Friends John R. Erickson,2002 Here under one cover are the collected writings of John R. Erickson about characters who have entered his life on the High Plains country of the Texas Panhandle. Erickson writes with authority about ranching and cowboying in the modern era, always with an eye for the humor of everyday incidents. Some of his friends are widely known, such as artist Ace Reid and noted fiddle player Frankie McWhorter. Others are cowboys who work the big ranches between the Canadian and Beaver Rivers. They share the stage with some of Erickson's four-legged friends: the Phantom Cow, Texie, the Incredible Burping Dog, an Arabian horse called Dandy, Callie the cat, and Eddy the raccoon.

Among friends? Agnes Brandt,2013-03-12 Relationships are the glue that holds the world together. As the author shows, this common belief applies to ancient Greece as much as to contemporary Aotearoa New Zealand. Based on long-term ethnographic fieldwork, this anthropological study dedicates itself to the topic of friendship – this flexible type of sociality that has become increasingly significant in people's lives throughout the world. At the core stand the friendship conceptions and life-worlds of Maori and Pakeha actors in New Zealand. By tracing out people's friendship worlds in their wider societal context, the author takes up current debates surrounding issues of identity and sociality, indigeneity and diversity. By furthering our understanding of the social dynamics of friendship in New Zealand, the study not only contributes to the growing field of friendship research, it also reveals important implications for the understanding of group relations in a postcolonial, so-called multicultural society.

Some of My Friends Are. Deborah Plummer,2019-01-22 Examines why it's difficult to form friendships with people of different races, how we can make those connections, and how they will encourage more meaningful conversations about race. Surveys have shown that the majority of people believe cross-racial friendships are essential for improving race relations. However, further polling reveals that most Americans tend to gravitate toward friendships within their own race. Psychologist Deborah L. Plummer examines how factors such as leisure, politics, humor, faith, social media, and education influence the nature and intensity of cross-racial friendships. Inspiring and engaging, Plummer draws from focus groups, statistics, and surveys to provide insight into the fears and discomforts associated with cross-racial friendships. Through personal narratives and social analyses of friendship patterns, this book gives an insightful look at how cross-racial friendships work and fail within American society. Plummer encourages all of us to examine our friendship patterns and to deepen and strengthen our current cross-racial friendships.

Last Call Shelli Stevens,2018-05-14 Aleck McLaughlin has three major reasons to keep his hands off Delonna. One, he's her boss. Two, she's ten years younger. Three, he's sworn to never again leave his heart vulnerable. But then her ex boyfriend steals her money and skips town, leaving her with his gambling debt and a loan shark determined to collect. Aleck's protective instincts kick in and he realizes he'll do anything to keep Delona safe, even if that means moving her into his house and whisking her away to his ancestral home in Scotland. Delonna's parents' spendthrift ways taught her to work hard for her financial independence. She loves being a bartender on Whidbey Island and hopes to open her own pub one day. When her boss—her very hot and sexy boss—steps in to save her from themess and danger her ex left behind, Delonna says no. She's as used to calling her own shots as she is pouring them...Too bad Aleck doesn't take no for an answer when Delonna's safety's involved. But just as Delonna starts to say yes, they both find themselves in trouble that has nothing to do with a skipped debt.
