**Born in Cambridge** Karen Weintraub, Michael

Kuchta, 2022-05-03 Anne Bradstreet, W.E.B. Du Bois, gene editing, and Junior Mints: cultural icons, influential ideas, and world-changing innovations from Cambridge, Massachusetts. Cambridge, Massachusetts is a city of “firsts”: the first college in the English colonies, the first two-way long-distance call, the first legal same-sex marriage. In 1632, Anne Bradstreet, living in what is now Harvard Square, wrote one of the first published poems in British North America, and in 1959, Cambridge-based Carter’s Ink marketed the first yellow Hi-liter. W.E.B. Du Bois, Julia Child, Yo-Yo Ma, and Noam Chomsky all lived or worked in Cambridge at various points in their lives. *Born in Cambridge* tells these stories and many others, chronicling cultural icons, influential ideas, and world-changing innovations that all came from one city of modest size across the Charles River from Boston. Nearly 200 illustrations connect stories to Cambridge locations. Cambridge is famous for being home to MIT and Harvard, and these institutions play a leading role in many of these stories—the development of microwave radar, the invention of napalm, and Robert Lowell’s poetry workshop, for example. But many have no academic connection, including Junior Mints, Mount Auburn Cemetery (the first garden cemetery), and the public radio show Car Talk. It’s clear that Cambridge has not only a genius for invention but also a genius for reinvention, and authors Karen Weintraub and Michael Kuchta consider larger lessons from Cambridge’s success stories—about urbanism, the roots of innovation, and nurturing the next generation of good ideas.

*History of Cambridge, Massachusetts, 1630-1877, Volume 1*

Lucius R. Paige, 2017-05-27 The History of Cambridge was originally published in 1877. Besides the historical narrative in this volume, the second volume contains a very full and carefully compiled Genealogical Register of the early settlers and their descendants. These volumes are, in the most essential respects, models of what a town history should be. They contain the most important information obtainable from the sources then open to the author, and this is presented in a clear and concise narrative. In the estimation of those most competent to pass judgment, these volumes are authorities. But they are something more than authorities. They not only instruct; they inspire. Nobody deserves the privilege of growing up in this city who does not make himself familiar with these books. They are epitomes of the history, not only of this town, but of a good many other Puritan towns. It fills this place with memories of by-gone scenes and deeds which were precious to the people of those times, and are precious still to us, their descendants or successors.

**Cambridge** Susanna Kaysen, 2014 Two family sabbaticals across the Atlantic and a brilliant orchestra conductor shape the perspectives of a young woman from 1950s Harvard Square, who develops new ways of thinking about music, love, and art while struggling with feelings of being a perpetual outsider.

**The Cambridge Companion to Christopher Marlowe**

Patrick Cheney, 2004-07-15 The Cambridge Companion to Christopher Marlowe provides a full introduction to one of the great pioneers of both the Elizabethan stage and modern English poetry. It recalls that Marlowe was an inventor of the English history play (Edward II) and of Ovidian narrative verse (Hero and

Leander), as well as being author of such masterpieces of tragedy and lyric as Doctor Faustus and 'The Passionate Shepherd to His Love'. Sixteen leading scholars provide accessible and authoritative chapters on Marlowe's life, texts, style, politics, religion, and classicism. The volume also considers his literary and patronage relationships and his representations of sexuality and gender and of geography and identity; his presence in modern film and theatre; and finally his influence on subsequent writers. The Companion includes a chronology of Marlowe's life, a note on reference works, and a reading list for each chapter.

**The Cambridge Companion to the Sonnet** A. D. Cousins, Peter Howarth, 2011-02-03 Beginning with the early masters of the sonnet form, Dante and Petrarch, the Companion examines the reinvention of the sonnet across times and cultures, from Europe to America. In doing so, it considers sonnets as diverse as those by William Shakespeare, William Wordsworth, George Herbert and e. e. cummings. The chapters explore how we think of the sonnet as a 'lyric' and what is involved in actually trying to write one. The book includes a lively discussion between

three distinguished contemporary poets - Paul Muldoon, Jeff Hilson and Meg Tyler - on the experience of writing a sonnet, and a chapter which traces the sonnet's diffusion across manuscript, print, screen and the internet. A fresh and authoritative overview of this major poetic form, the Companion expertly guides the reader through the sonnet's history and development into the global multimedia phenomenon it is today.
