Breaking and Dissipation of Ocean Surface Waves Alexander Babanin,2011-05-19 Wave breaking represents one of the most interesting and challenging problems for fluid mechanics and physical oceanography. Over the last fifteen years our understanding has undergone a dramatic leap forward, and wave breaking has emerged as a process whose physics is clarified and quantified. Ocean wave breaking plays the primary role in the air-sea exchange of momentum, mass and heat, and it is of significant importance for ocean remote sensing, coastal and ocean engineering, navigation and other practical applications. This book outlines the state of the art in our understanding of wave breaking and presents the main outstanding problems. It is a valuable resource for anyone interested in this topic, including researchers, modellers, forecasters, engineers and graduate students in physical oceanography, meteorology and ocean engineering.

Breaking the News Alex Marlow,2021-05-18 From the editor in chief of Breitbart News, the New York Times bestselling “must-read” (Sean Hannity) investigation into how the establishment media became weaponized against Donald Trump and his supporters on behalf of the political left. In this timely and “important book” (Glenn Beck), Marlow explains how the establishment press destroyed its own credibility with a relentless stream of “fake news” designed to smear Donald Trump and his supporters while advancing a leftist agenda. He also reveals key details on how our information gatekeepers truly operate and why America’s “fake news” moment might never end. Breitbart—and Trump—began banging the drum about “fake news” during the 2016 election, and it resonated with millions of voters because they intuitively knew the corporate media was willing to say or write anything to achieve their political ends. It’s a battle cry that continues to this day. Deeply researched and eye-opening, Breaking the News rips back the curtain on the inner workings of how the establishment media weaponizes information to achieve their political and cultural ends.

Lorentz Symmetry Breaking—Classical and Quantum Aspects Tiago Mariz,Jose Roberto Nascimento,Albert Petrov,2023-01-09 This book presents a review of various issues related to Lorentz symmetry breaking. Explicitly, we consider (i) motivations for introducing Lorentz symmetry breaking, (ii) classical aspects of Lorentz-breaking field theory models including typical forms of Lorentz-breaking additive terms, wave propagation in Lorentz-breaking theories, and mechanisms for breaking the Lorentz symmetry; (iii) quantum corrections in Lorentz-breaking theories, especially the possibilities for perturbation generating the most interesting Lorentz-breaking terms; (iv) correspondence between non-commutative field theories and Lorentz symmetry breaking; (v) supersymmetric Lorentz-breaking theories; and (vi) Lorentz symmetry breaking in a curved space-time. We close the book with the review of experimental studies of Lorentz symmetry breaking. The importance and relevance of these topics are explained, first, by studies of limits of applicability of the Lorentz symmetry, second, by searches of the possible extensions of the standard model, including the Lorentz-breaking ones, and need to study their properties, third, by the relation between Lorentz symmetry breaking with string theory, fourth, by the problem of formulating a consistent quantum gravity theory, so that various modified gravity models are to be examined.

Breaking the Rules Fil Anderson,2011-03-16 After years of living with a set of religious demands that he could never live up to, Fil Anderson found himself spiritually bankrupt and emotionally drained. Following a crash-and-burn in professional ministry, he experienced relief in learning to be with God rather than doing for God. Instead of desperation, he found healing, and a rich new life with God.In Breaking the Rules, Fil invites us to explore what happens when good religion turns bad. At such times we are weighed down with expectations of what it takes to be right with God--whether it is the expectations of others, holding up under pressure, fixing what's wrong or accomplishing big things for God.When we set aside this false agenda, we find the courage to confess our fears and insecurities. We taste the depths of God's love for us. Here is an opportunity to quit trusting in your own ability to live for God, and simply trust in God instead.

Breaking Free of Bullying Dr. Bria Bliss,2017-06-26 Breaking Free of Bullying began when my own career as a teacher was threatened after twenty years of loyal service, by a boss who deemed me as an unprofessional teacher and who felt my job performance was unsatisfactory after only two years as principal. I began to feel targeted

when I was constantly asked to come into the office for discussions that had to do with complaints from parents and staff members. The principal at that time was using me as a scapegoat to further her own agenda of climbing the corporate ladder to the district office. I was an easy target because I was an outspoken educator who fought for injustices as a union representative. *Breaking Free of Bullying* is an interactive book that is written for children, teenagers, and adults who feel they are being bullied in some way or another. This book will ask emotional questions that are meant to provoke deep reflection. Through the use of mindfulness education (ME), this book will allow you to write out your feelings, ideas, and imaginary details. Likewise, this book will give you an opportunity to express the true emotions you are experiencing with those who are bullying you.

The Breaking News Sarah Lynne Reul, 2018-04-10 When devastating news rattles a young girl's community, her normally attentive parents and neighbors are suddenly exhausted and distracted. At school, her teacher tells the class to look for the helpers—the good people working to make things better in big and small ways. She wants more than anything to help in a BIG way, but maybe she can start with one small act of kindness instead . . . and then another, and another. Small things can compound, after all, to make a world of difference. *The Breaking News* by Sarah Lynne Reul touches on themes of community, resilience, and optimism with an authenticity that will resonate with readers young and old.

