions; but Guienne was spared, on condition that he would acknowledge fealty to Philip, A. D. 1208. In the first year of this reign, a maximum price was established for imported French wines: the value of a tun of Poitou wine, for instance, was fixed at twenty sous sterling; that of Anjou at * Hume, *History of the House of Plantagenet*, vol. i. p. 373.; Daniel, *Histoire de France*, vol. iii. p. 302.; Jouannet, &c. f Jouannet, p. 199. twenty-four sous; and all other French wines at twenty-five sous; unless the wine be so good that one be willing to give two marks and more for it. * The right of seizure, termed *prisa*, which entitled the king to two hogsheads of wine in every cargo, to be taken one fore and one aft, seems also to date from about the same period. f The unfortunate province, that had been so long suffering from the cruel depredations of the adventurers, was...

Oz Clarke's Bordeaux Oz Clarke, 2007-05 Bordeaux has always been the center of attention in the wine world, with some of the greatest wines, the most historic châteaux, and the highest level of glamour and prestige. And, despite increasing competition from new classic wine areas around the world, it still accounts for more than 90

percent of global wine futures and auction markets. In his trademark A-to-Z format, Oz profiles more than three hundred of Bordeaux's most important châteaux as well as their second wines and discount brands, and recommends and describes hundreds of other châteaux. With color photos, wine labels, charts, and maps throughout, this volume covers each of Bordeaux's subregions in sumptuous detail—fully exploring the area's history, geography, soils, and grape varieties. Oz is at his witty, incisive best on this region, which he has both championed and challenged for years. With his vivid descriptions of the area as well as his knowledge of classic and best-value wines, this is an essential book for all lovers of Bordeaux wine.

Visiting Bordeaux Albert Rèche, 1989

The Trip to Bordeaux Ludwig Harig, 2003 Fiction. Translated by Susan Bernofsky. Four adults, a child and a cat travel from Germany to Bordeaux. Harig tells their adventures in humorous permutations, word-games, Baroquisms, confrontations, catalogs: anything but straightforward narrative. Ludwig Harig was born in Sulzbach/Saarland in 1927. After being an assistant d'allemand in Lyon and a grade school teacher, he has, since 1974, lived as a freelance writer.

The Complete Bordeaux Stephen Brook, 2004-09-01 This high-level yet readable analysis of one of the world's most respected wine regions has been expanded; the first edition dealt only with the left bank, and this new edition adds coverage of the south bank of the river Bordeaux. It is

an all-embracing, comprehensive volume by an award-winning wine writer. Brook, whose books have received such prestigious awards as the Prix du Champagne Lanson, Glenfiddich, and Veuve Clicquot prizes, provides insider information about how the great Médoc, Graves, and other world-famous Bordeaux wines are produced, from the red Pauillac Cabernet Sauvignons to the sweet Sauterne whites. Detailed maps and photos cover the most famous châteaux and communes, as well as smaller specialists and newcomers worth watching.

What Price Bordeaux? Benjamin Lewin, 2009 The last two decades have seen a revolution in Bordeaux. *What Price Bordeaux?* takes a novel approach in explaining the forces responsible for this change. The top chateaux have been obtaining unprecedented prices for their wines, while at the same time smaller chateau owners are going bankrupt. Enormous changes in the production and style of wine have been accomplished by advances in viticulture and vinification coupled with climatic changes. The battle between modernists and traditionalists plays out through the garage wines, felt by some to be the newest wave, and by others to be a caricature of Bordeaux. Pulling together information from a variety of sources including the market in Bordeaux, changing patterns of ownership, and new possibilities in viticulture and vinification, and this book presents a unique overview of the forces making Bordeaux wine what it is today. The book considers the role of terroir, how events ranging from the phylloxera plague to global warming have changed the fundamental nature of Bordeaux, the mysteries of the en primeur system, the rising influence of oenologues and critics, the changing nature of the wine itself, and the rise and fall of various chateaux. A running theme is the powerful effect that the classification of 1855 continues to have on the chateaux of

both Left and Right Banks, and this and the other classification systems are considered before concluding with a new classification of the chateaux based on the existing market. Illustrated

Bordeaux Legends Jane Anson, 2012-11-08 For the first time, this book bangs together their separate stores into one sweeping saga - from the early days as Seigneuries owned by some of France's most powerful familles, to the dramas of the French Revolution, the 1855 Paris Exhibition where four of them were crowned as First Growths, and the determined efforts which saw Mouton Rothschild join them more than a century later. The book follows their progress up to where they stand today, as the world's most iconic wines. Bordeaux Legends tells not only their stories, but offers an insight into the obsessional detail that goes in to making the world's greatest wines, and explains the story of the Bordeaux wine trade through these five estates that have been at its heart for over 500 years. Alongside methodical primary research are revealing anecdotes and lively historical detail, enriched by Isabelle Rozenbaum's lavish photographs, and first-hand accounts from the châteaux owners, directors and staff, as well as those who work with them in Bordeaux, London, Hong Kong, the United States and further afield.

Bordeaux Chateaux Franck Ferrand, 2004-11-27 A historical tour of the most prestigious chateaux in the world's most popular wine-making region, Bordeaux Style brings the reader into the intimate interiors and tasting rooms of the chateaux. From gleaming black-and-white floor tiles to the graceful shadows cast by stone arches, from luxurious residences to musky wine cellars, these stunning photographs offer a taste of the rich culture behind these grand wines. In collaboration with Bordeaux's elite Conseil des Grands Crus Classes, this book is published to coincide with the 150th anniversary of the prestigious Grands Crus Classes wine classification system, created by Napoleon III for the 1855 Universal Exhibition in Paris. The original chateaux, selected for their excellence in wine making, included 61 from the Medoc region. The quality of their wines has stood the test of time remarkably well; and while many vineyards have changed hands-some several times over-the classification is still by and large a guarantee of excellent quality.
