**Broward County** Seth H. Bramson,2017-10-16 Broward County came into existence on October 1, 1915, when Dade and Palm Beach Counties were partitioned to form a new county. Named for early-20th-century Florida governor Napoleon Bonaparte Broward, the county has grown to become renowned for nationally acclaimed restaurants, residential areas, colleges, universities, and shopping along Las Olas Boulevard in Fort Lauderdale. A major American metropolitan area, Broward County today is home to a branch of Florida International University, as well as the campuses of Nova Southeastern University, Broward College, and Florida Atlantic University. As of 2016, the population of Broward County was approximately 1.8 million people, making it Florida's second-most populous county and the 17th-most populous in the United States.

Broward Community College Cynthia Thuma,2002 Since its establishment in 1959, Broward Community College continues to strive for excellence in education. In August 1960, the doors of the Junior College of Broward County were opened to 701 students served by 28 faculty members. Classes were offered in buildings that were formerly part of the Fort Lauderdale Naval Air Station on the grounds of what is presently Fort Lauderdale/Hollywood International Airport. Now more than 40 years later, BCC remains the principal provider of undergraduate higher education. BCC attracts a diverse student body, provides a curriculum responsive to needs of the community and changes in technology, and is now one of the largest community colleges in the state and nation. Images in Broward Community College highlight the school's creation, expansion, and continued growth. Black-and-white photographs showcase the students-among them well-known graduates like Maryland's governor Parris Glendening and novelist Rita Mae Brown; the presidents who have led the college over the years; faculty and staff members; organizations; teams; and events that make BCC what it is today.

**Broward County** Susan Gillis,2005 In 1915, the South Florida communities of Fort Lauderdale, Dania, Pompano, Hallandale, Deerfield, and Davie joined together to form a county. They named it Broward, in honor of the governor whose Everglades drainage program had brought them such prosperity. Today, Broward is Florida's second largest county, with 1.6 million people. Photographer Aaron Eugene Hyde came to Fort Lauderdale in 1933, at the age of 16, to begin a 40-year career, serving as one of the county's few professional photographers and the photographer for the Broward edition of the Miami Herald. Gene recorded fascinating people, places, and times pivotal in the county's development. His photos evoke nostalgia for the not-that-distant past, a way of life Broward County residents will never see again.

Ghosts and Mysteries of Broward County Dorothy Salvo Davis,W.C. Madden,2010-08-27 Residents of and visitors to Broward County might not realize how many haunting tales are connected to the many popular beaches, roadways and destinations here. What really happened to six aircraft that went missing in what might be one corner of the Devil's Triangle? Does a shape-shifting panther man lurk in the wild places off the Dixie Highway? Just how many startling specters have appeared over the years at the county's restaurants, inns and buildings? Authors Dorothy Salvo Davis and W.C. Madden reveal these stories and more in Ghosts and Mysteries of Broward County.

**Grandma Gatewood's Walk** Ben Montgomery,2014-04-01 Winner of the 2014 National Outdoor Book Awards for History/Biography Emma Gatewood told her family she was going on a walk and left her small Ohio hometown with a change of clothes and less than two hundred dollars. The next anybody heard from her, this genteel, farm-reared, 67-year-old great-grandmother had walked 800 miles along the 2,050-mile Appalachian Trail. And in September 1955, having survived a rattlesnake strike, two hurricanes, and a run-in with gangsters from Harlem, she stood atop Maine's Mount Katahdin. There she sang the first verse of America, the Beautiful and proclaimed, I said I'll do it, and I've done it. Grandma Gatewood, as the reporters called her, became the first woman to hike the entire Appalachian Trail alone, as well as the first person—man or woman—to walk it twice and three times. Gatewood became a hiking celebrity and appeared on TV and in the pages of Sports Illustrated. The public attention she brought to the little-known footpath was unprecedented. Her vocal criticism of the lousy, difficult stretches led to bolstered maintenance, and very likely saved the trail from extinction. Author Ben Montgomery was given unprecedented access to Gatewood's own diaries, trail journals, and correspondence, and interviewed surviving family members and those she met along her hike, all to answer the question so many asked: Why did she do it? The story of Grandma Gatewood will inspire readers of all ages by illustrating the full power of human spirit and determination. Even those who know of Gatewood don't know the full story—a story of triumph from pain, rebellion from brutality, hope from suffering.