The Beauty in Breaking Michele Harper, 2021-06-29 A NEW YORK TIMES BESTSELLER A New York Times Notable Book “Riveting, heartbreaking, sometimes difficult, always inspiring.” –The New York Times Book Review “An incredibly moving memoir about what it means to be a doctor.” –Ellen Pompeo As seen/heard on Fresh Air, The Daily Show with Trevor Noah, NBC Nightly News, MSNBC, Weekend Update, and more An emergency room physician explores how a life of service to others taught her how to heal herself. Michele Harper is a female, African American emergency room physician in a profession that is overwhelmingly male and white. Brought up in Washington, D.C., in a complicated family, she went to Harvard, where she met her husband. They stayed together through medical school until two months before she was scheduled to join the staff of a hospital in central Philadelphia, when he told her he couldn't move with her. Her marriage at an end, Harper began her new life in a new city, in a new job, as a newly single woman. In the ensuing years, as Harper learned to become an effective ER physician, bringing insight and empathy to every patient encounter, she came to understand that each of us is broken—physically, emotionally, psychically. How we recognize those breaks, how we try to mend them, and where we go from there are all crucial parts of the healing process. *The Beauty in Breaking* is the poignant true story of Harper's journey toward self-healing. Each of the patients Harper writes about taught her something important about recuperation and recovery. How to let go of fear even when the future is murky: How to tell the truth when it's simpler to overlook it. How to understand that compassion isn't the same as justice. As she shines a light on the systemic disenfranchisement of the patients she treats as they struggle to maintain their health and dignity, Harper comes to understand the importance of allowing ourselves to make peace with the past as we draw support from the present. In this hopeful, moving, and beautiful book, she passes along the precious, necessary lessons that she has learned as a daughter, a woman, and a physician.

Breaking Blue Sean "Sticks" Larkin, 2021-06-15 *Breaking Blue* is the first book that shares real stories of cops accused of wrongdoing and subsequently cleared. Charges may have been brought against them, Internal Affairs may have started an investigation, but in many cases, thanks to the officers body cam or dashcam videos, the true story came to light, with charges ultimately dismissed or initial convictions overturned. Sergeant Sean Sticks Larkin of the Tulsa Police Department Gang Unit and host of A&E show *Live PD*, presents real stories of officers falsely accused... including his own--

Breaking Point Suzanne Brockmann, 2006-07-25 Uncommon valor in the line of duty and unconditional devotion in the name of love are the salient qualities of the daring men and women who risk it all in the heart-pounding thrillers of New York Times bestselling author Suzanne Brockmann. Crafted with precision and power, her characters come alive with a depth of emotion few writers have achieved. Now, with *Breaking Point*, Brockmann breaks even further through the pack and delivers a stunning payload. As commander of the nation's most elite FBI counterterrorism unit, agent Max Bhagat leads by hard-driving example: pushing himself to the limit and beyond, taking no excuses, and putting absolutely nothing ahead of his work. That includes his deep feelings for Gina Vitagliano, the woman who won his admiration and his heart with her courage under fire. But when the shocking news reaches him that Gina has been killed in a terrorist bombing, nothing can keep Max from making a full investigation—and retribution—his top priority. At the scene of the attack, however, Max gets an even bigger shock. Gina is still very much alive—but facing a fate even worse than death. Along with Molly Anderson, a fellow overseas relief worker, Gina has fallen into the hands of a killer who is bent on using both women to bait a deadly trap. His quarry? Grady Morant, a.k.a “Jones,” a notorious ex-Special Forces operative turned smuggler who made some very deadly enemies in the jungles of Southeast Asia . . . and has been running ever since. But with Molly's life on the line, Jones is willing to forfeit his own to save the woman he loves. Together with Max's top agent Jules Cassidy as their only backup, the unlikely allies plunge into a global hot zone of violence and corruption to make a deal with the devil. Not even Jones knows which ghosts from his past want him dead. But there's one thing he's sure of—there's very little his bloodthirsty enemies aren't willing to do. Count on the intense action and raw honesty that Suzanne Brockmann consistently delivers, as she goes for broke in *Breaking Point*—and never looks back.

Break Florian Ledoux, Cédric Liano, 2019-06-11 T00:00:00+02:00 Une histoire du Hip-Hop « Et une fois qu'ils avaient entendu ça, c'était plié, impossible de revenir en arrière. Ils voulaient constamment entendre break sur break. » DJ Kool Herc Fin des années 60, South Bronx, New York, un quartier et des familles laissés à l'abandon. Marcus et Aaron, deux frères, grandissent dans un climat de violence sociale. En pleine guerre des gangs, chacun va chercher dans la rue, à sa manière, comment survivre. Marcus est de toutes les blocks parties et s'embarque corps et âme dans la danse. Aaron quant à lui trouve refuge dans le graffiti. Entre fiction et récit historique documenté, on (re)découvre, à travers les yeux de Marcus et Aaron, comment l'énergie créatrice de jeunes du Bronx a donné naissance au DJing, au rap, au breakdance ou encore au graffiti. Breaking Borders Kate Isler, 2021-03-02 Kate Isler's incredible story demonstrates how women can stop self-selecting out of opportunities and take the leap of faith to accomplish their dreams. Kate Isler navigated the male-dominated culture of the technology industry, breaking new global markets for Microsoft in their fast-paced, hyper-growth startup years in some of the most challenging regions in the world – all without a college degree or resources that many believe are necessary for success. Kate's story is a fascinating adventure from her years as a naïve young adult through her unexpected global career at a time when corporations weren't hiring women to represent their companies overseas. In **Breaking Borders**, Kate candidly shares: Her moments of success, failure, and very public mistakes. The struggle she faced to pivot her career in a completely new direction. How she overcame the disappointment of a failed startup by channeling her passion for supporting women. Her mission to inspire other women by building Be Bold, a women's advocacy non-profit, from the ground up. Kate's story is a guide for women who want to stop self-selecting out of opportunities because they assume they don't have the right education, connections, or skills to take a chance.
